These names that can now be found on every social media feed, on the news, in the paper, represent 10 amazing lives that were cut short, far too soon. As we learn more about the victims of the Boulder King Soopers shooting, we learn of their involvement in the community, love of the CU Buffs, and volunteerism with local organizations.

To the fundraisers and nonprofit leaders in Boulder, AFP Colorado Chapter stands with you during this time of great tragedy. We know that the nonprofit community is on the front lines in so many ways, from incident response to crisis counseling to victim advocacy and so much more. We also know that in a small and tight-knit community each of you is suffering tremendous grief of your own.

To the family, friends and community impacted by these lost lives, we mourn with you.
