Background - Founder's Story

Meet our Co-founder & CEO

Ian Kunkes, Ed.D.

Background - Founder's Story

1. How can I better support my team as caseloads increase and become more complex, while we all are experiencing compassion fatigue and burnout?
1. Where can I find the expertise I need as our profession experiences record burnout and turnover?
1. Will I get the budget approval for more people or am I going to have to continue to do more with less?
1. Even if I have the resources and support, how long will it take to recruit, hire, and train the right people?
