Boulder JCC

Hello friends and family,

We have decided to raise funds to help build a new JCC campus for the entire community in Boulder. We have each made a contribution from our Tzeddakah fund and would welcome your support! Even \$5.00 can help us reach our goal by the end of the year. When you come to visit us in Colorado we can show you around the wonderful campus that you are helping us build.

Thank you for your support,
Nadiv and Matan

The image shows the exterior of a modern building at dusk. The building features a mix of materials, including light-colored stone or brick on the right and darker, possibly metal or dark wood, on the left. Several windows are visible, some of which are illuminated from within. A paved walkway leads towards the building, flanked by some landscaping including small trees and shrubs. The sky is a deep blue with some clouds. Large white text is overlaid on the image.
