14:12:54 From Ryan : Eastern Market Partnership has not furloughed staff, but many of our hourly people are seeing declining hours with fewer events and limited market activities (but the Saturday markets are still happening). Our cash flow is not yet severely impacted, as much of our operating philanthropic funds were received in the last few months. But we are adjusting our expectations for philanthropy for the rest of the year. Luckily, several foundations have allowed restricted grants to be used for general operating support at this time.

14:13:13 From Holly Windram : If anyone needs volunteers, we have members who could serve! Connect with me offline!

14:13:27 From deborahvigliarolo : Is anyone sending out anything to their donors about your plan or just to touch base?
