

Logos Academy is an accredited, independent school, and a nationally recognized, innovative leader in offering a unique brand of transformative urban education. Located within one of PA's lowest performing public school districts, Logos Academy has sustained success in closing the achievement gap that is so often seen nationally for students in poverty. Producing noteworthy results, 2018 graduates of Logos Academy scored the highest SAT averages across two counties when compared to most recently published results for public schools. Missionally committed to remaining extremely affordable for families, Logos Academy offers substantial student scholarships, bringing the average tuition down to less than \$2,000 per student. Logos Academy earned Middle States Accreditation (MSA) in the spring of 2017. In the oral report, the MSA visiting team said, "Many schools claim to change lives; clearly Logos Academy does change lives." Our leadership is consistently sought out to consult other schools on matters of leadership, governance, fundraising, trauma-informed practices, and a variety of other school matters.

Mission Statement

Logos Academy, an urban, Kingdom school grounded in the love of Christ, educates for excellence, offers opportunity, and cultivates hope in our community.

Logos Academy is looking to fill the following positions:

Individual Giving Officer

Seeking an experienced, relationship-driven fundraising professional to strategically manage and grow a portfolio of individual donors, maintain a community presence by networking, facilitate planned giving conversations, and work collaboratively with an annual giving program.

Advancement Coordinator

Seeking an experienced administrator who can manage multiple projects, having some fundraising and event planning experience and excellent communication skills to provide project support to the VP of Advancement for a Capital Campaign and fundraising events and initiatives.
