Conference Civility Statement
We ask you to join us in creating a culture that reflects...
Access and Inclusion
and
Civility and Respect
...this week and in all aspects of our organization.

What is Intersectionality?
Let’s Define it

- The interplay of forced and chosen roles people have and how they impact their life experience and interactions with their community.

Let’s Define it...Again!

- The impact to your life experience based on forced and chosen roles as they interplay with each other.

Disability is a Major Intersection

When thinking about 2 year colleges, what intersectionality’s did we miss?

Let’s Discuss it

• Ground Rules:
  • We will be discussing 3 questions in groups: 25 minute discussion per question
  • 15 minutes to discuss and record your thoughts
  • 10 minutes to report out
  • Then you will be asked to move around the room to another group of people for the next question.

Pass the Buck!

• If your group does not have thoughts to report out
• If you or your group has a thought to add to the current discussion
Question 1:
How does open enrollment impact the environment of a community college in terms of intersectionality? (strengths or challenges).

Response Padlet

Question 2:
Based on the strengths and challenges you discussed, what strategies have you used at your institution to create a welcoming environment for all visitors?

Response Padlet

Question 3:
How can we use our unique institutional philosophy as a community college to help our regional community understand and embrace intersectionality?
