COTE Mourns the Loss of Marsha Maytum, FAIA
By Kira Gould, Hon. AIA

She was an immensely generous designer, teacher, leader, mentor, and friend; she inspired many of us to be better, work harder, and think more expansively about what’s possible.

COTE Student Competition Deadlines Approaching

Is your alma mater or local school of architecture taking part? Help engage the next generation in holistic design excellence. The registration deadline is April 10; submissions are due June 5.
Learn more >

Learning from Peers

Learn directly from firms about how they do their AIA 2030 Commitment reporting in a series by the Sustainable Performance Institute for AIA:

- Small firms
- Medium firms
- Large firms

AIA24 in D.C. in June

Join COTE for the COTE Open Forum on June 6, “Climate Advocacy & Market Transformation,” with a special guest speaker and opportunities to engage with COTE community members from all over the country. We are compiling our COTE Guide to AIA24: if you are speaking on topics relevant to our community, please e-mail Kira Gould with the session title, number, date, time, speakers).

2030 Commitment reporting deadline is March 31.

The AIA 2030 Commitment team is hosting a series of open office hours. Pop in if you or any of your colleagues have any questions on reporting your projects.

How Milliken is addressing carbon emissions in the built environment

At Milliken, we stand FOR HUMANKIND in every decision we make. We stand for people, their health, the impact of healthier environments, and a healthy planet. And you can see that reflected throughout our floor covering portfolio. We are increasing our efforts and investments to identify sustainable pathways for our products and processes, so that you realize the impact in your own work.
