MATERIALS WITHIN THE COURSE MUST BE ACCESSIBLE

All videos, podcasts or audio files played during class or assigned for students to view outside of the classroom must be captioned. Without closed captioning, these will be a barrier for students who are hearing impaired. The captions also allow students with

If a chart of image is utilized in a presentation or assignment, the instructor should provide a verbal description.

Provide reading materials in a digital format. This will allow students to use text-to-speech, along with enlarge the text and choose different screen colors/contrast.
