# Assistive Technology Resources

Creating Accessible Power Points

Review this how-to presentation on [Creating Accessible Power Points](#) from the Great Lakes ADA Resource Center.

Digital Accessibility Tutorials – from the Office of Civil Rights

The [OCR Video Series](#) consists of 19 tutorials that explain digital accessibility related to:

- The Importance of Manual Testing for Digital Accessibility
- Keyboard Access and Visual Focus Indicators
- Testing When the Screen is Magnified
- Fillable Forms
- Use of Color Alone to Convey Information
- And more…

Each video is under 6 minutes in length & open-captioned.

The United States Access Board

The U.S. Access Board is a federal agency that promotes equality for people with disabilities through leadership in accessible design and the development of accessibility guidelines and standards.
