ReFUND CO Discussion

Donate to a Colorado Nonprofit (also known as ReFUND CO) enables taxpayers to donate all or a portion of their state income tax refund to an eligible nonprofit. This year, 5,870 nonprofits are eligible. Last fiscal year, Coloradans donated \$168,975 to 434 nonprofits. The state refunded almost **two billion dollars** in 2022. Clearly, donations from tax refunds offer nonprofits a chance to appeal to donors at tax time.

Please join us on January 18th for a discussion about ReFUND CO. Unfamiliar with the program? Learn more about this fundraising opportunity! Has your organization promoted ReFUND CO? If so, what outreach messages worked and didn't work? If not, what are your hesitations? How can nonprofits engage their donors to take advantage of this tool?
