Partner Event

January Education Session

Join us as we partner with CPGR for this upcoming event:

*The 2022 Economic Outlook for the U.S. and Colorado*

What lies ahead for the U.S. and Colorado economies in 2022? Based on the 57th annual Colorado Business Economic Outlook prepared by the CU Leeds School of Business, this forecast analyzes changes that have taken place in all economic sectors during the past year, and looks at the events and activities that will shape the changes in our population, employment, and overall economy for the coming year. In a year of incredible disruption how long will it take to heal the economy? What changes caused by the disruption are likely to last even after “normal” life returns.

Begin the New Year by joining *Dr. Richard L. Wobbekind*, University of Colorado’s leading economist, for an insightful presentation on
where the nation’s economy is headed and what that might mean for Colorado, philanthropy and your organization.

CPGR will closely monitor and follow CDC guidelines regarding in-person events and make adjustments accordingly.

**Masks will be required.**
