

A toast to the AFP Community: members, community of nonprofit professionals, volunteers, sponsors, board members and staff

Throughout this challenging year you have provided consistent, steadfast support to the organizations and missions you serve, encouragement for your colleagues in the nonprofit sector, asked hard questions and sought better answers. You have been resilient, creative and strong.

Thank you for all you do, every day, to make Colorado a great place to live and work. Your work strengthens the nonprofit sector, our organizational missions, our reach into the communities we serve and the impact we make. As we begin a new year, AFP Colorado looks forward to continuing to build and strengthen these partnerships. There is still much work to do, and AFP looks forward to working with this community for a brighter and more equitable future.

Happy new year, AFP Community, and cheers to you for all the good you bring to the world!
