## ICYMI – An Update Job Postings and Equity

# in the Profession from AFP Global

AFP Global is encouraging more transparency in salary ranges for nonprofit jobs, and starting November 1 this year, AFP Global will require all positions posted on the AFP Global Career Center to include salary information.

Requiring salary ranges in job postings encourages transparency and accountability from organizations, promotes equity in the sector and enables realistic expectations from the beginning so that no one is left spending valuable time on a position that doesn't meet their salary needs.
