2025 Remote Scanning Survey

Results

Are you an AHRA or RBMA member?

Answered: 179 | Skipped: 0

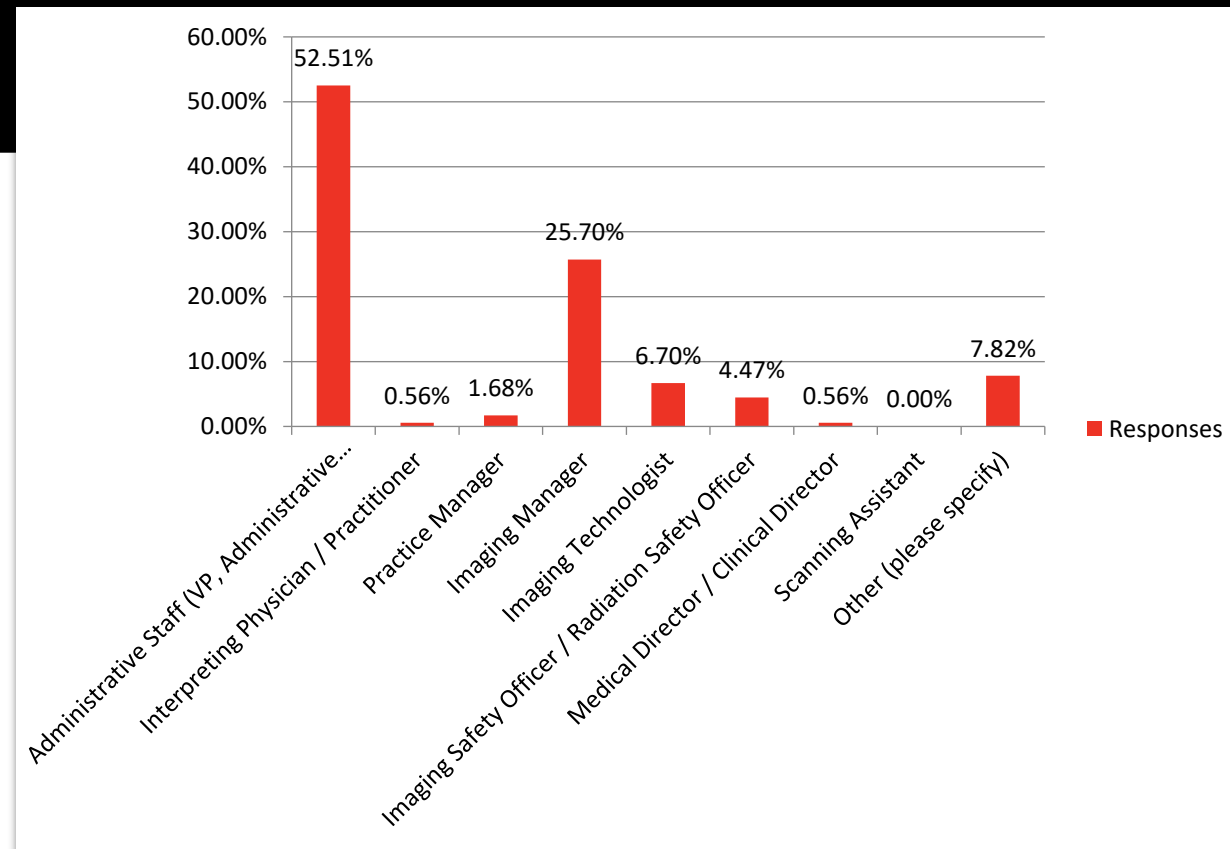

Question 2

Please identify your primary role in your organization? (select one)

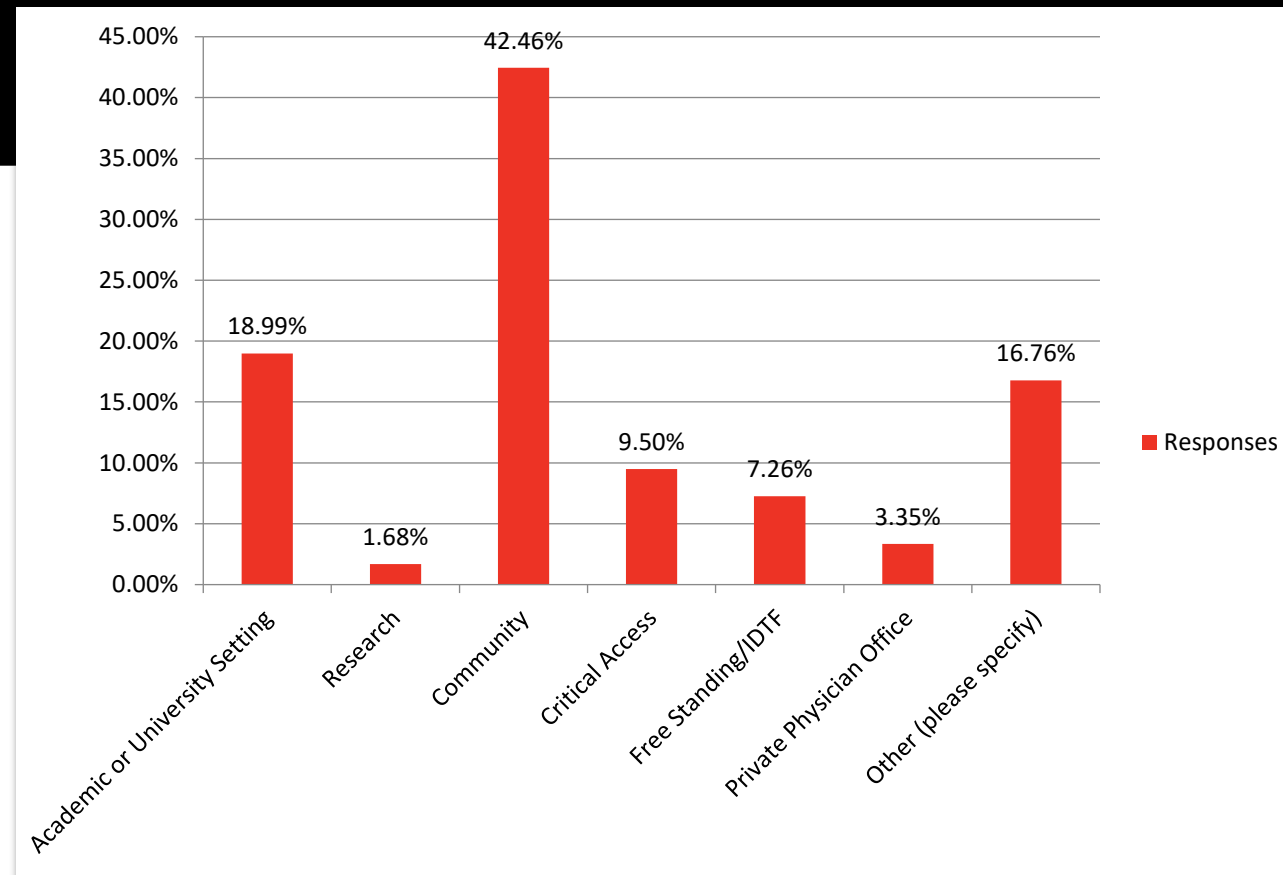

Answered: 179 | Skipped: 0

Question 3

What is your organizational structure? (select one)

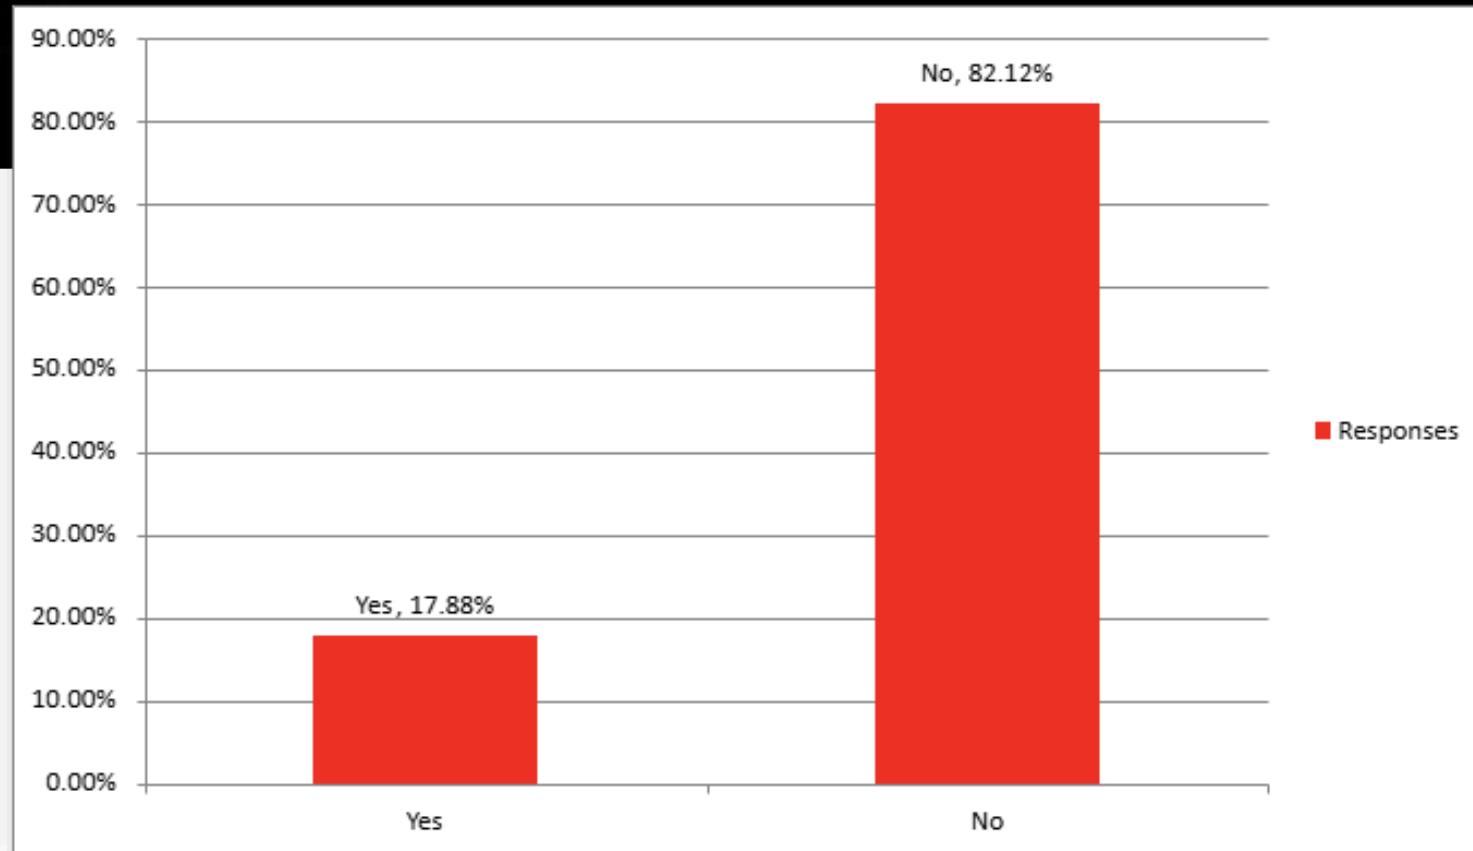

Answered: 179 | Skipped: 0

Question 6

Does your site CURRENTLY utilize remote scanning?

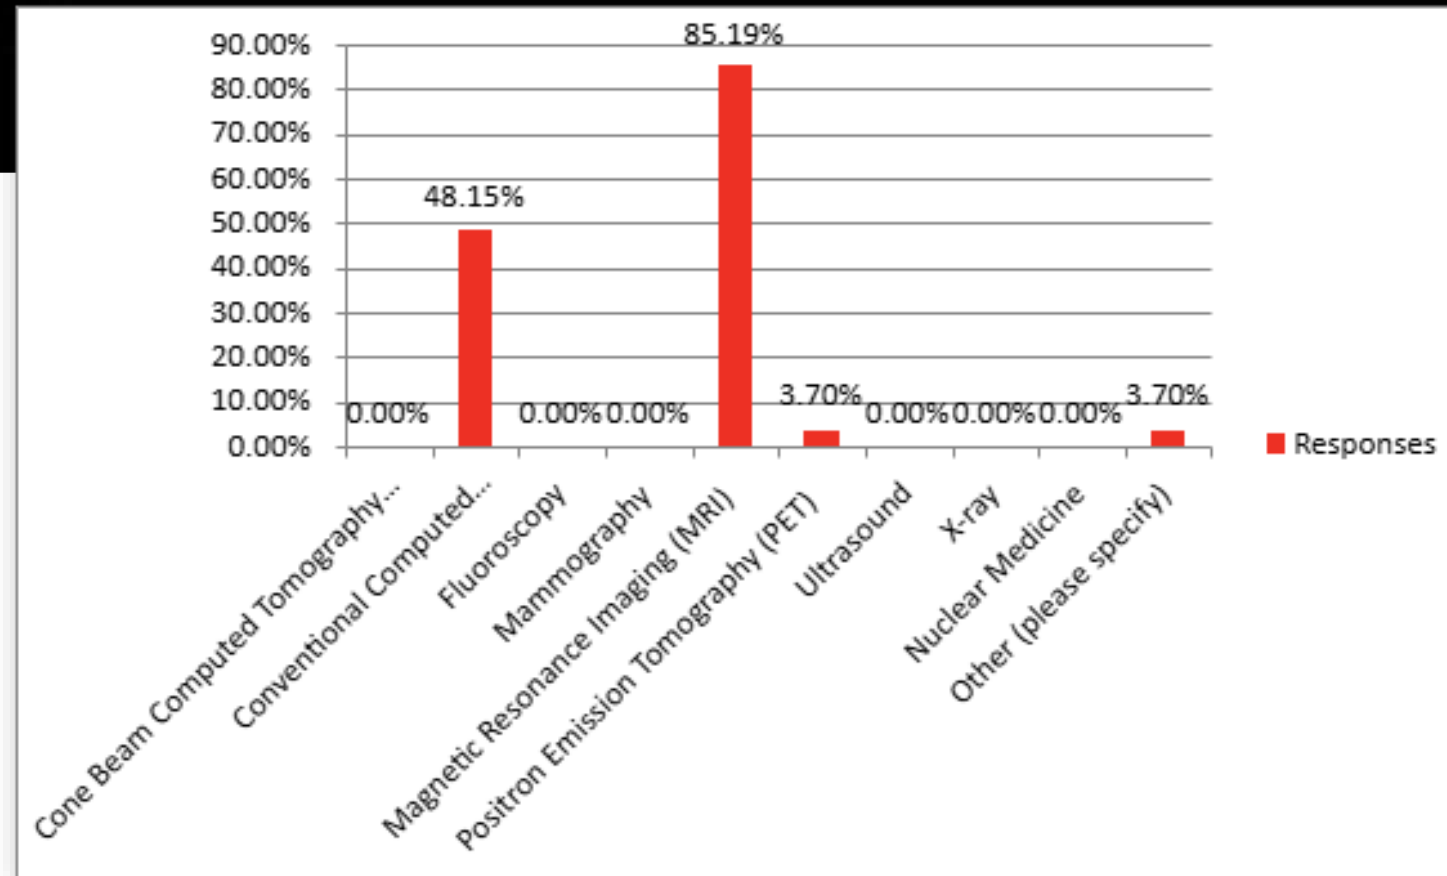

Answered: 179 | Skipped: 0

Question 7

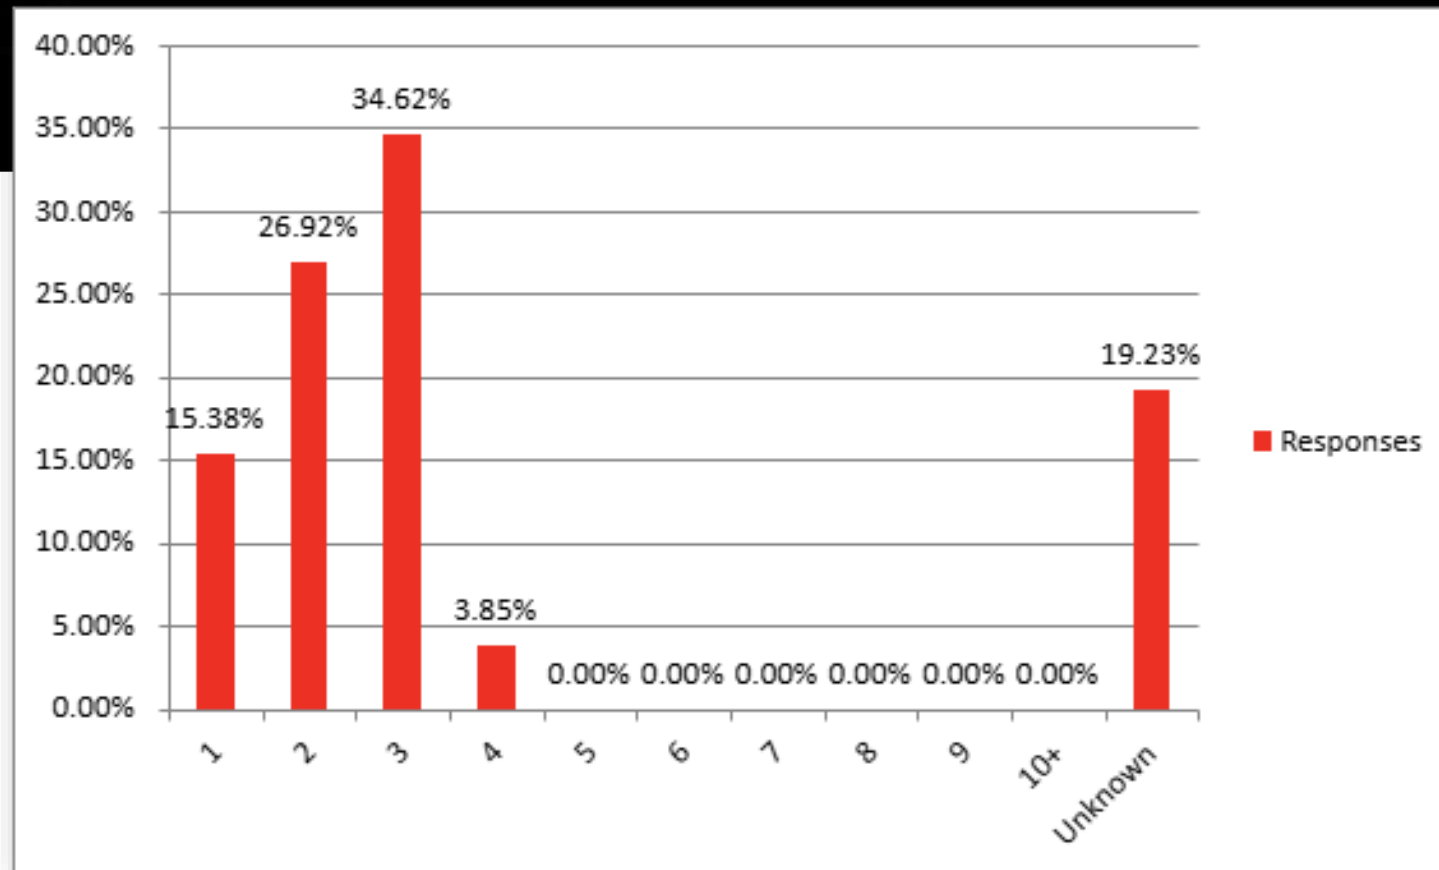

Which modalities currently use remote scanning? (Select all that apply)

Answered: 27 | Skipped: 5

Based on your organization's policy, what is the maximum number of scanning procedures that a remote technologist can run at one time? (Check the option that applies the most)

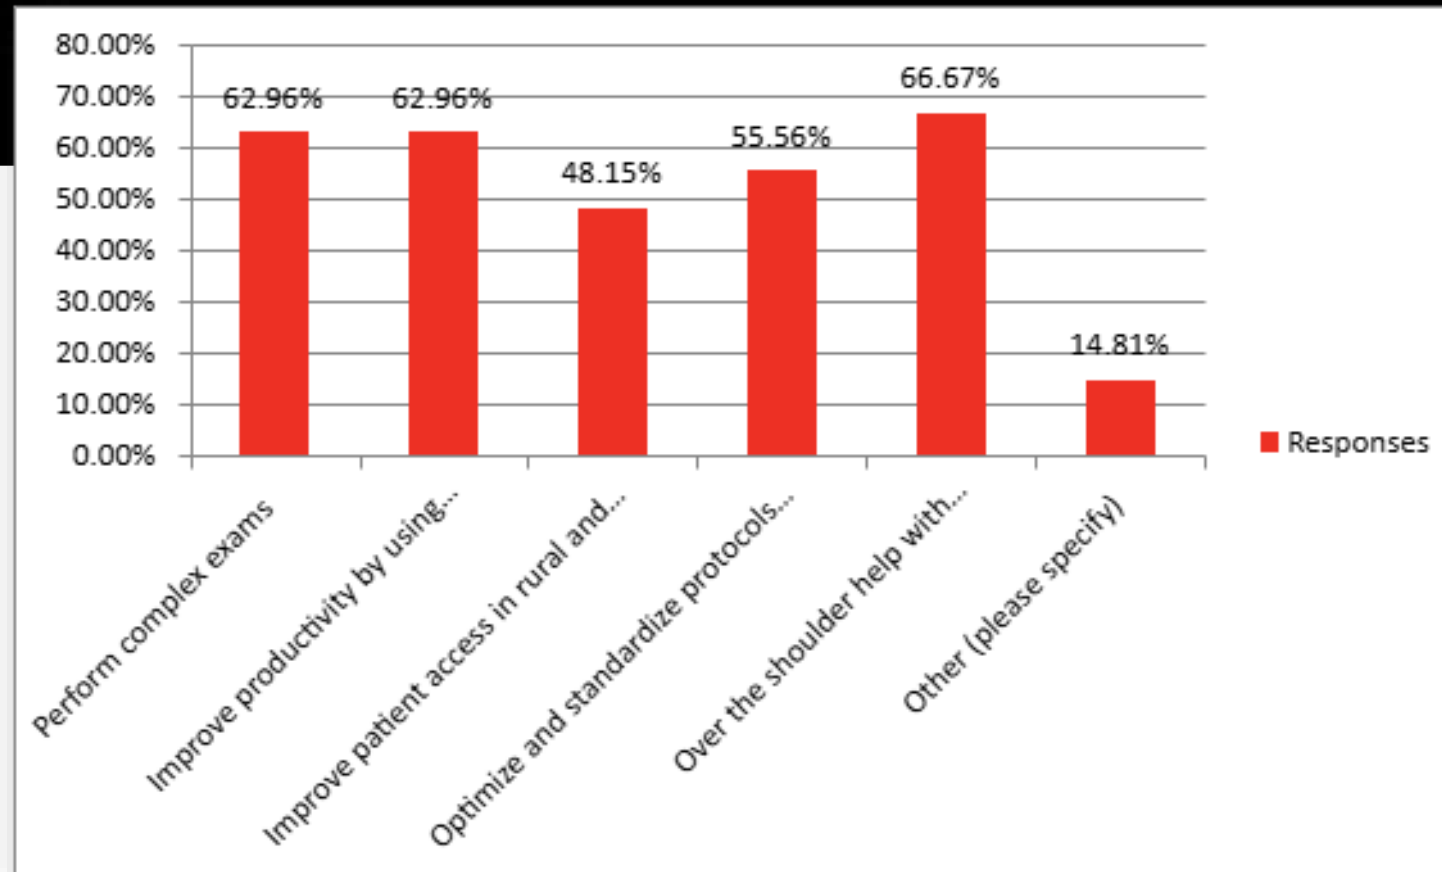

Answered: 26 | Skipped: 6

Question 9

How are you using the remote scanning technologist? (Select all that apply)

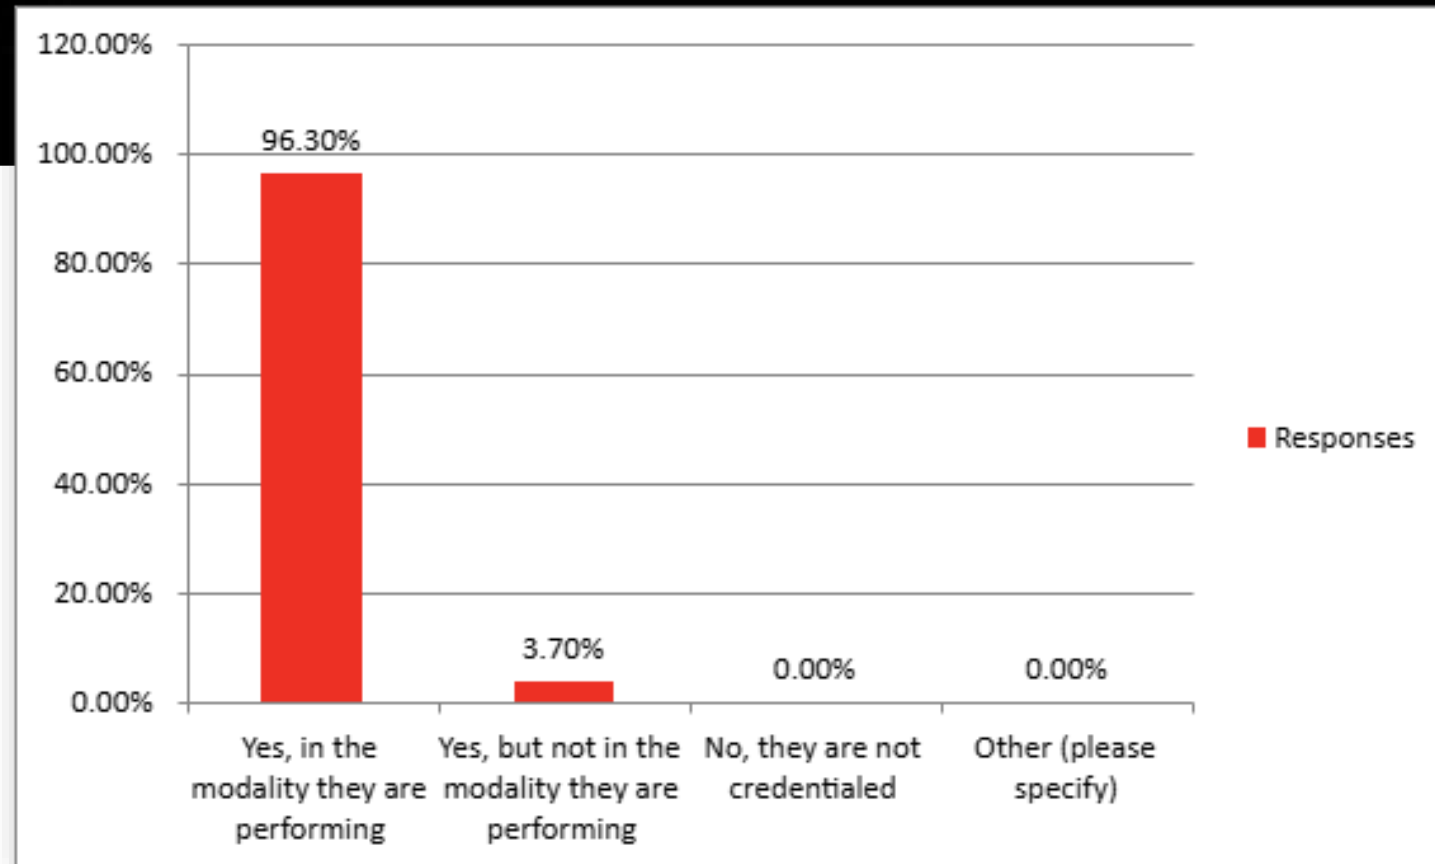

Answered: 27 | Skipped: 5

Question 10

Is your remote technologist credentialed?

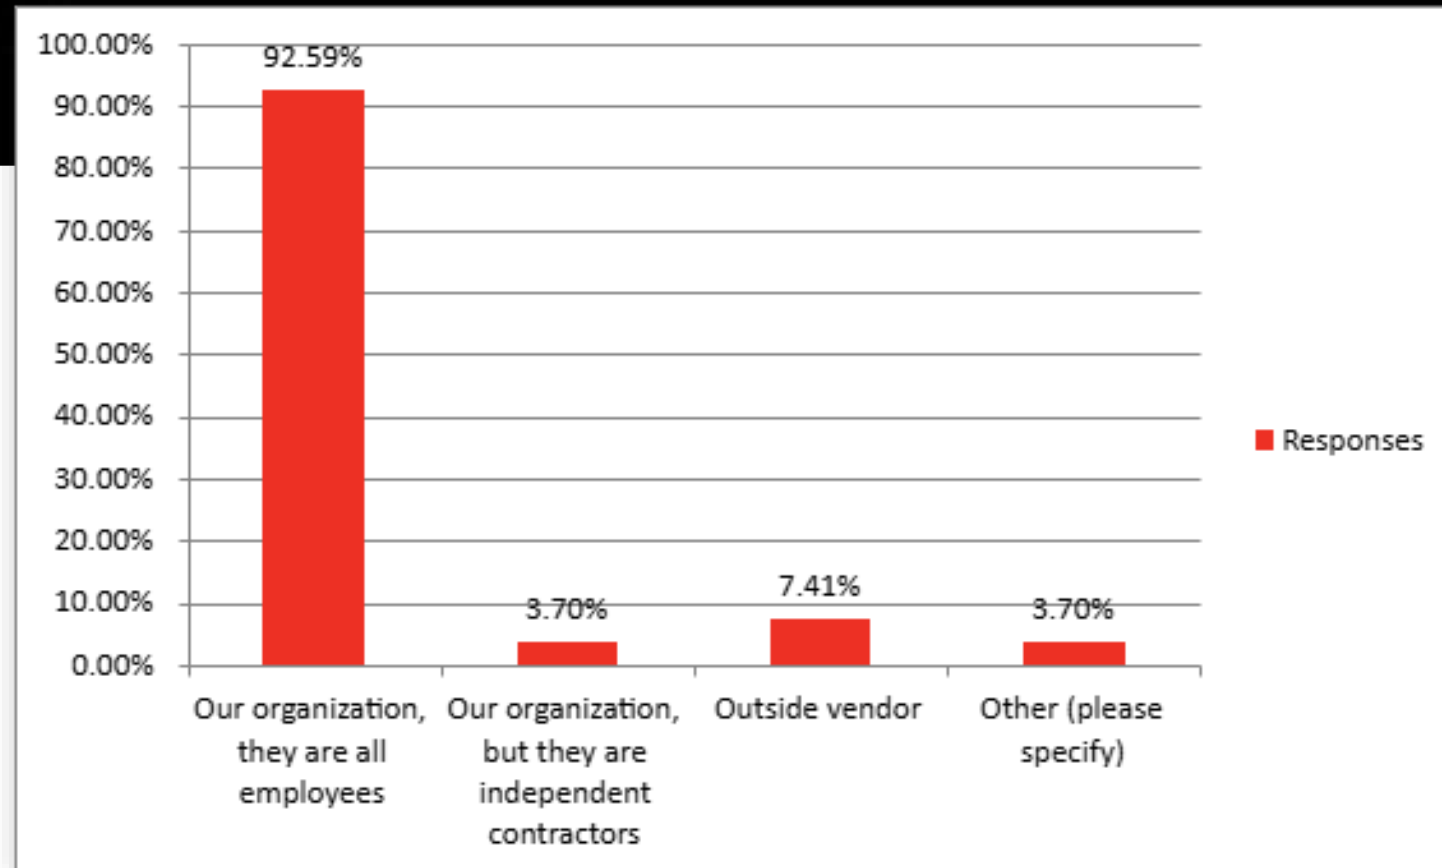

Answered: 27 | Skipped: 5

Question 11

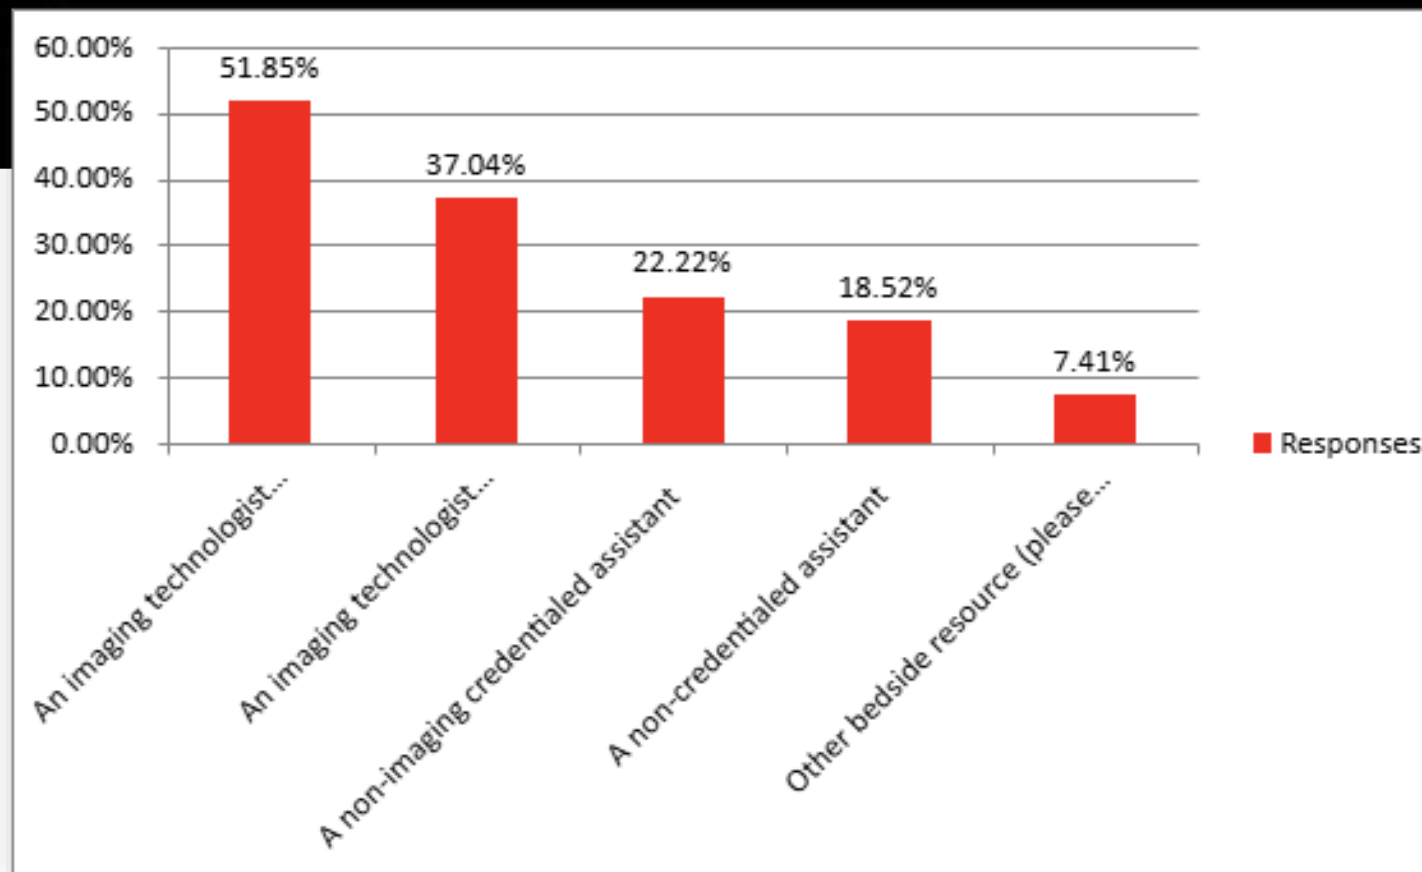

Who employs the remote technologist(s)? (Select all that apply)

Answered: 27 | Skipped: 5

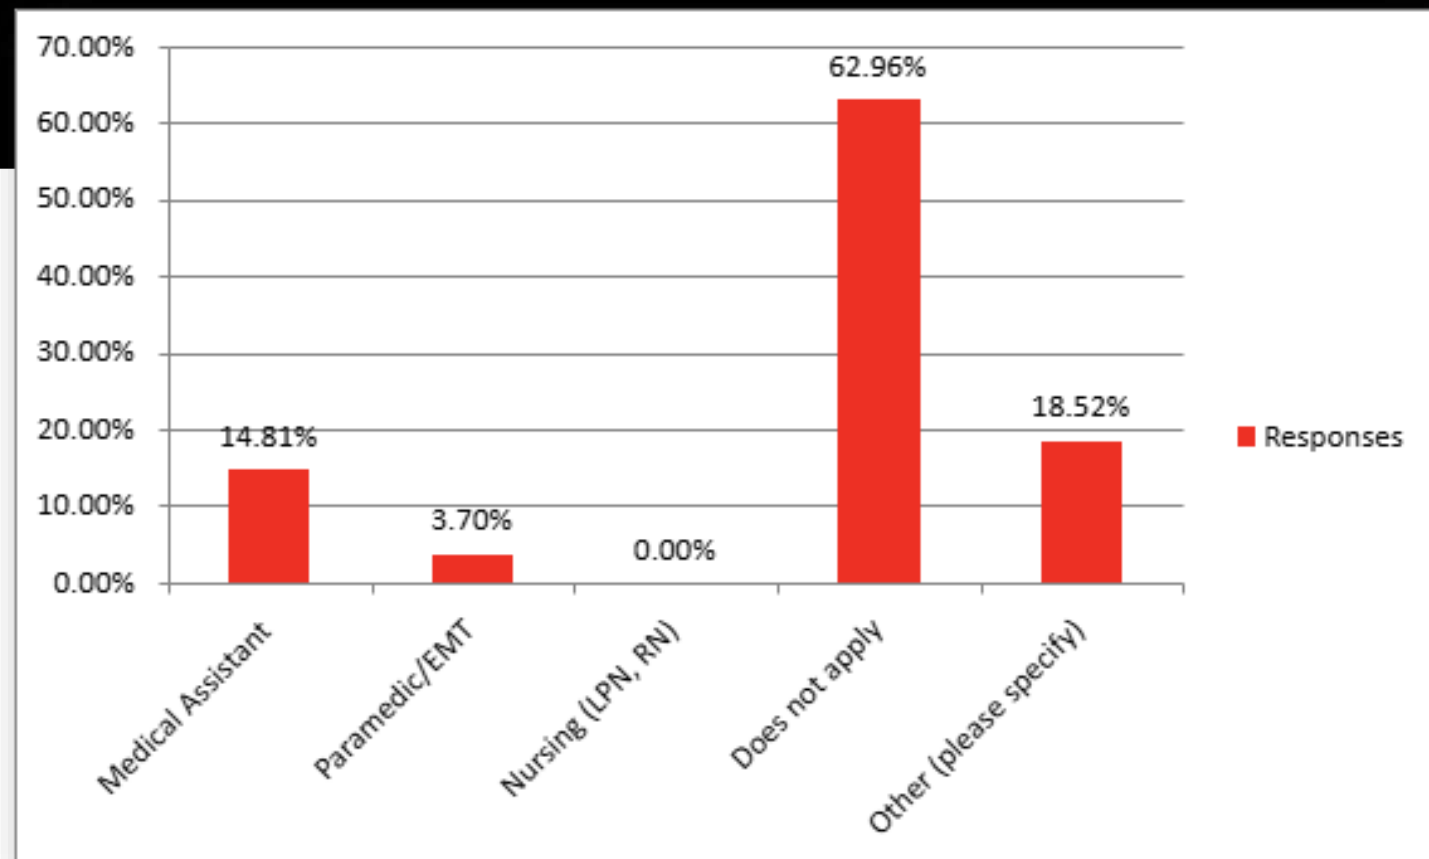

Who is at the patient bedside at the time of the scan? (Select all that apply)

Answered: 27 | Skipped: 5

If your organization utilizes a non-imaging credentialed assist, what is their current healthcare designation/role?

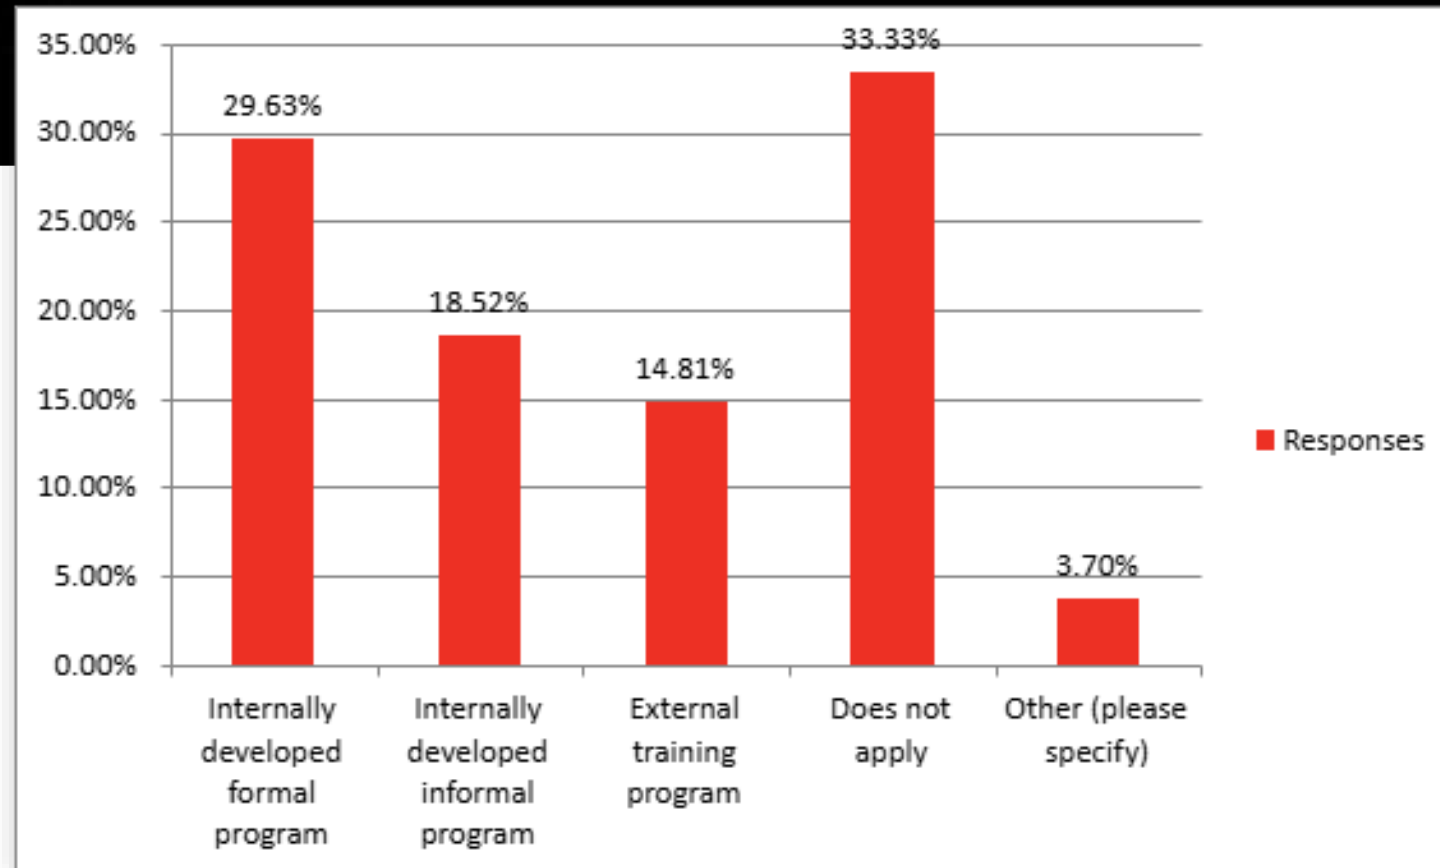

Answered: 27 | Skipped: 5

Question 14

How are non-imaging credential assistants trained?

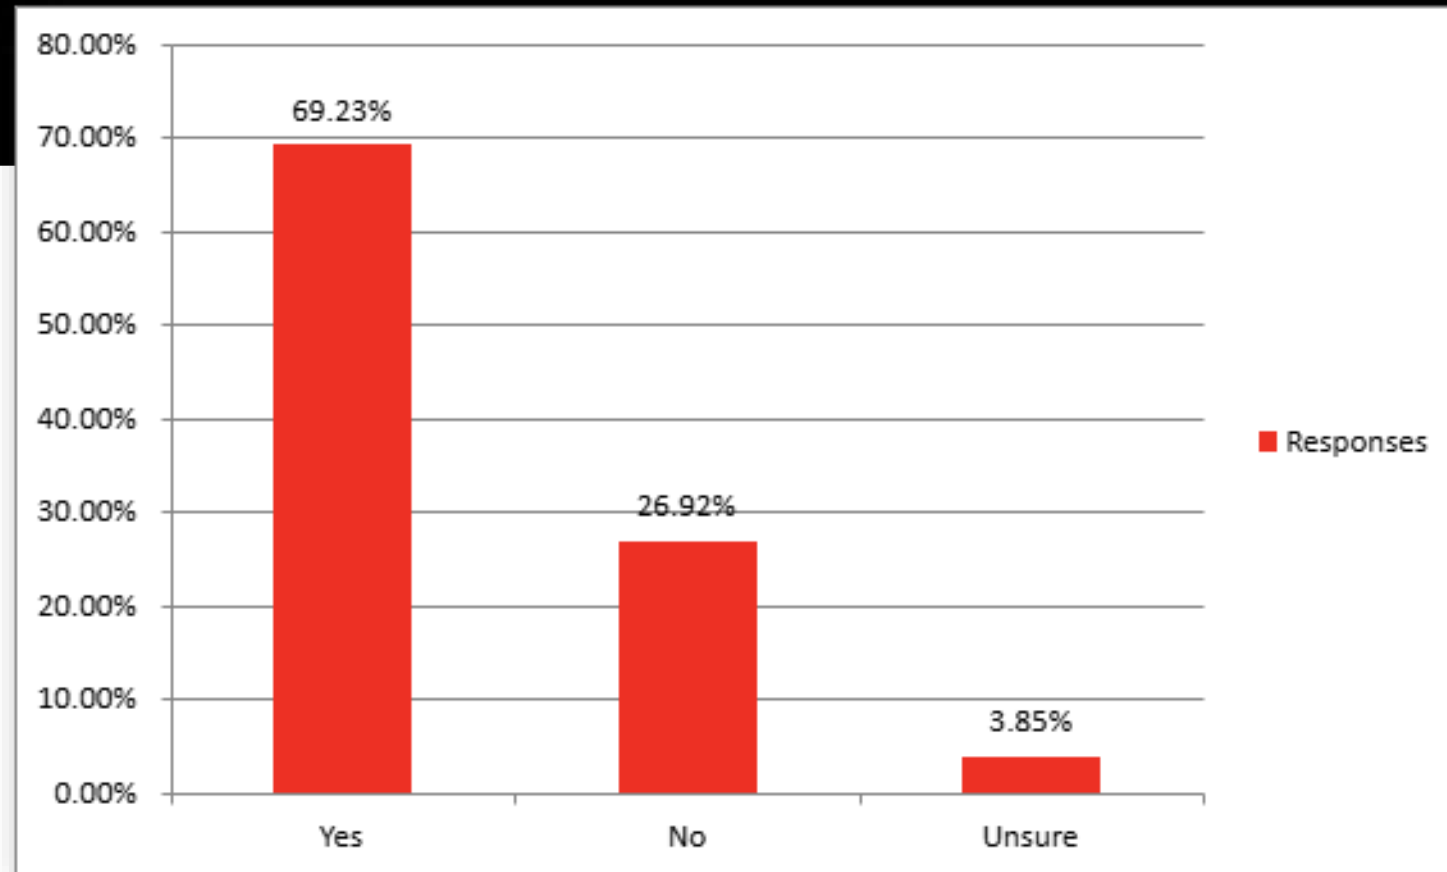

Answered: 27 | Skipped: 5

Question 15

Do remote technologists perform any post processing?

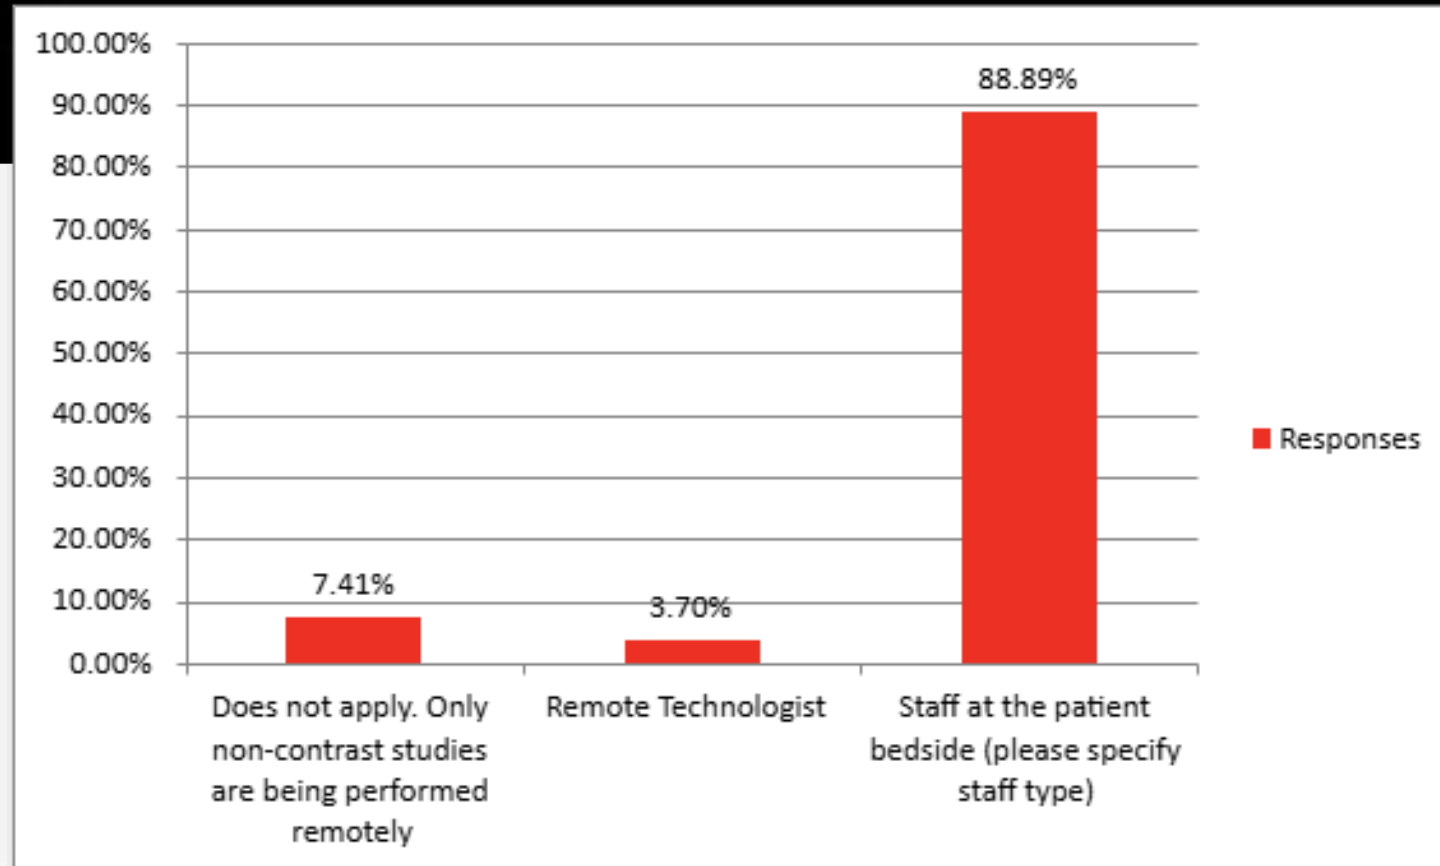

Answered: 26 | Skipped: 6

Question 16

Who is responsible for contrast administration (pushing the contrast)?

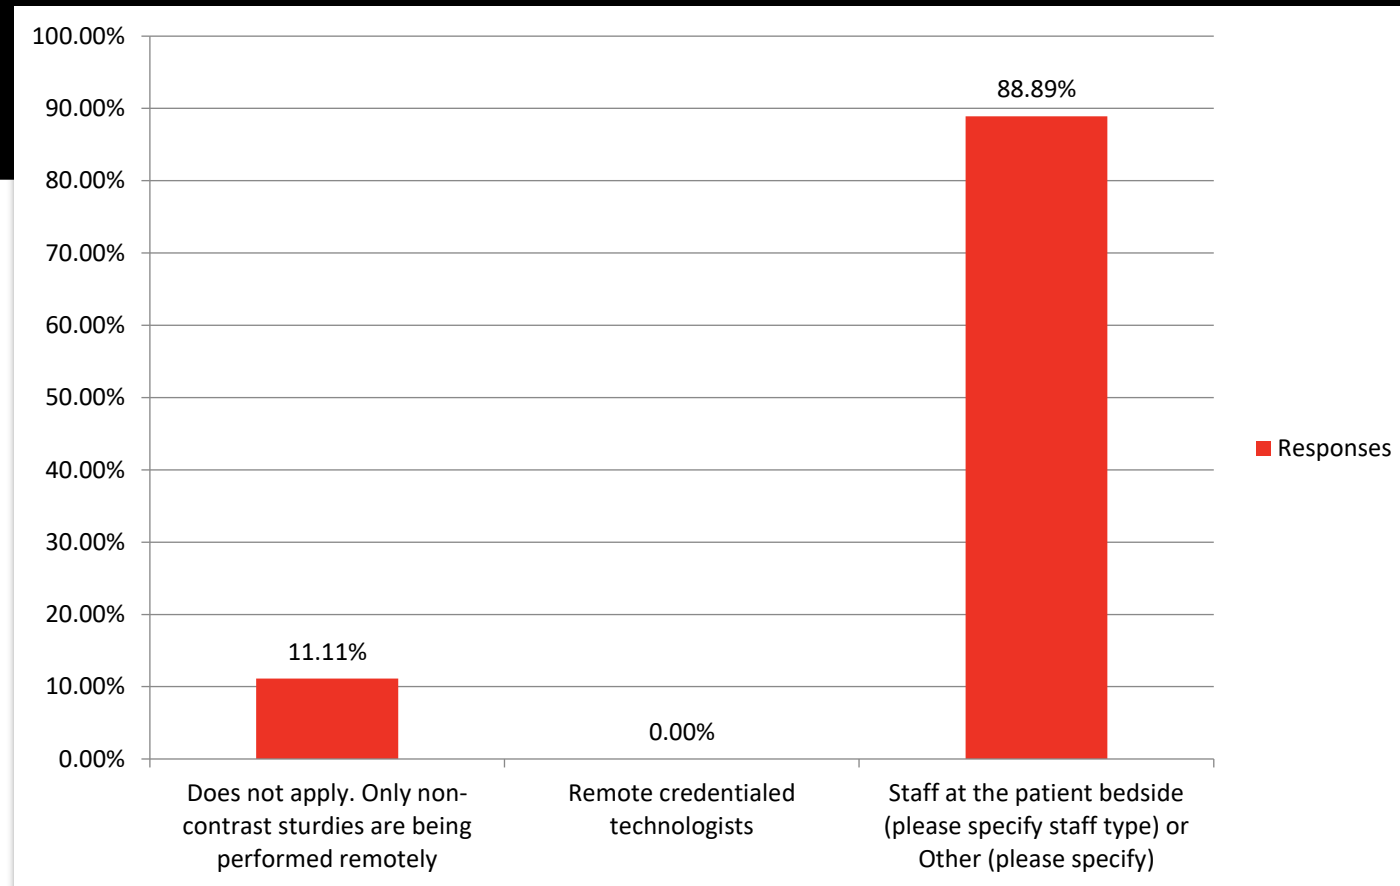

Answered: 27 | Skipped: 5

Question 17

Besides the physician, who is responsible for the management of adverse contrast reactions (infiltrations and allergic reactions)?

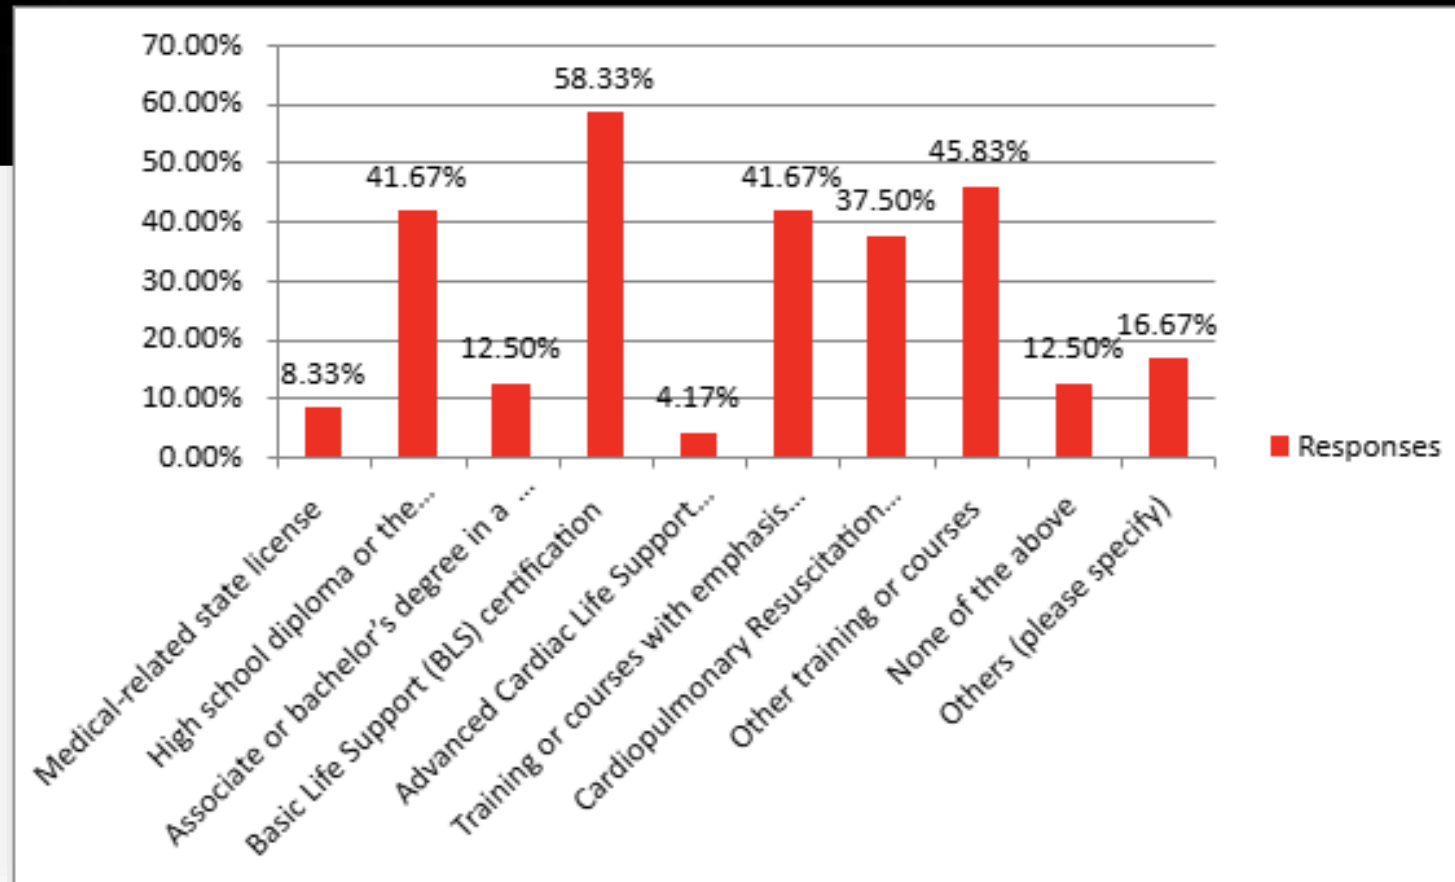

Answered: 27 | Skipped: 5

Question 18

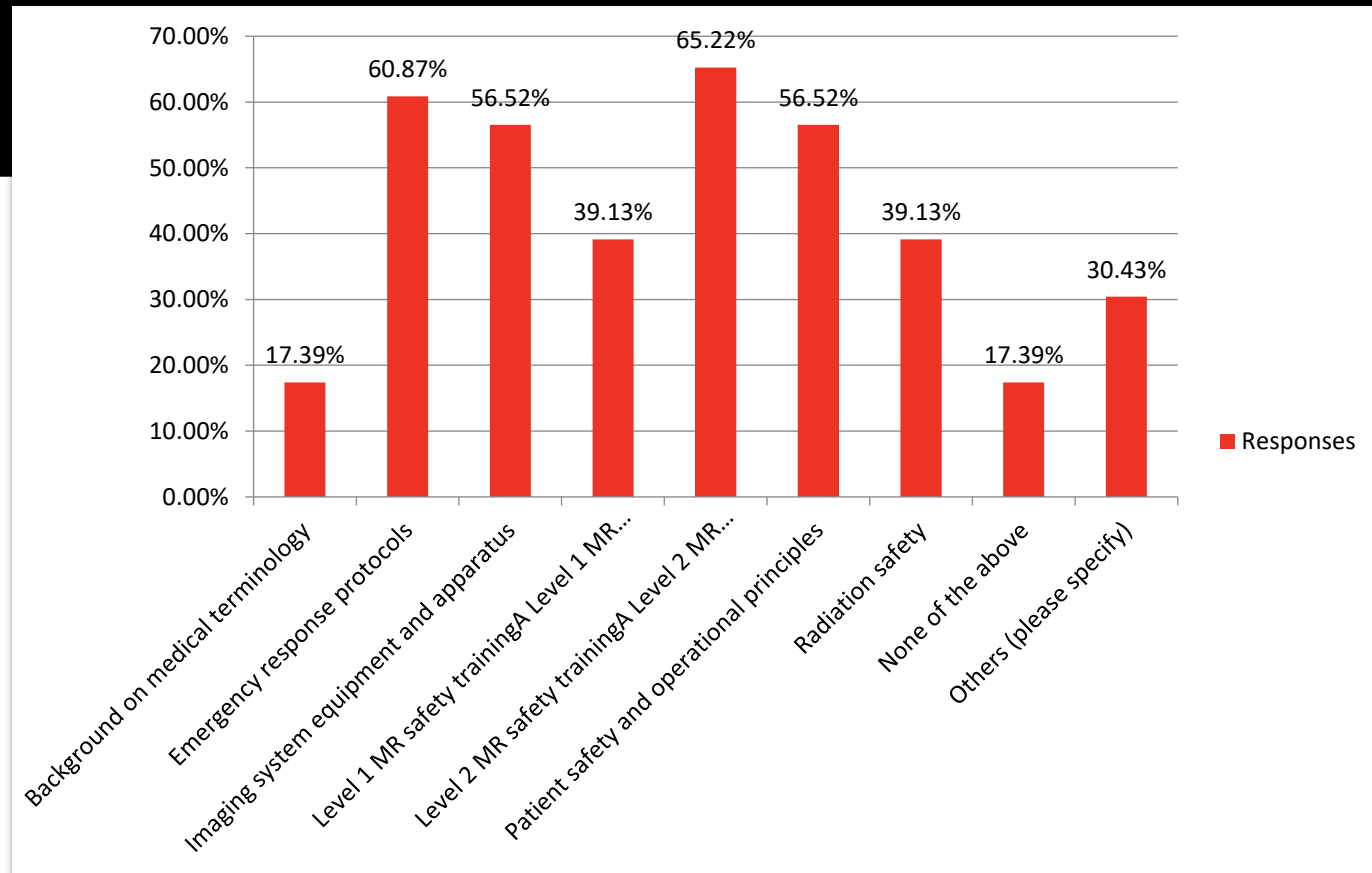

If your organization uses scanning assistants, what qualifications are they required to have? (Check all that apply)

Answered: 24 | Skipped: 8

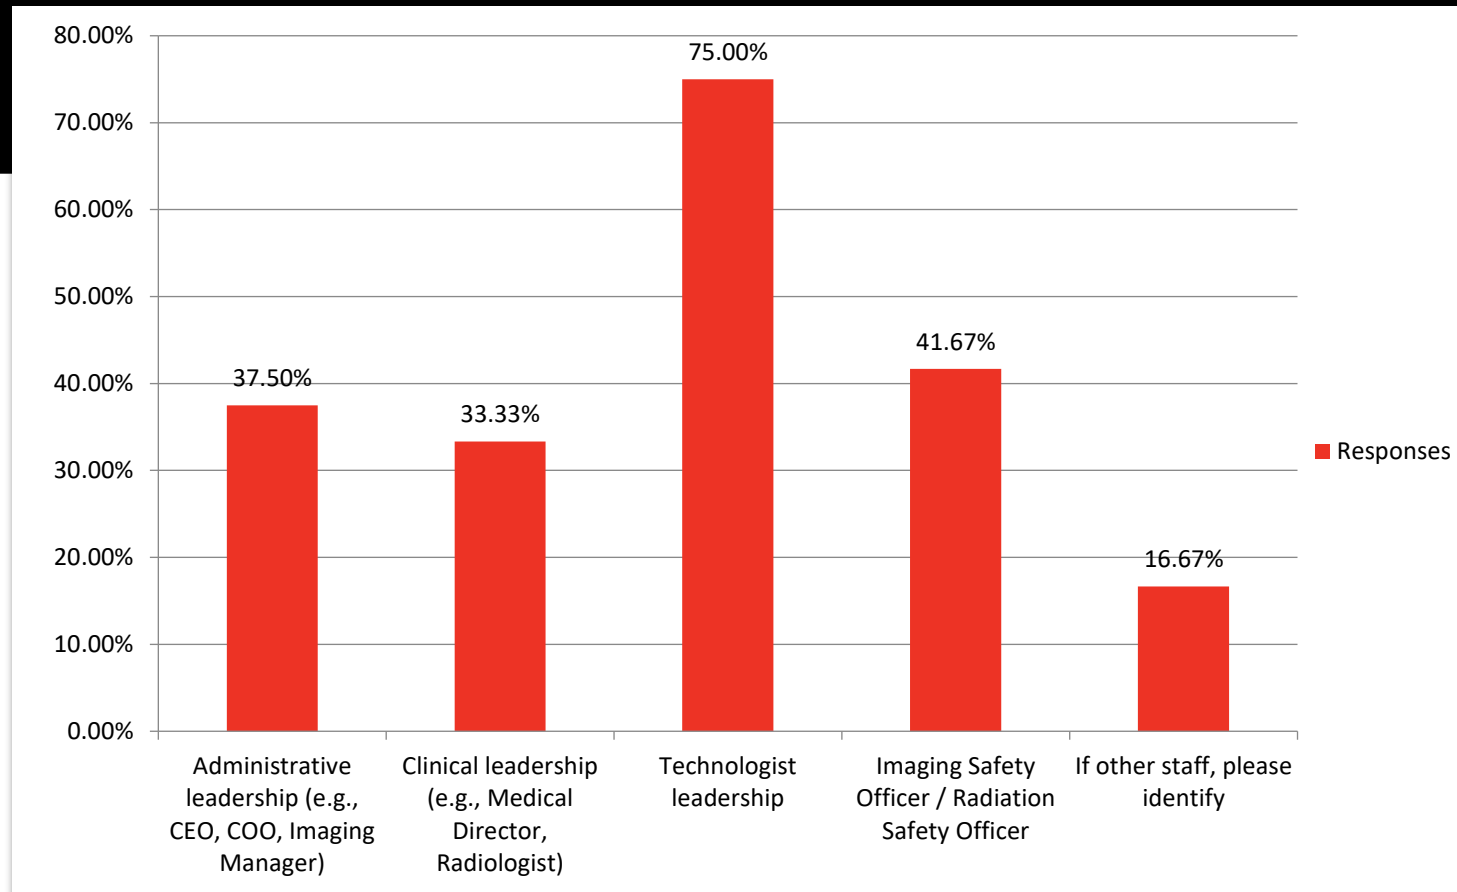

What type of training do scanning assistants (who are not certified technologists) receive at your facility? (Check all that apply)

Answered: 23 | Skipped: 9

Who supervises the scanning assistants? (Check all that apply)

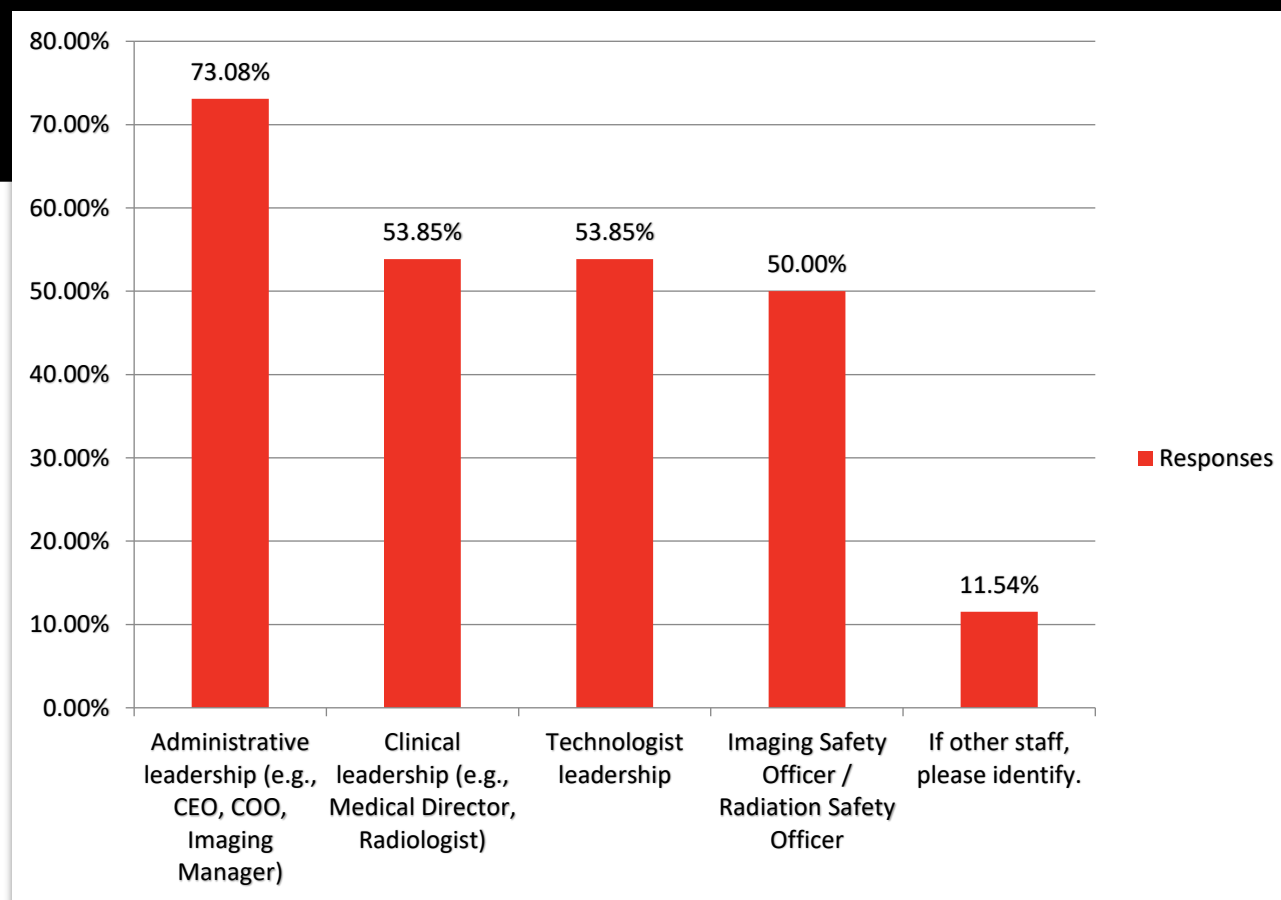

Answered: 24 | Skipped: 8

Question 21

Who developed your imaging facility's remote scanning program? (Check all that apply)

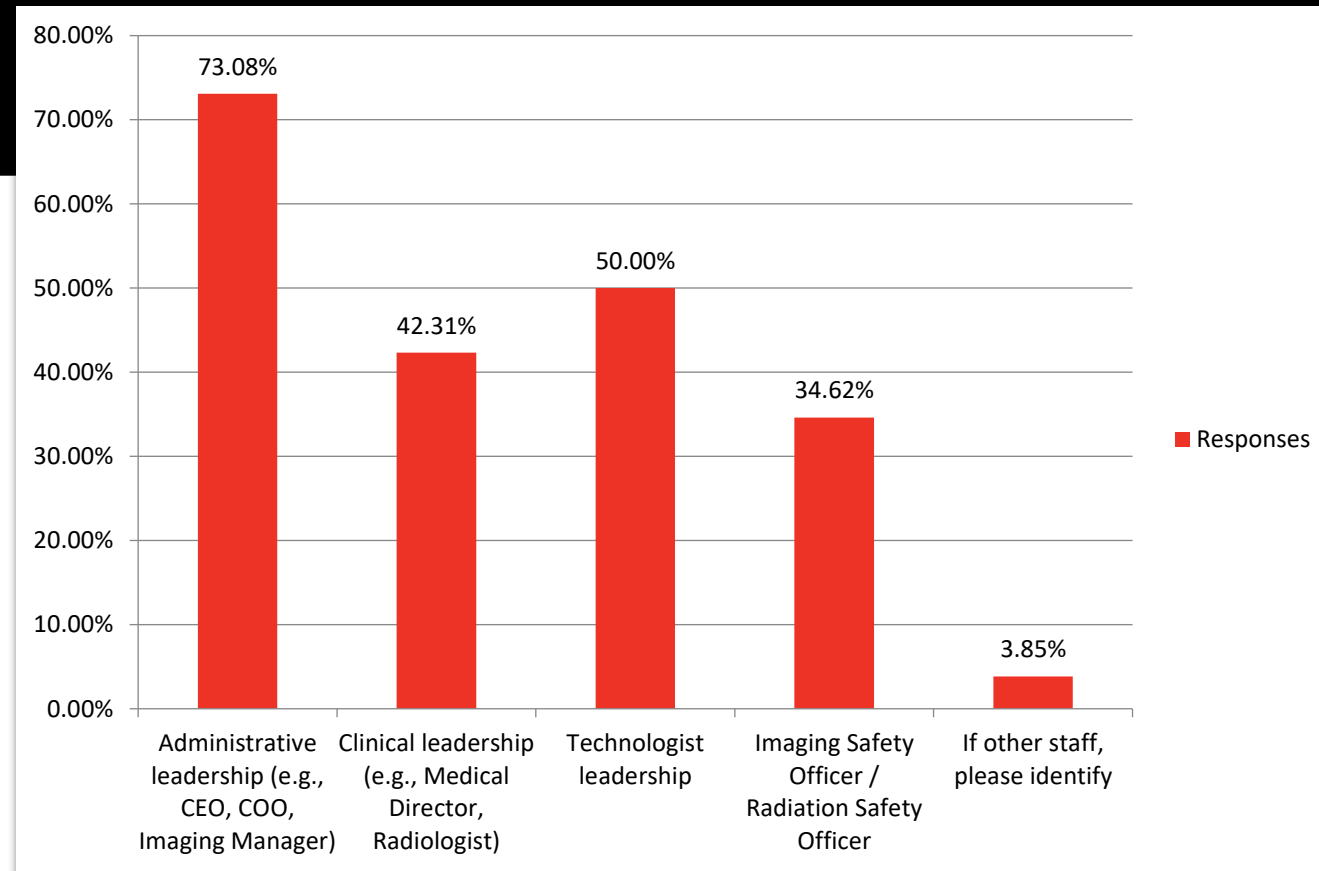

Answered: 26 | Skipped: 6

Question 22

Who supervises the remote scanning technologists? (Check all that apply)

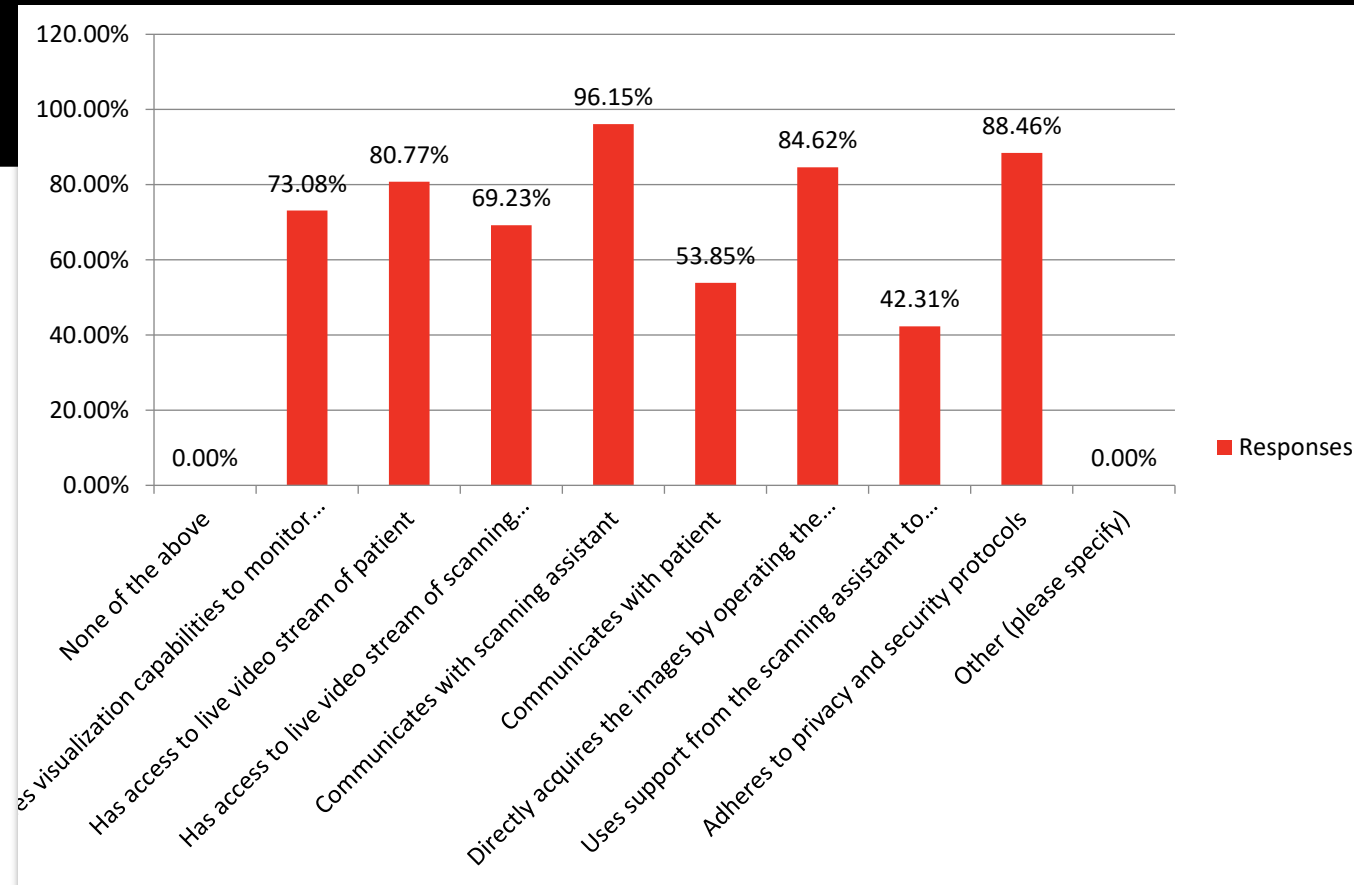

Answered: 26 | Skipped: 6

Question 23

What are the responsibilities and capabilities of the remote technologist while operating the imaging system? (Check all that apply)

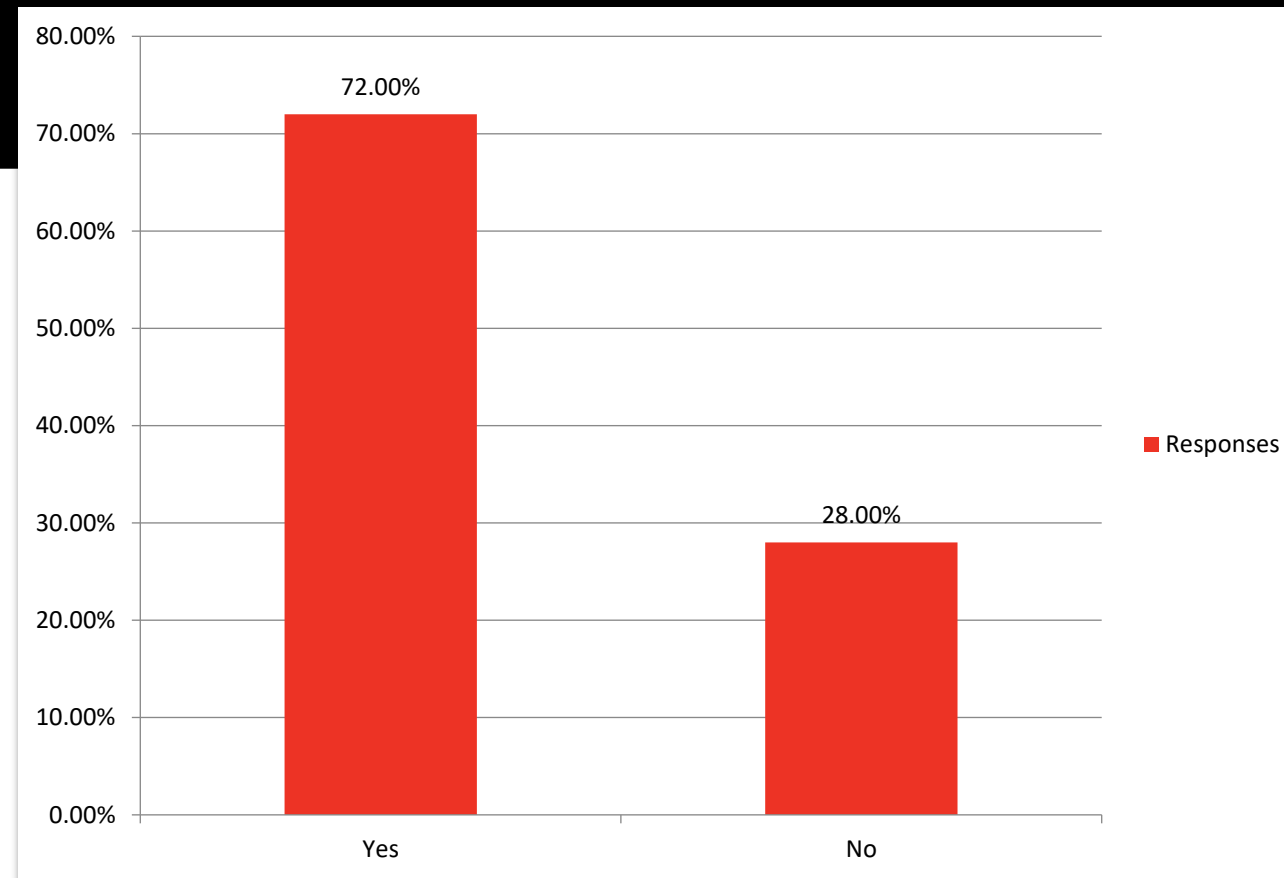

Answered: 26 | Skipped: 6

Question 24

Does your imaging facility have a back-up system if the connection is disrupted?

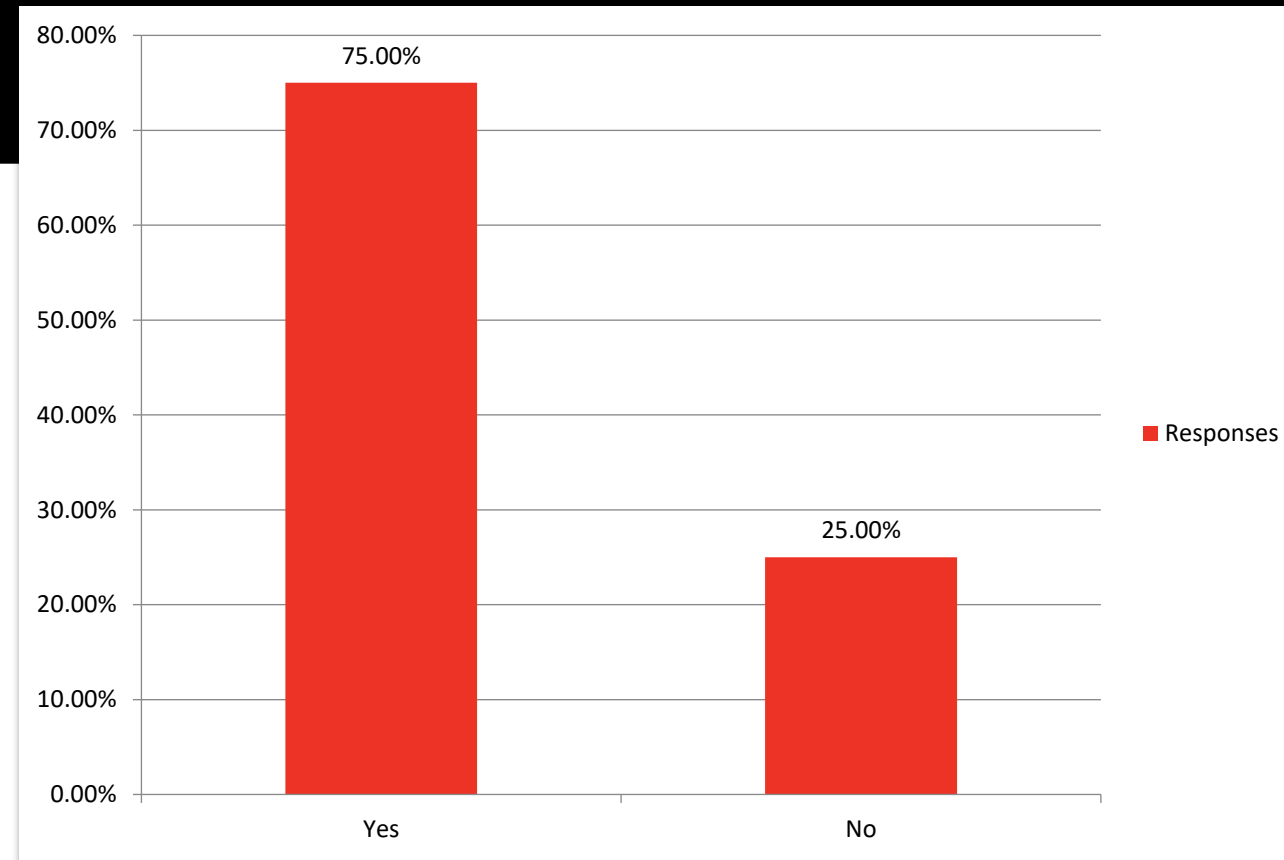

Answered: 25 | Skipped: 7

Question 25

Does your remote scanning program track outcomes?

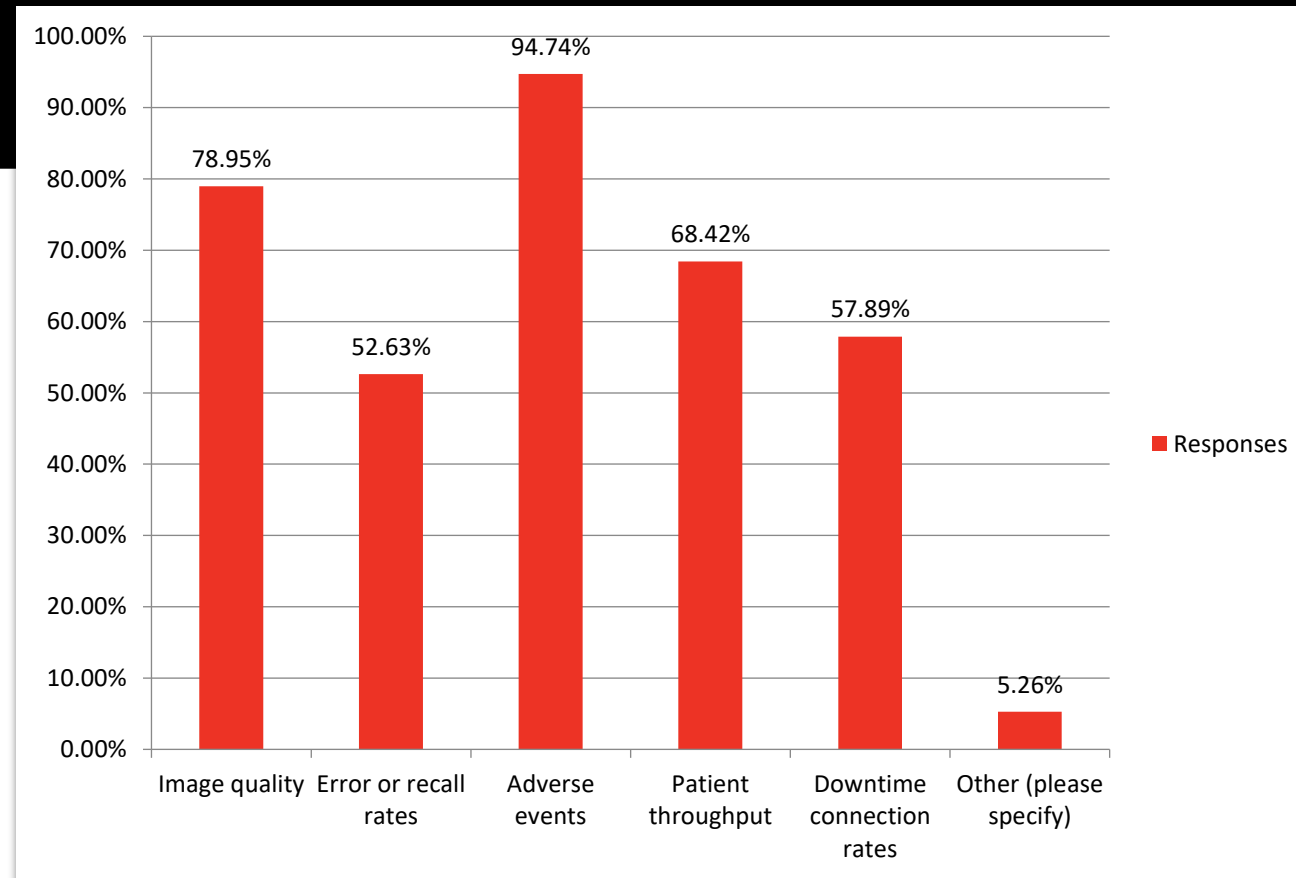

Answered: 24 | Skipped: 8

Question 26

If yes, which types of measures? (Check all that apply)

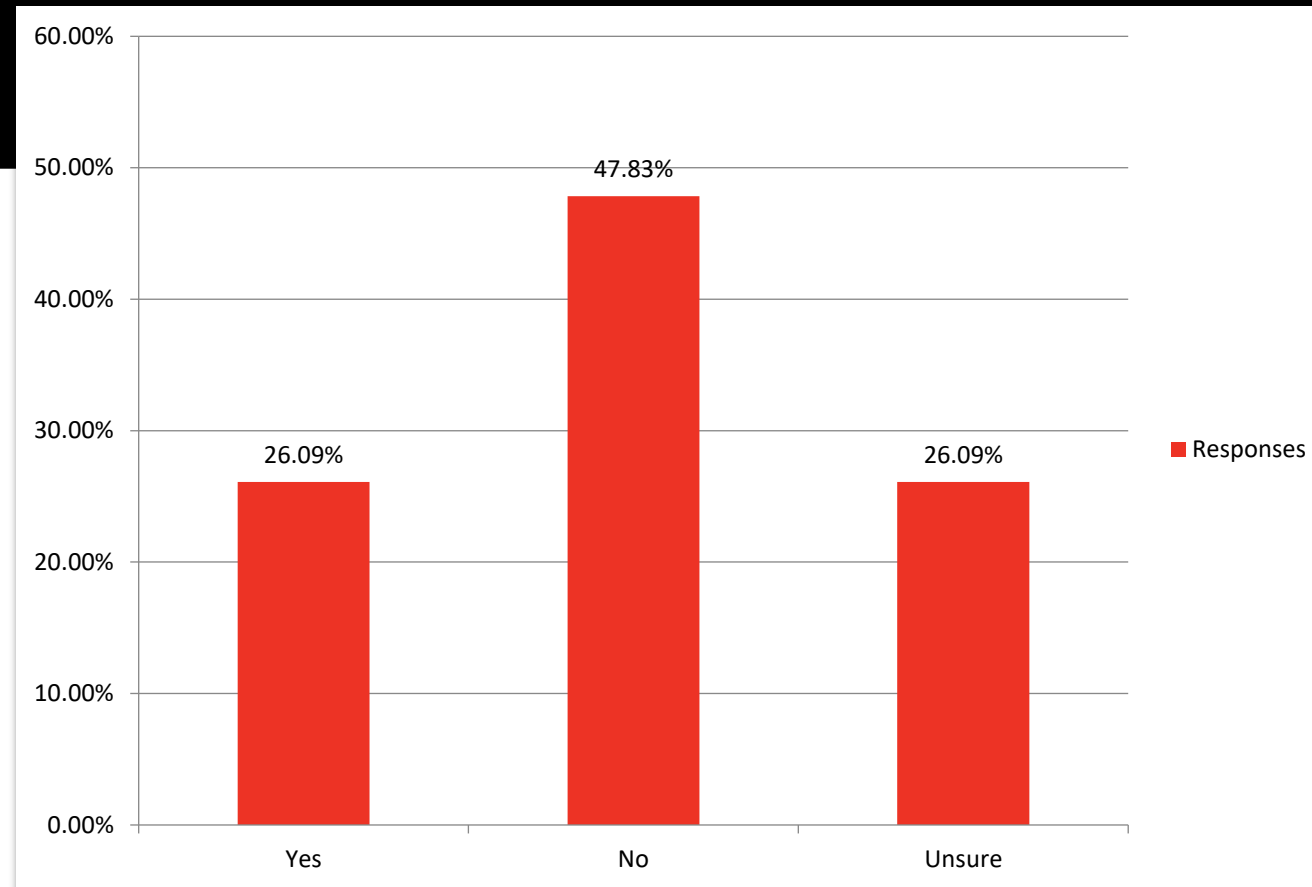

Answered: 19 | Skipped: 0

Question 27

Do you inform patients they are being scanned by a remote technologist or that a remote technologist is participating in their care?

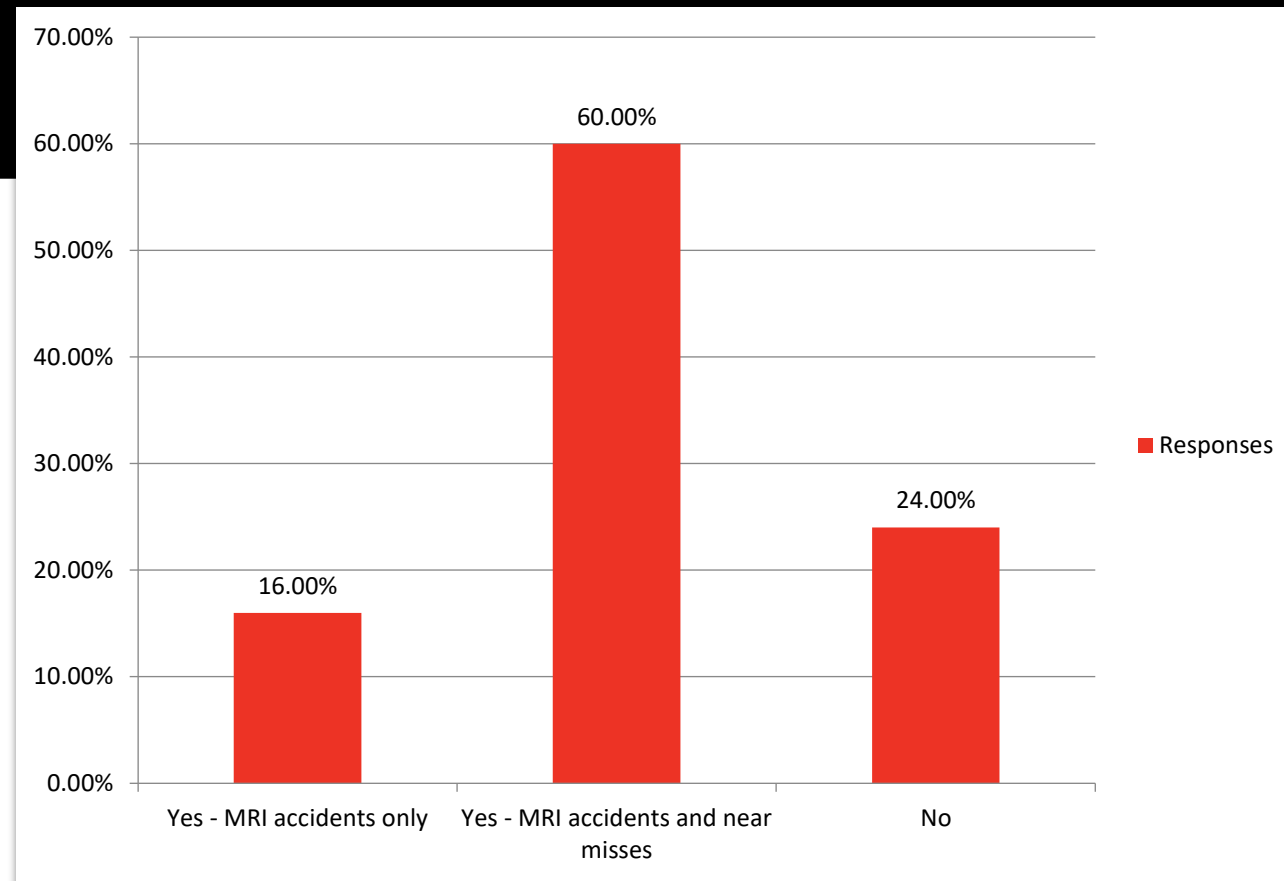

Answered: 23 | Skipped: 9

Question 28

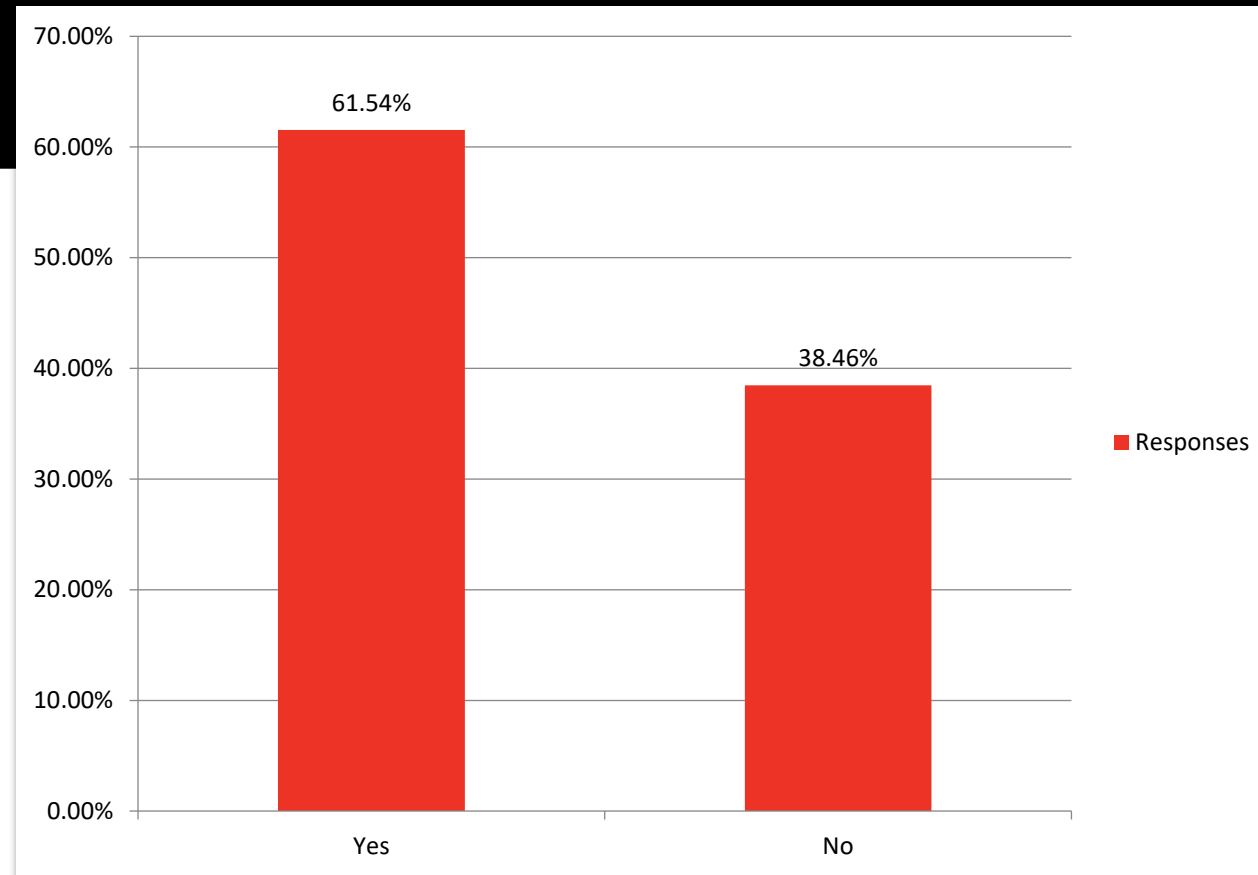

Do you specifically track remote scanning MRI accidents and/or near misses?

Answered: 25 | Skipped: 7

Do you plan to expand your remote scanning capabilities or usage in the future?

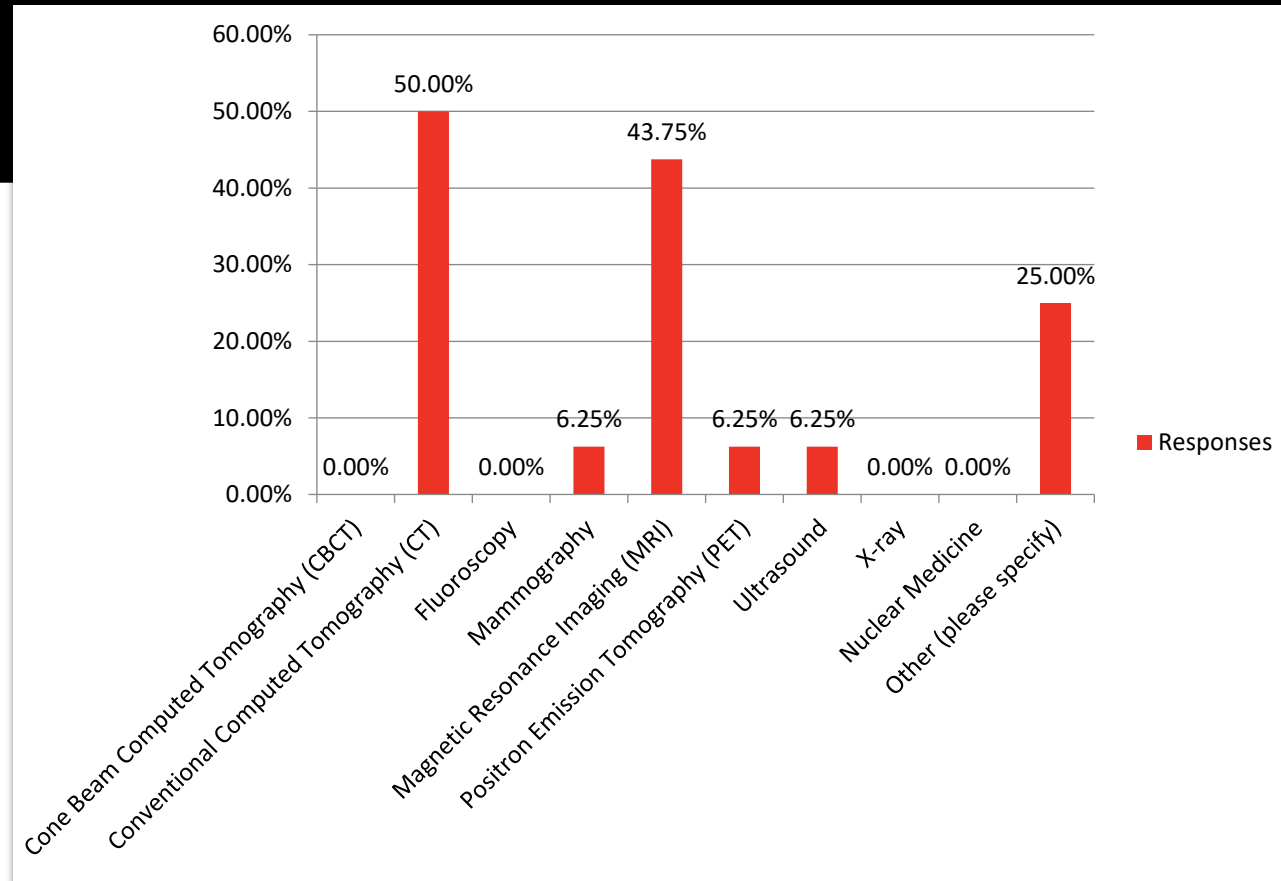

Answered: 26 | Skipped: 6

Question 30

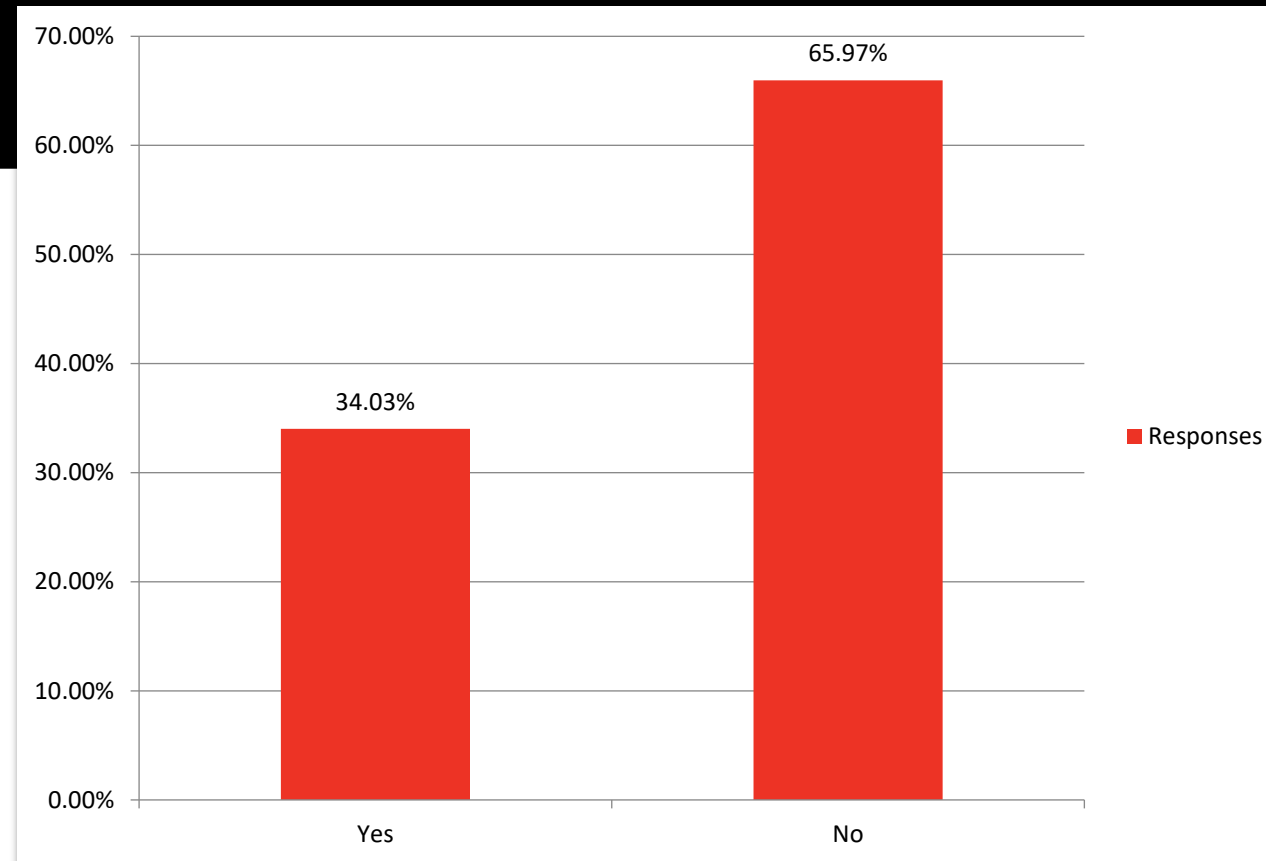

If you plan to expand your remote scanning capabilities/usage, what modalities would you expand to?

Answered: 16 | Skipped: 0

Does your site plan on utilizing remote scanning in the FUTURE?

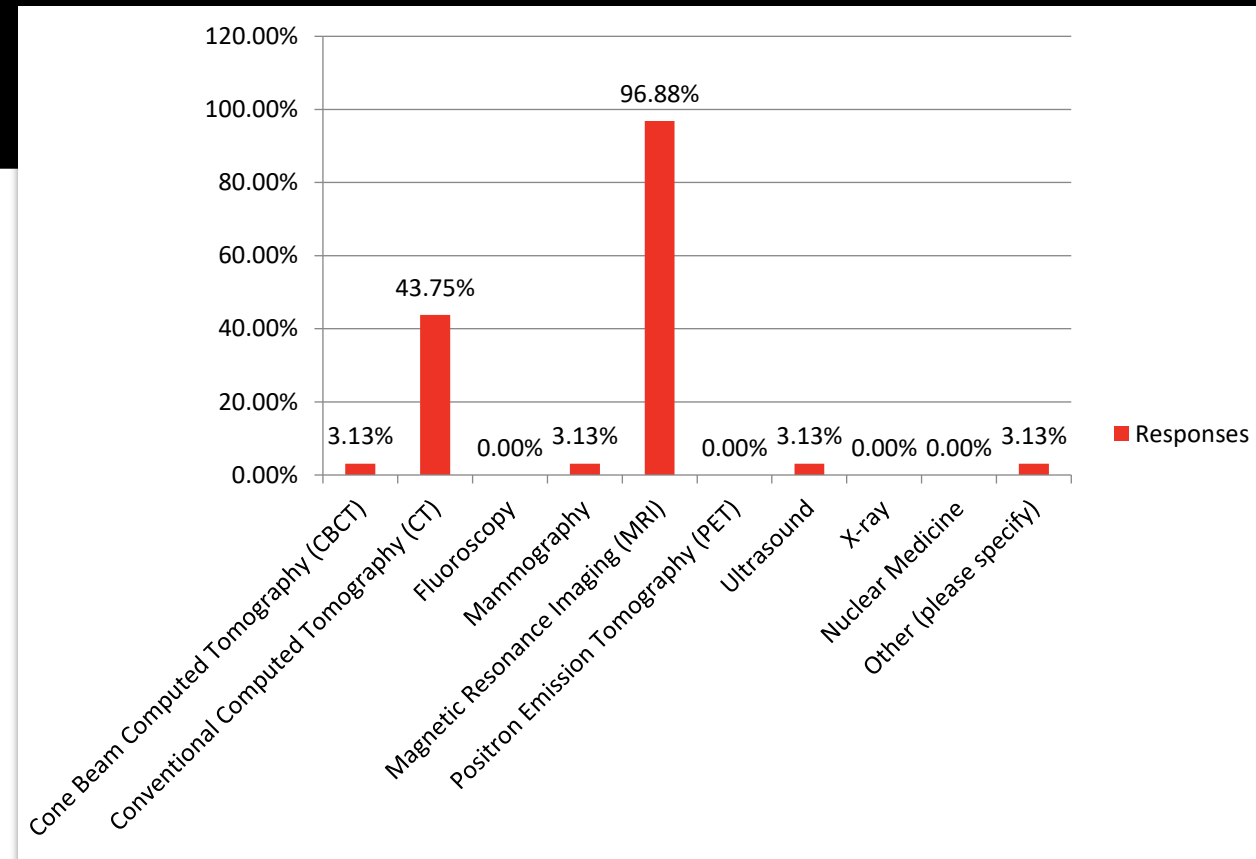

Answered: 144 | Skipped: 35

Question 33

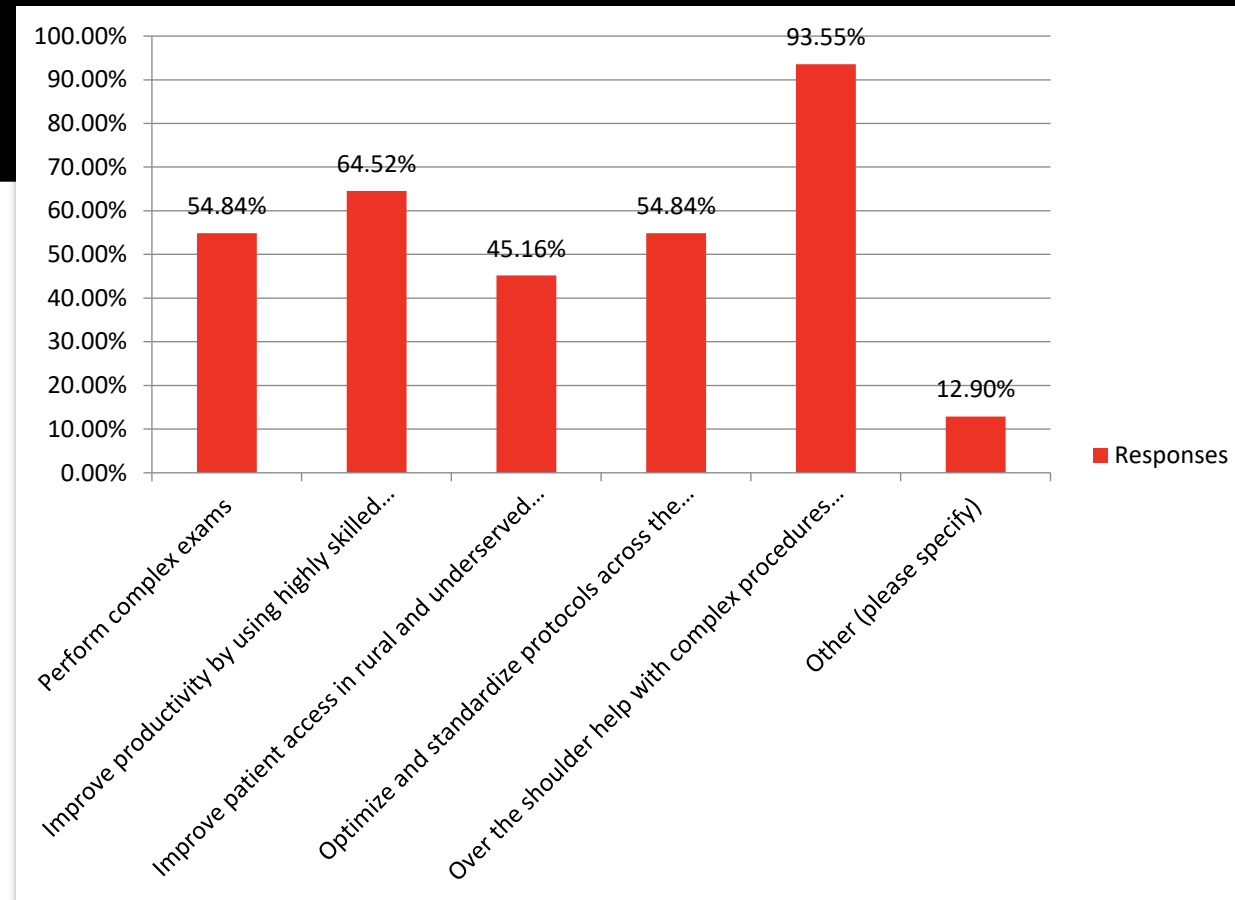

Which modalities are you planning to use remote scanning in the future? (Select all that apply)

Answered: 32 | Skipped: 147

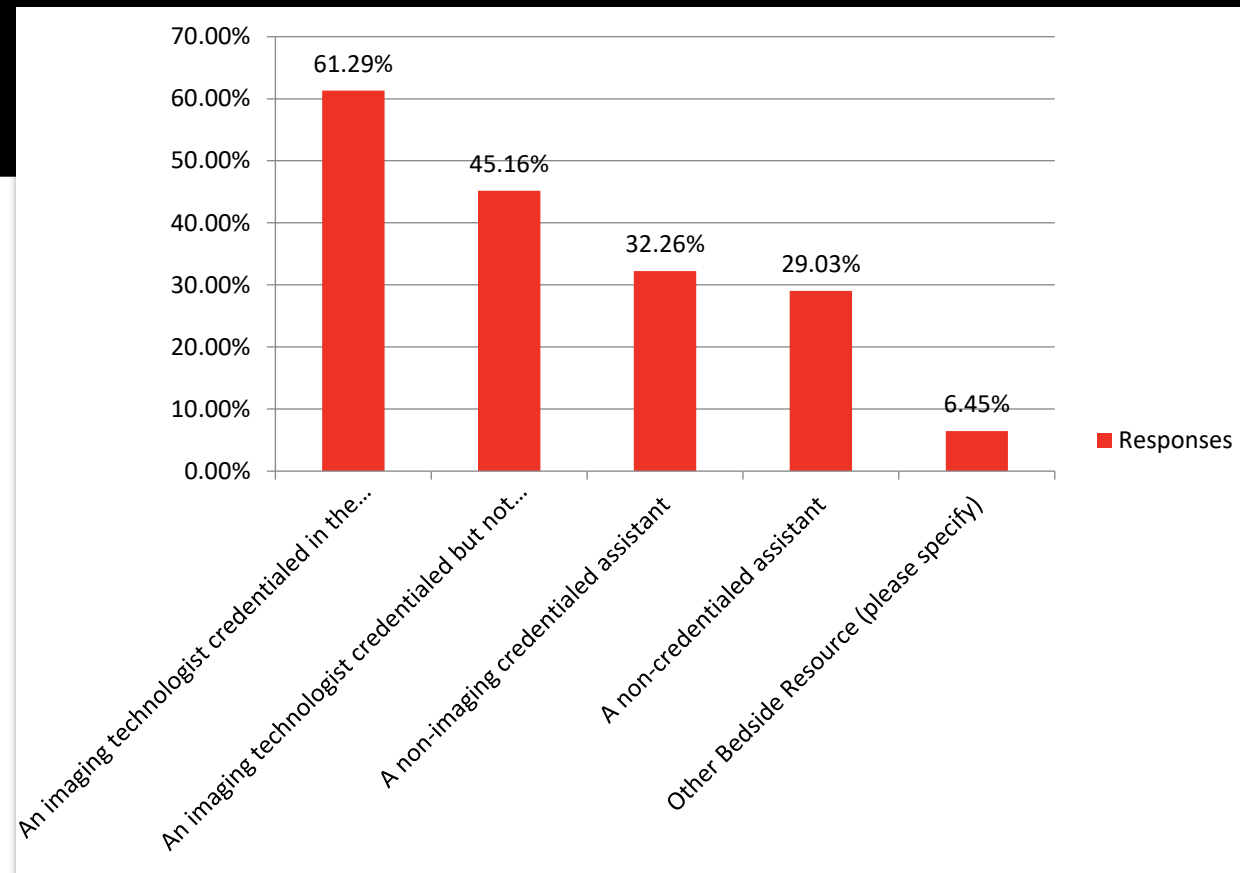

What is the planned role of the remote scanning technologist? (Select all that apply)

Answered: 31 | Skipped: 148

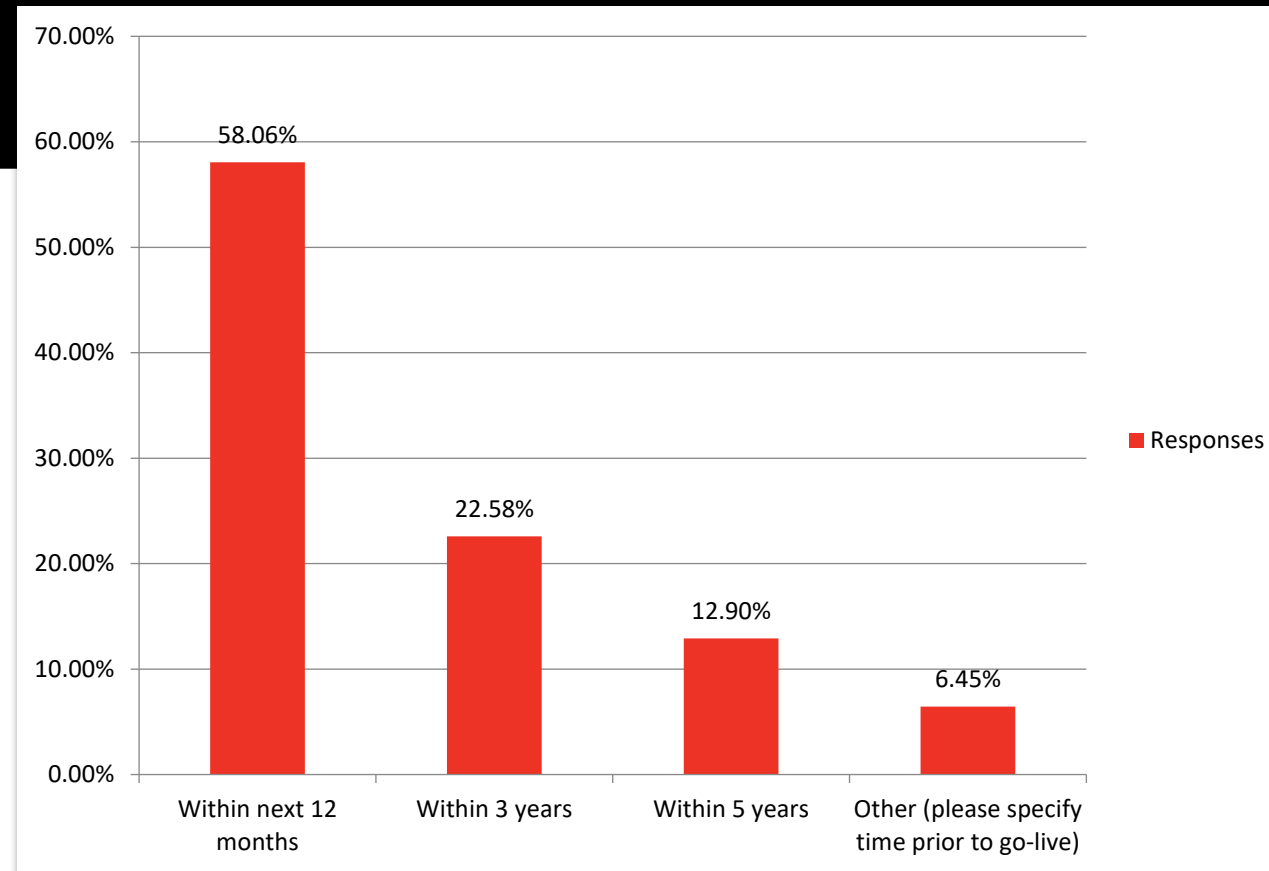

Who is planned to be at the patient bedside at the time of the scan? (Select all that apply)

Answered: 31 | Skipped: 148

When does your site plan on going live with remote scanning?

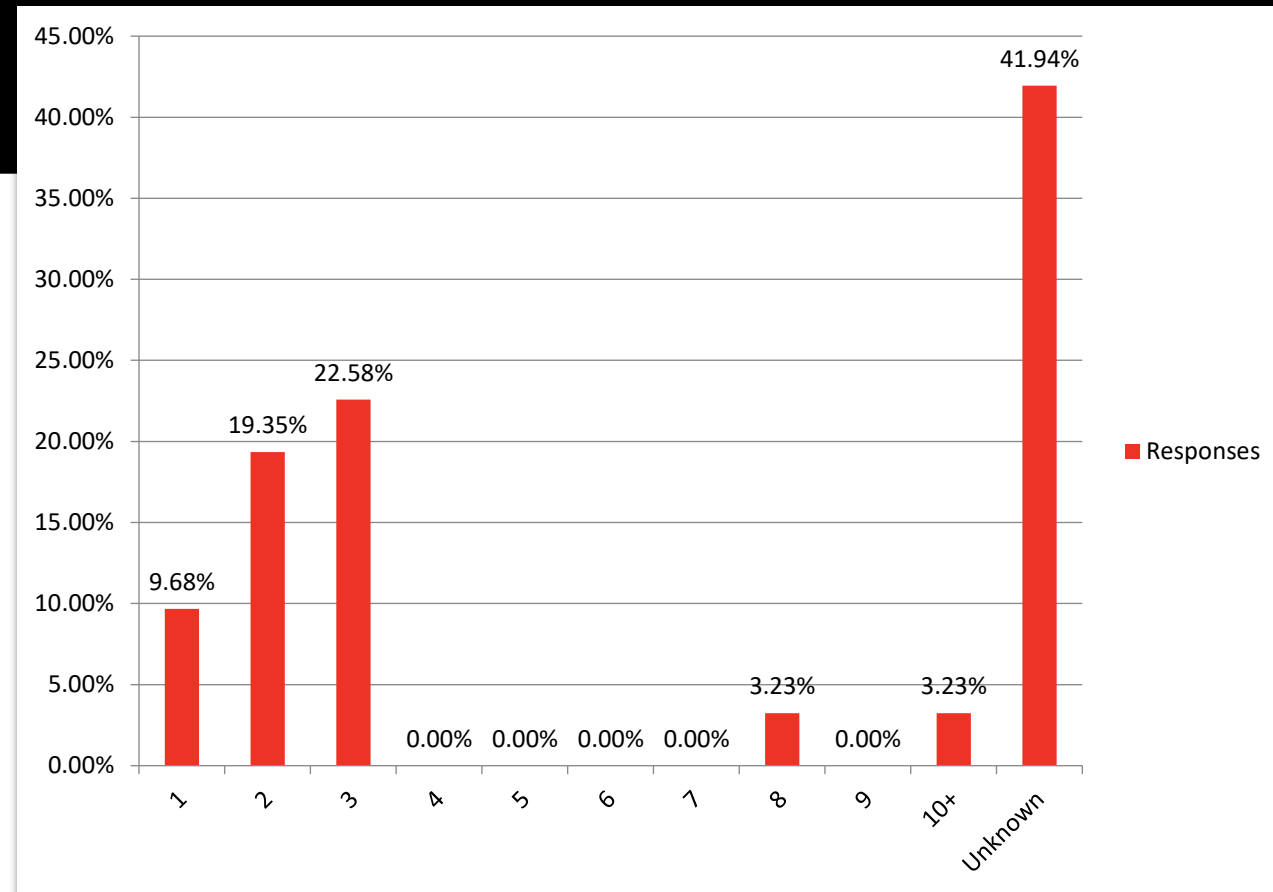

Answered: 31 | Skipped: 148

Question 37

Do you plan on having a maximum number of scanners that a single technologist can operate remotely? (Check the option that applies the most)

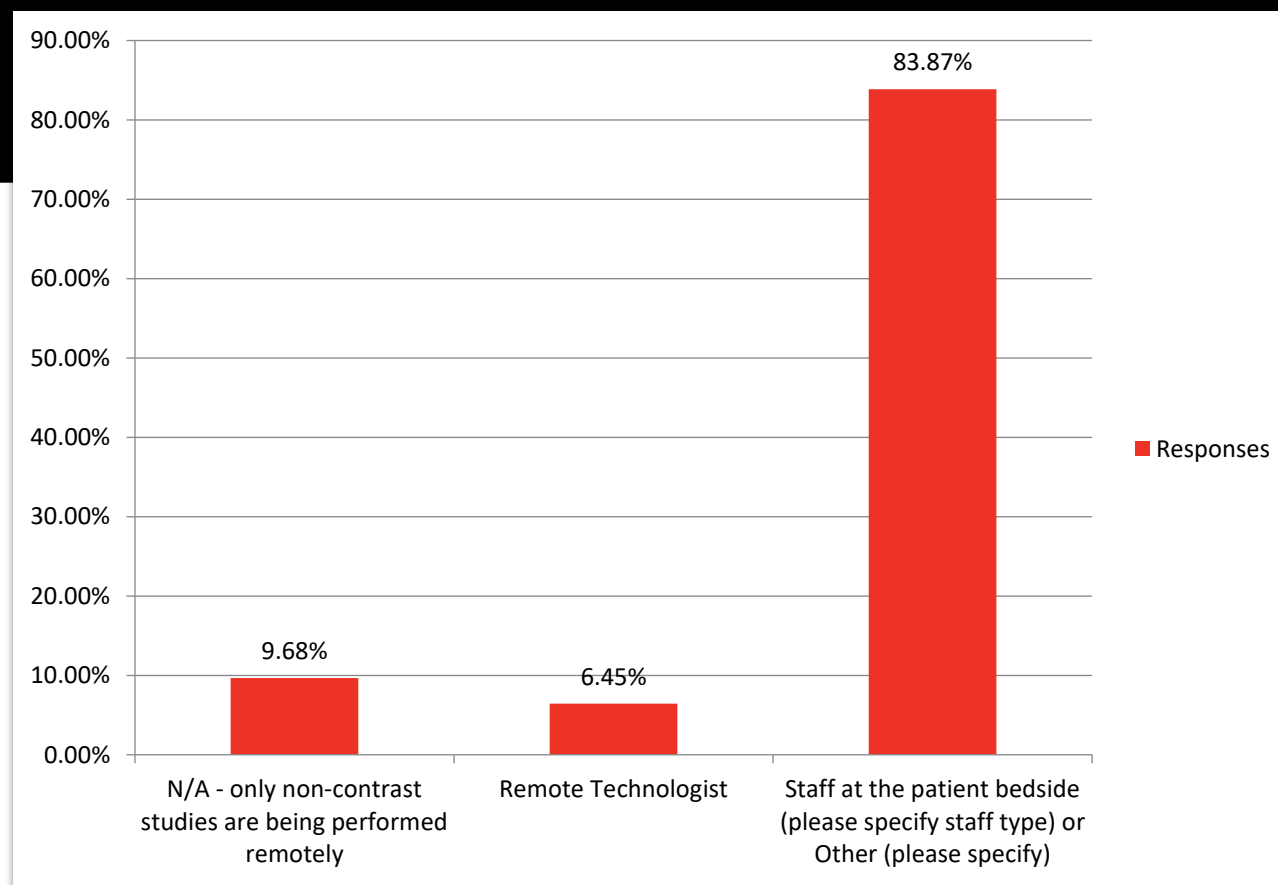

Answered: 31 | Skipped: 148

Question 38

Who will be responsible for contrast administration (pushing the contrast)?

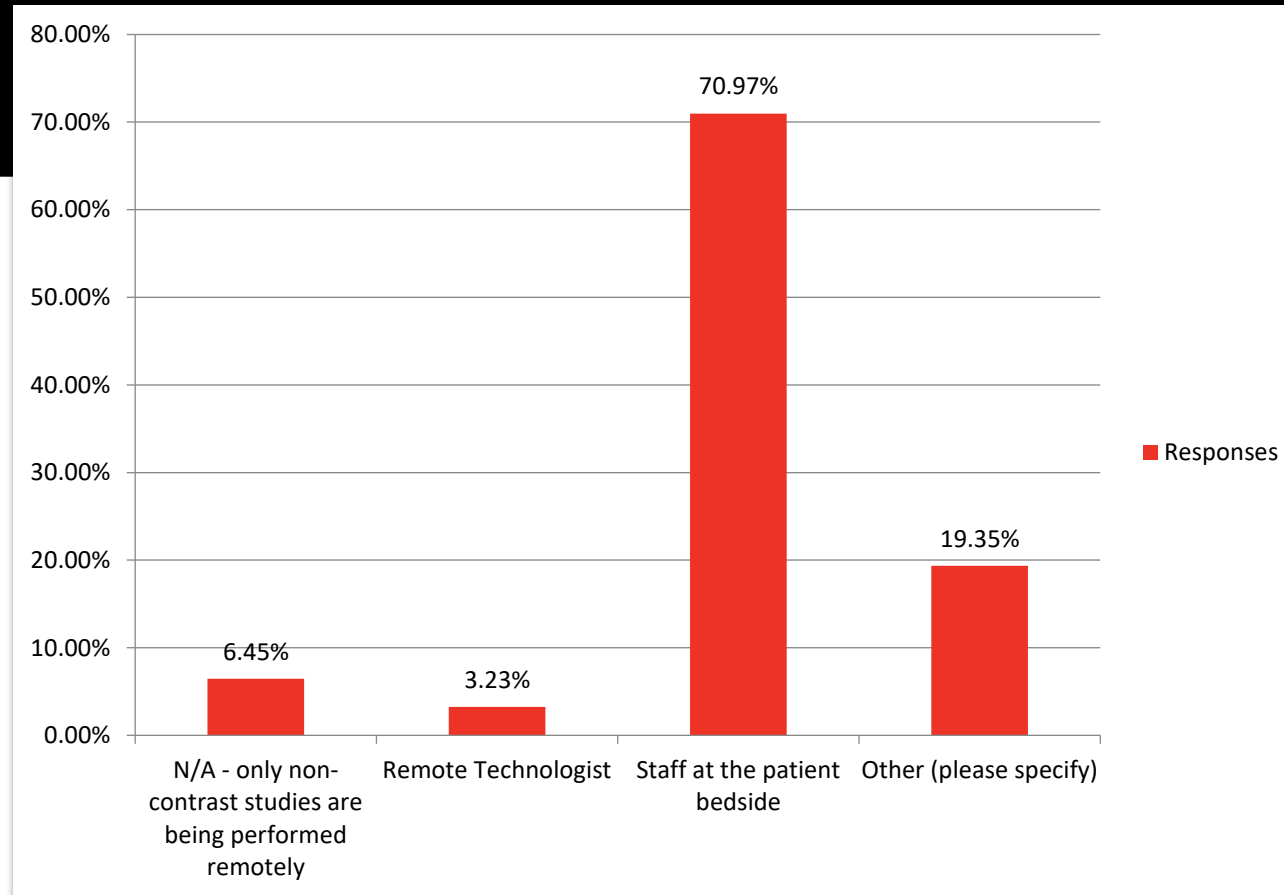

Answered: 31 | Skipped: 148

Question 39

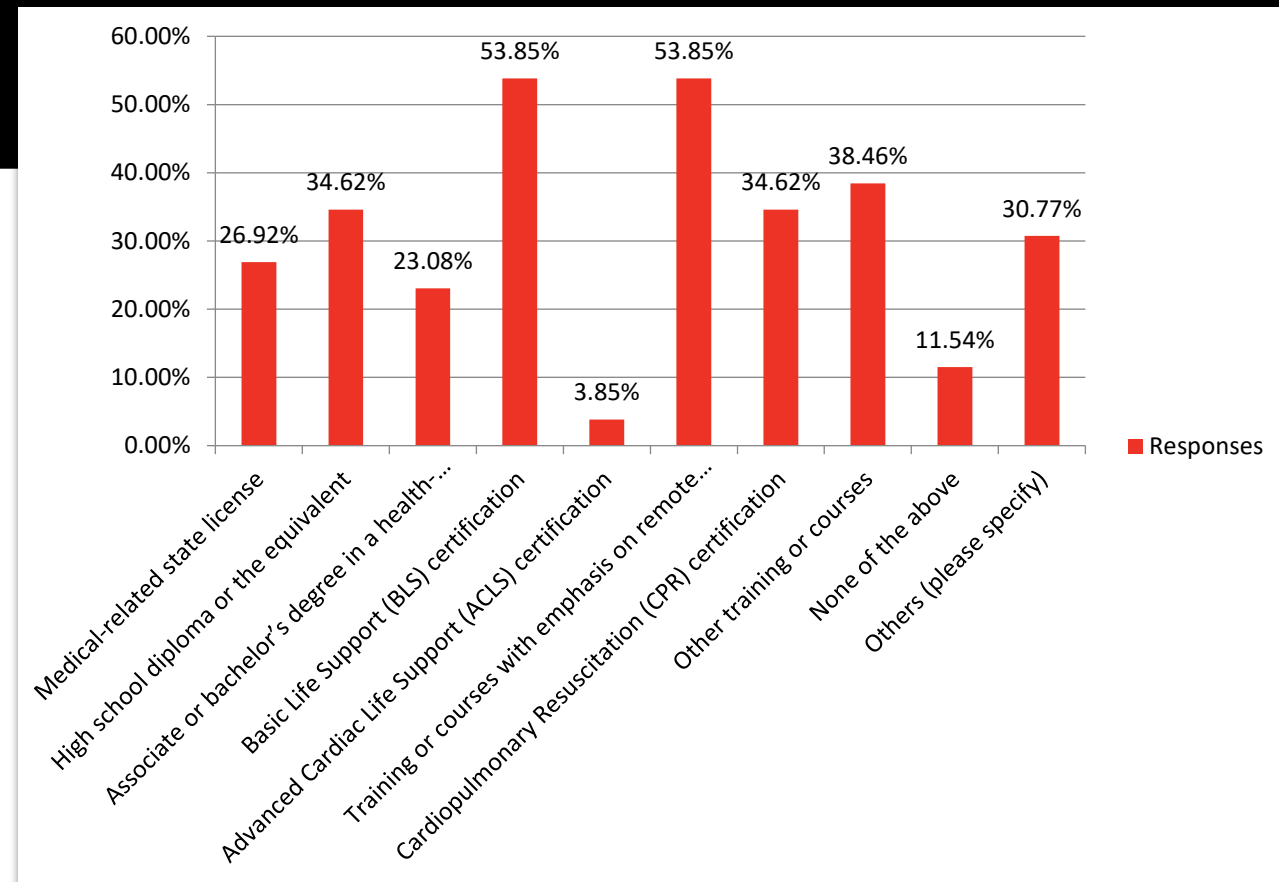

Besides the physician, who will be responsible for the management of adverse contrast reactions (infiltrations and allergic reactions)?

Answered: 31 | Skipped: 148

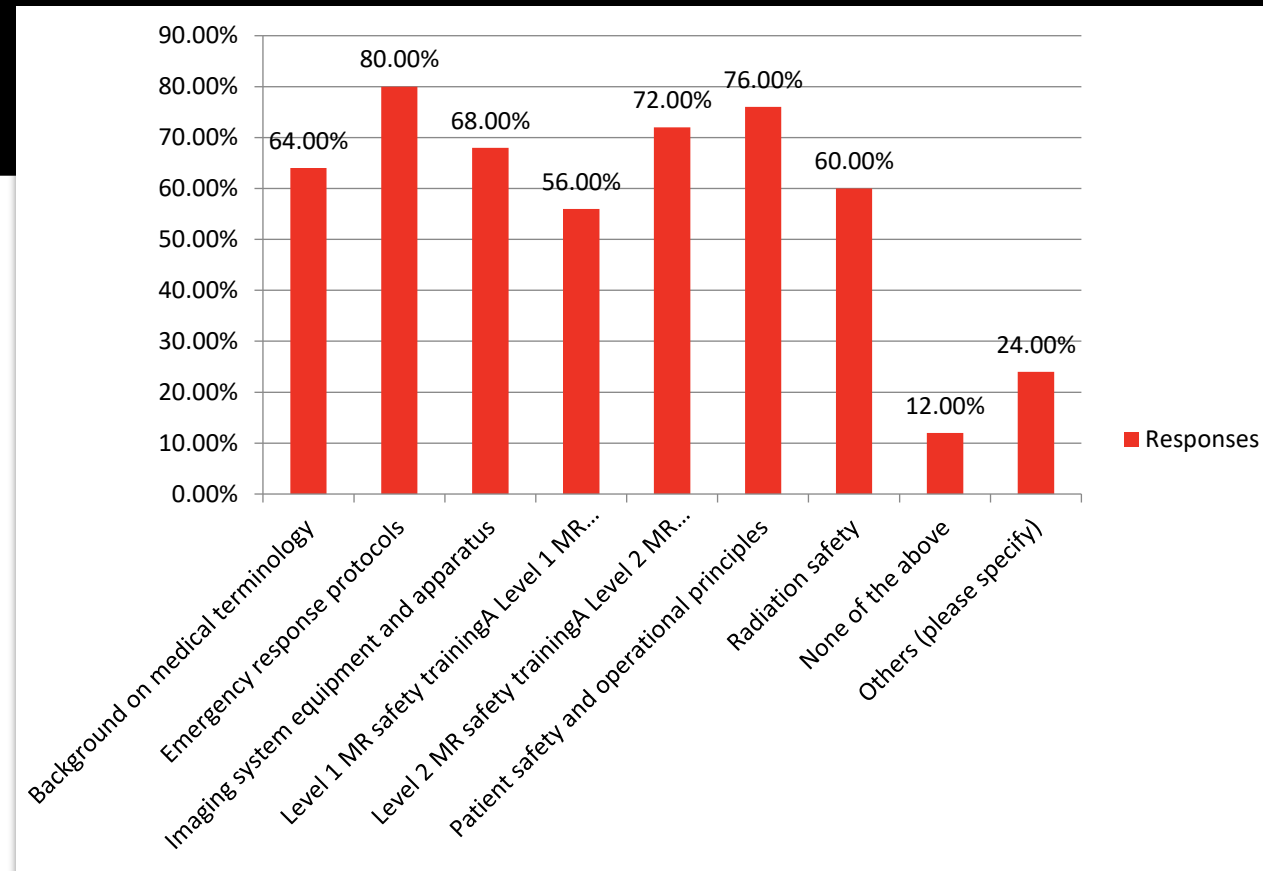

If your organization plans to use scanning assistants, what qualifications will they be required to have? (Check all that apply)

Answered: 26 | Skipped: 153

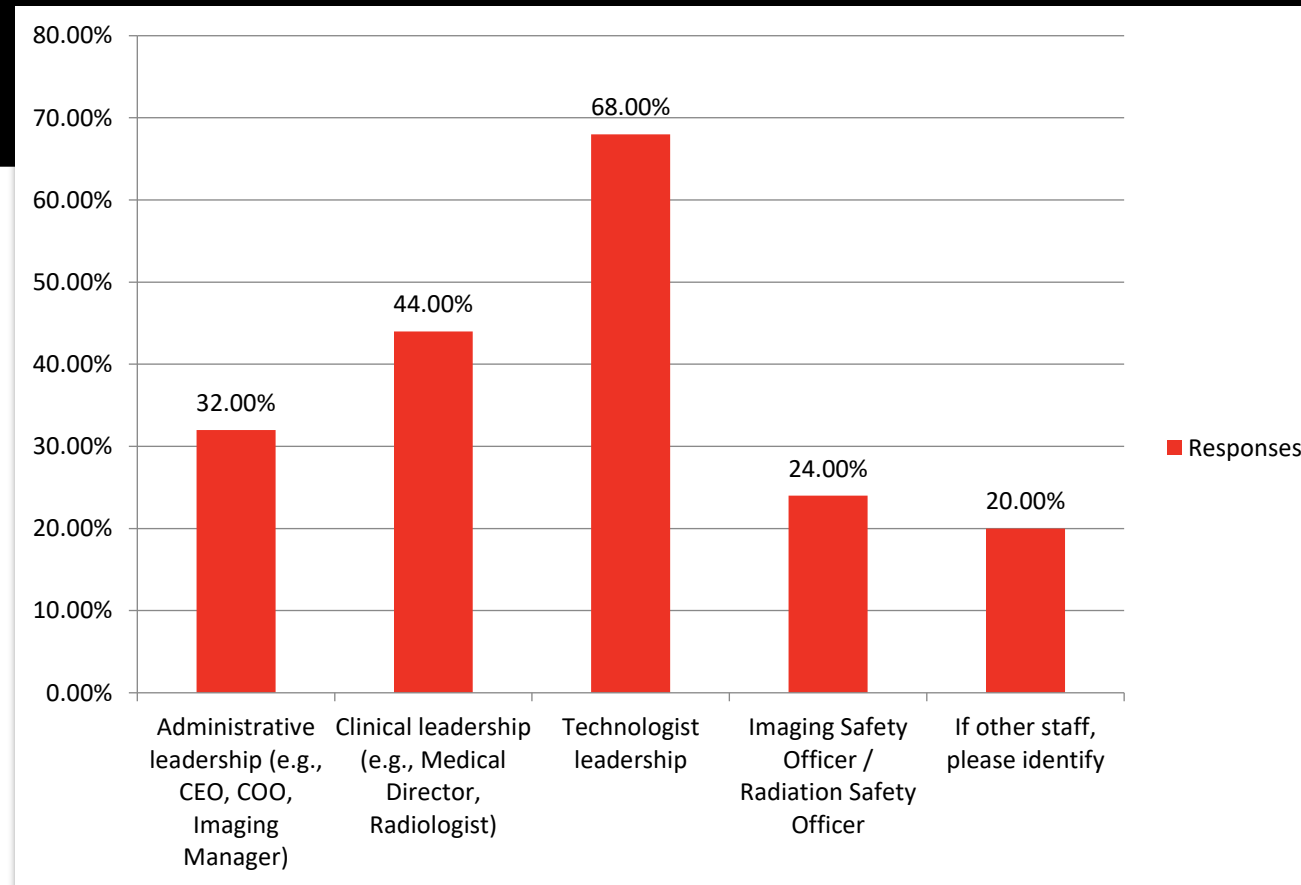

What type of training will you require scanning assistants (who are not certified technologists) to receive at your facility? (Check all that apply)

Answered: 25 | Skipped: 154

Who will supervise the scanning assistants? (Check all that apply)

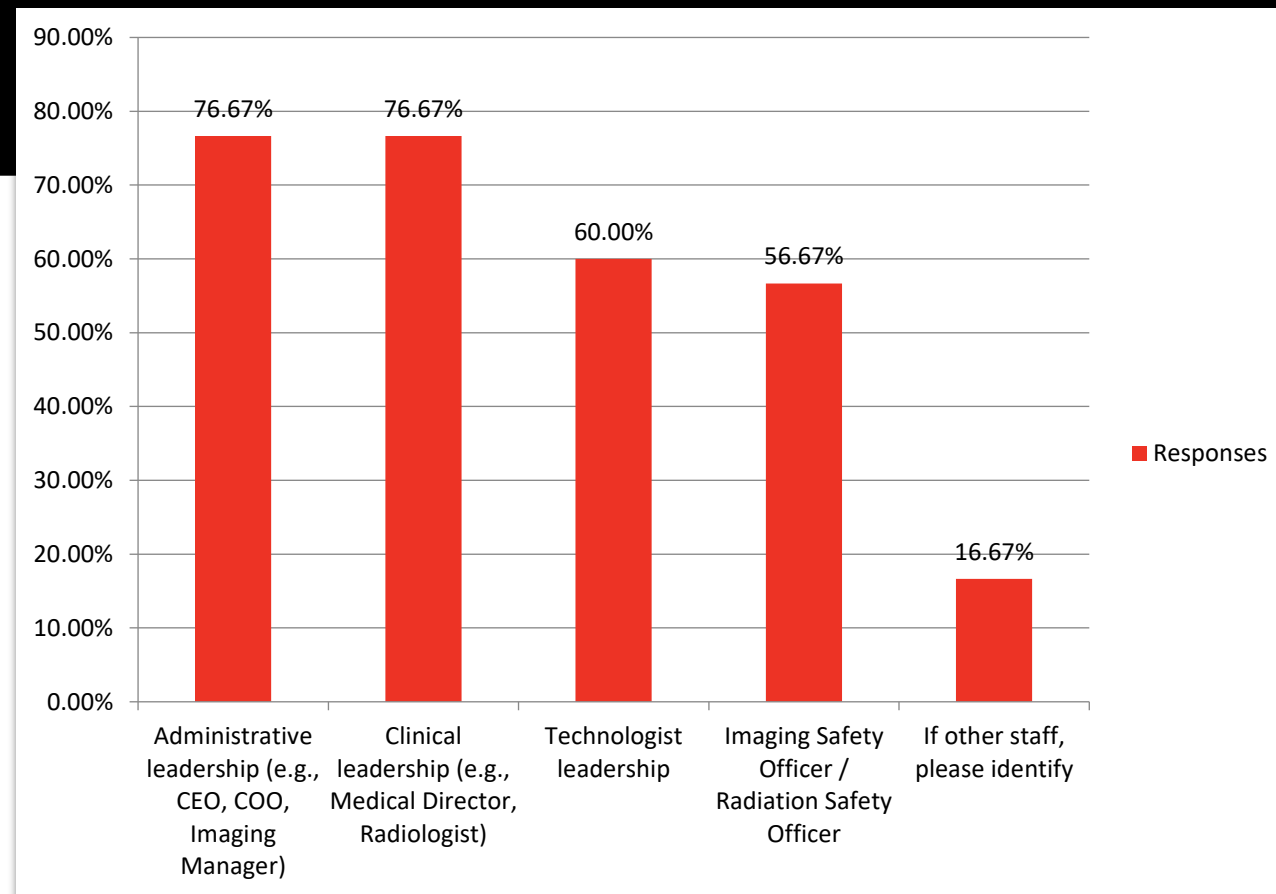

Answered: 25 | Skipped: 154

Question 43

Who will develop your imaging facility's remote scanning program? (Check all that apply)

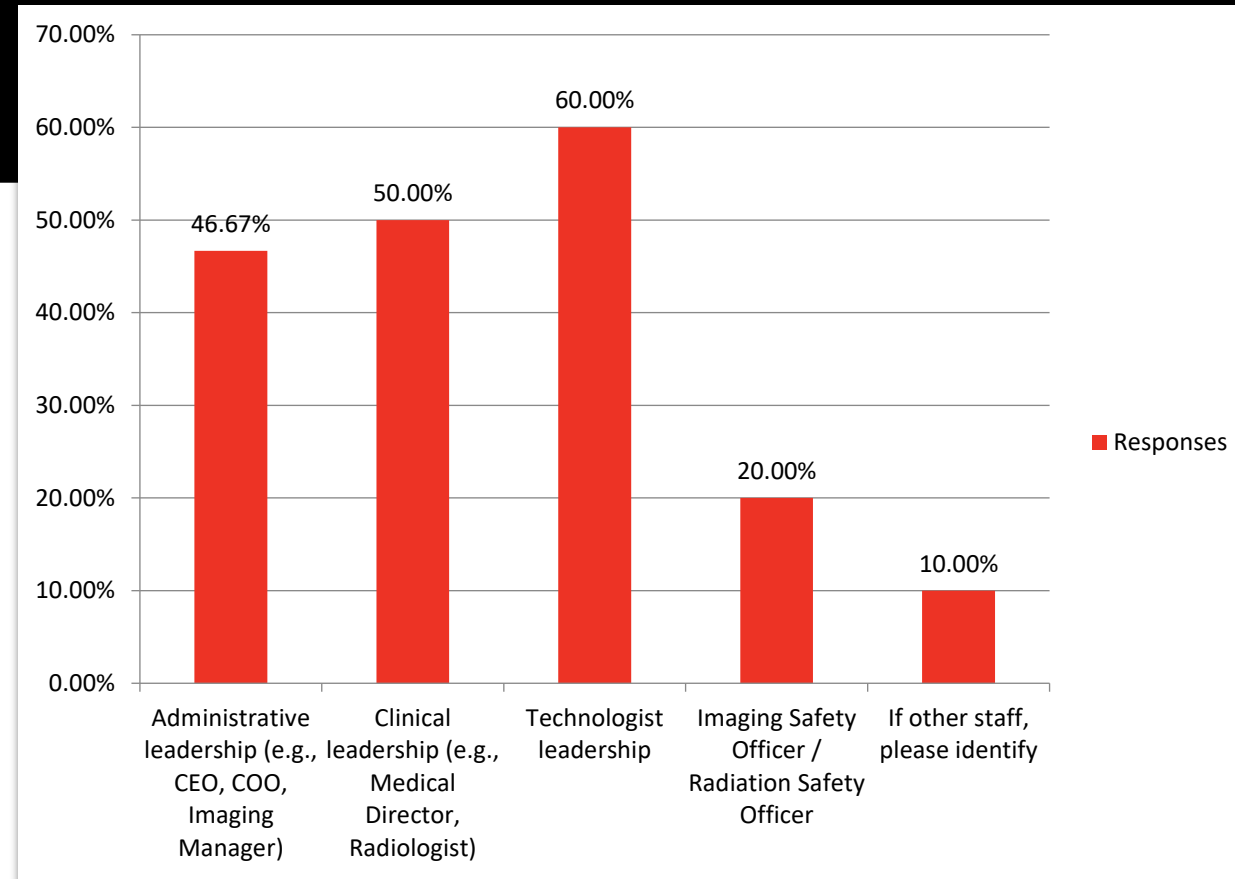

Answered: 30 | Skipped: 149

Question 44

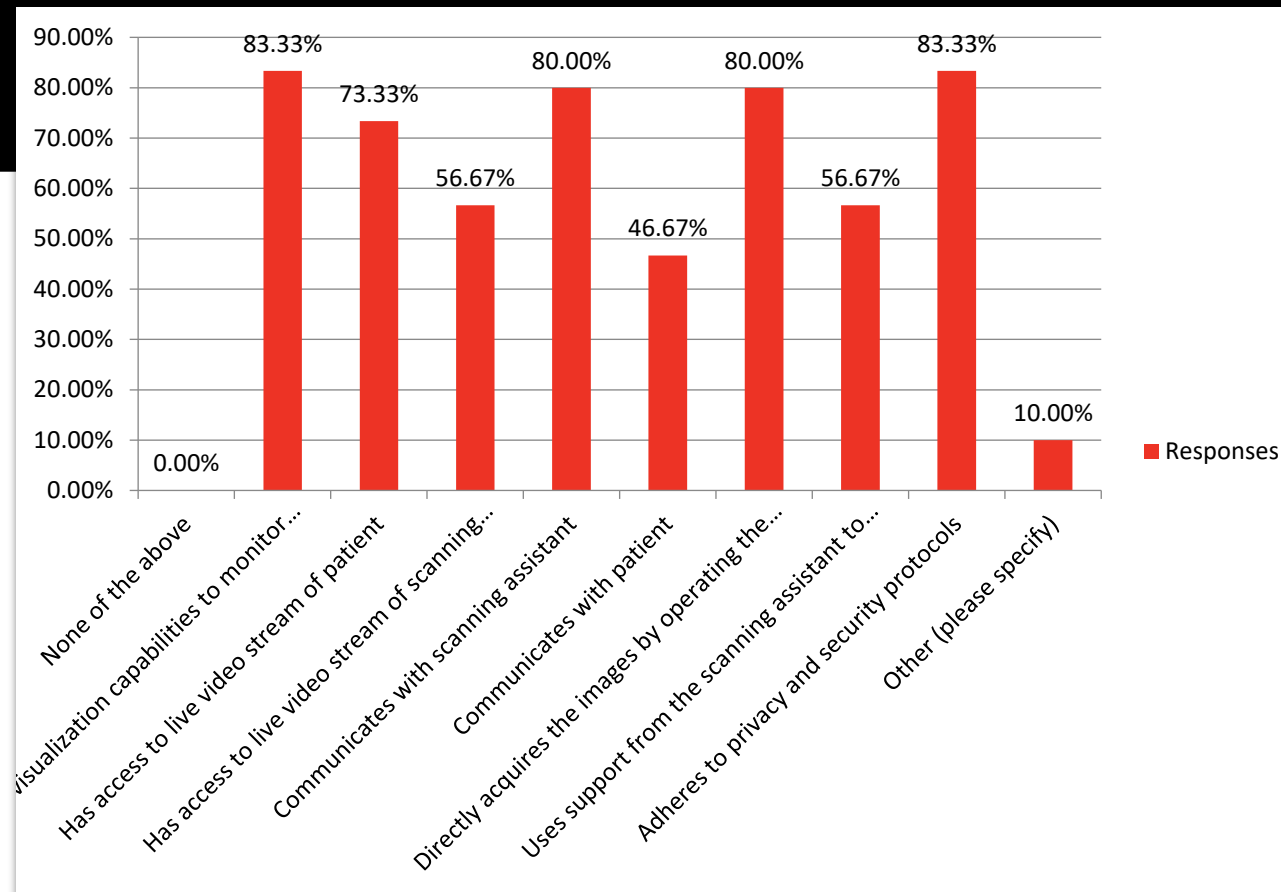

Who will supervise the remote scanning technologists? (Check all that apply)

Answered: 30 | Skipped: 149

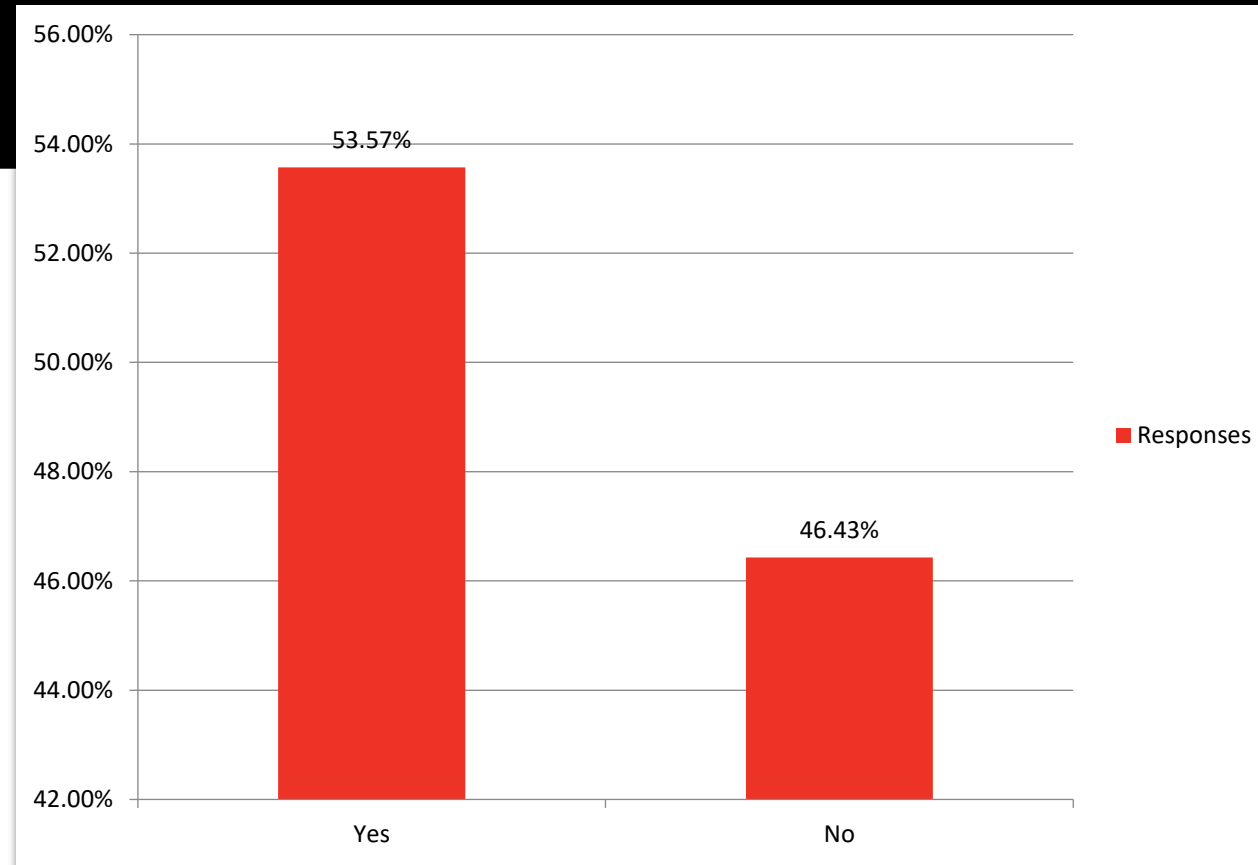

What will be the responsibilities and capabilities of the remote technologist while operating the imaging system? (Check all that apply)

Answered: 30 | Skipped: 149

Will your imaging facility have a back-up system if the connection is disrupted?

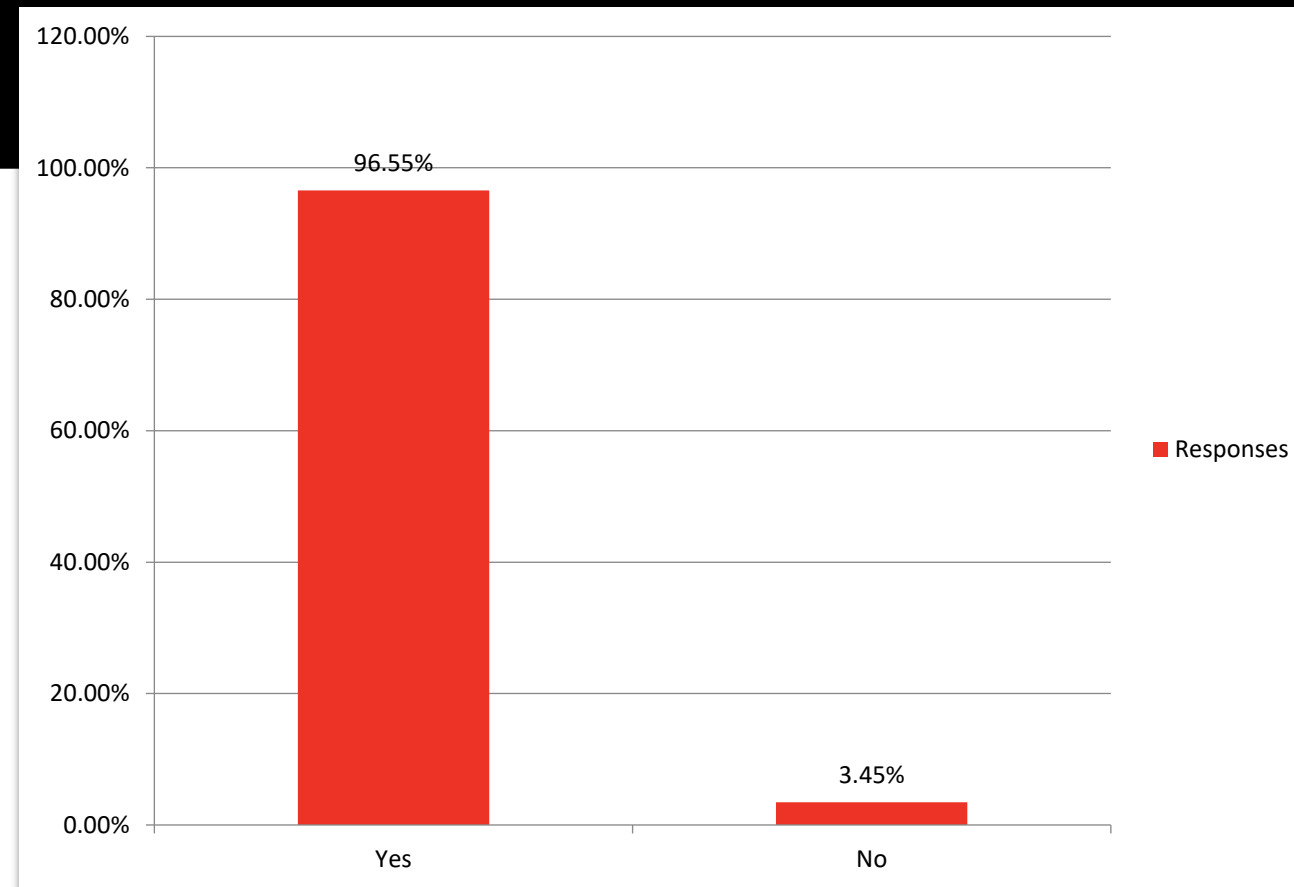

Answered: 28 | Skipped: 151

Question 47

Will your remote scanning program track outcomes?

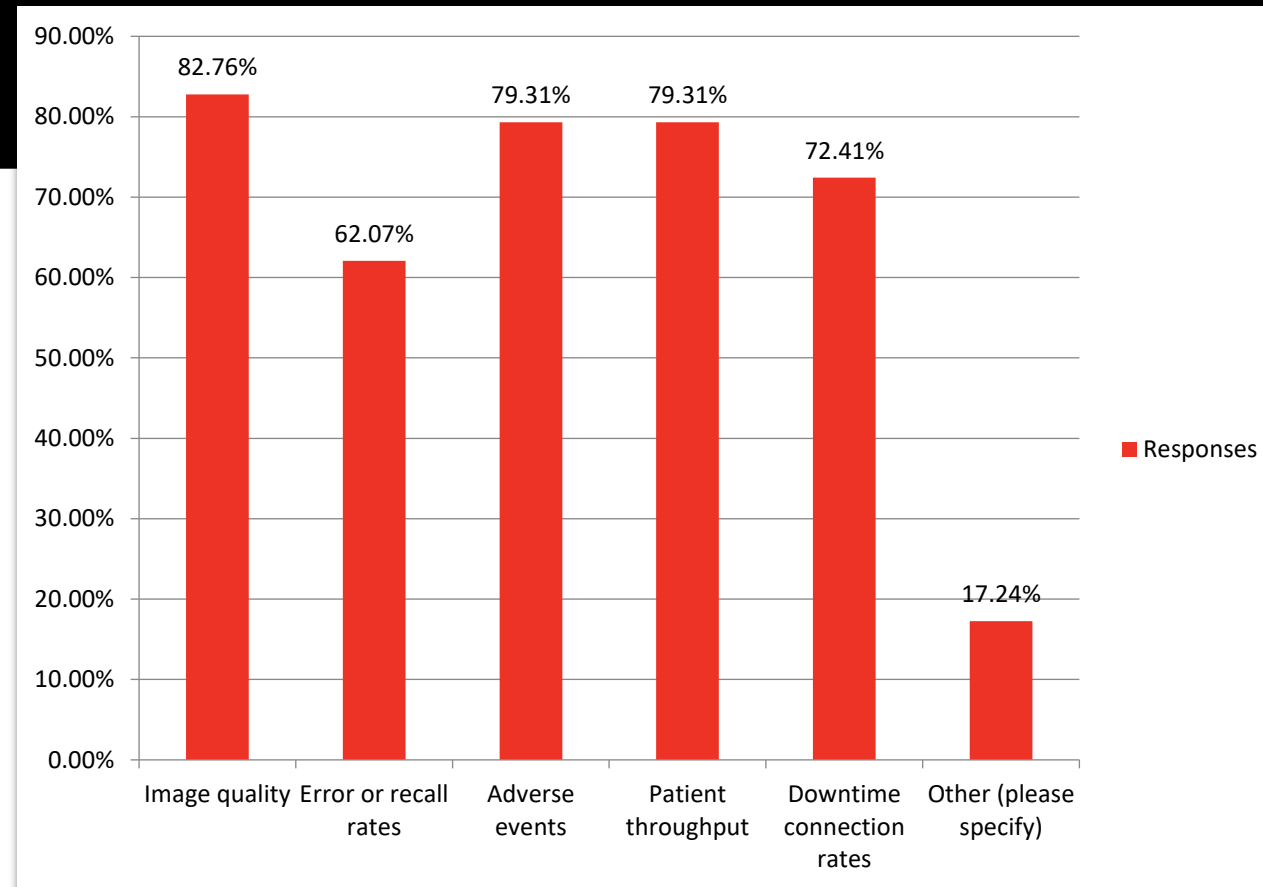

Answered: 29 | Skipped: 150

Question 48

If yes, which types of measures? (Check all that apply)

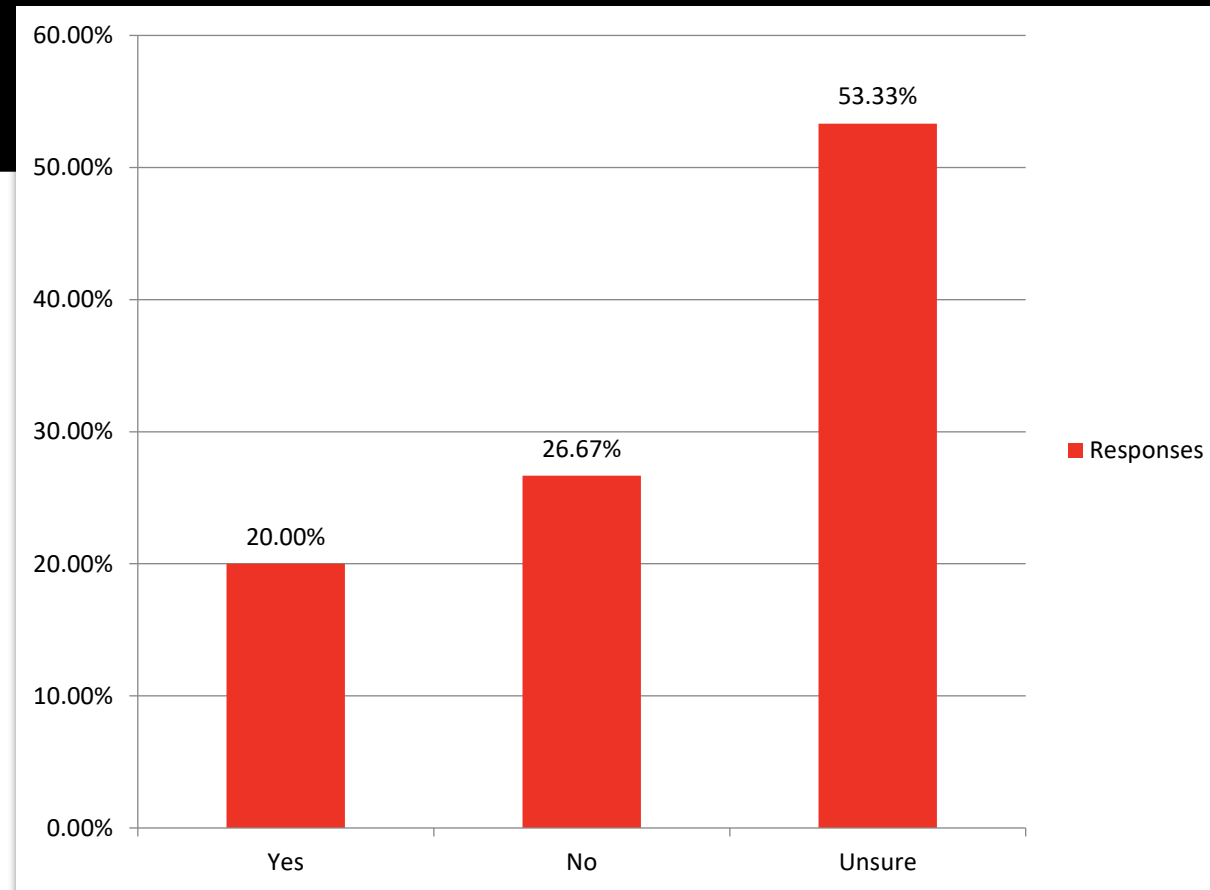

Answered: 29 | Skipped: 150

Question 49

Do you plan to inform patients they are being scanned by a remote technologist or that a remote technologist is participating in their care?

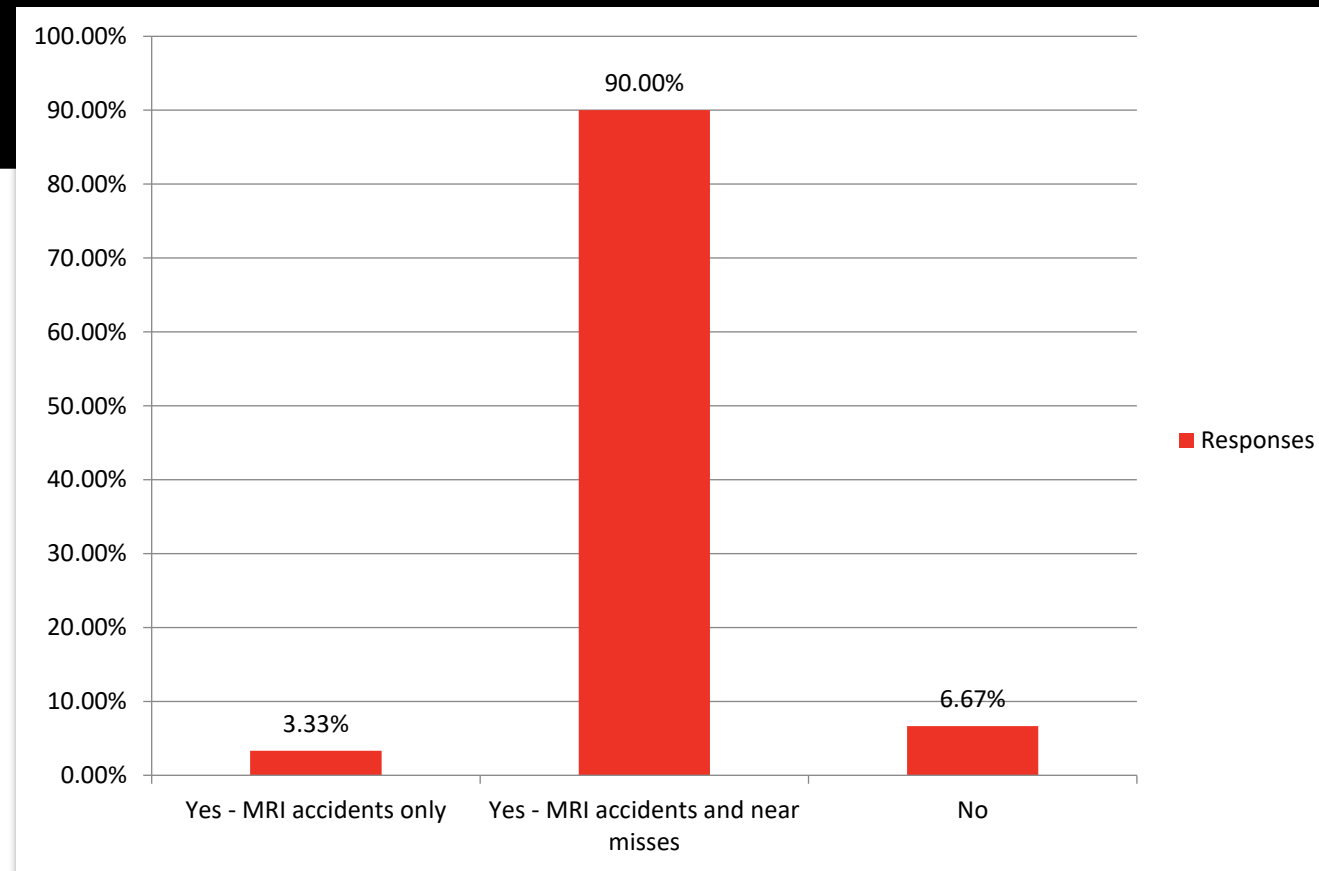

Answered: 30 | Skipped: 149

Question 50

Do you plan to specifically track remote scanning MRI accidents and/or near misses?

Answered: 30 | Skipped: 149

What are the primary reasons your organization does not plan on utilizing remote scanning? (select all that apply)

Answered: 94 | Skipped: 85
