# ***DeafTEC™: Technical Education Center for Deaf and Hard-of-Hearing Students***

Hosted by: **RIT** | National Technical  
Institute for the Deaf

***DeafTEC™: Technical Education Center for Deaf and Hard-of-Hearing Students*** is a National Science Foundation (NSF) Advanced Technological Education Resource Center (Award #1902474).

The goal of DeafTEC is to increase the number of deaf and hard-of-hearing individuals in highly skilled technician jobs in which there continues to be underrepresentation and underutilization of such individuals in the workplace. DeafTEC serves as a national resource for high schools and community colleges that educate deaf and hard-of-hearing students in STEM-related programs and for employers hiring deaf and hard-of-hearing individuals.
