

**AFP GDC Workshop: Making a Successful Fundraising Career Move During a Pandemic
July 23, 2020**

- 00:36:54 Karen Shellie: she is now with catholic charities
- 00:37:53 Giuseppe Rizza: Even as a CDO, it's important to spend approximately 50% of your time in major and principal gift fundraising, as well as doing your executive suite duties.
- 00:58:11 pmd: thoughts on presenting yourself as a contractor/part-time role in this time of COVID (obviously if you can swing benefits etc)? would this be attractive in short-term for cash-strapped orgs and uncertain times?
- 00:59:41 Stephen Ragan: While I think completing the CFRE is very valuable as a professional development opportunity, I have never been asked about it when pursuing a job. And, to be honest, I have never asked anyone.
- 01:02:09 Giuseppe Rizza: I did an interim engagement with a major healthcare organization last year, approximately for 5 months, while they searched for their development leaders/team. Any thoughts on this?
- 01:02:13 Mary: What is the recommended follow-up after an interview? What helps you to stand out?
- 01:08:00 pmd: How far back in years should we go back in resume
- 01:11:37 Mary: Who will be serving as a career coach? It would be awkward to have it be your current supervisor....
- 01:15:14 Charmaine: thanks
