

**San Fernando Pacific
Executive Council Status Report (By E Mail)
20 July 2024**

Chairman's Report/Honors and Awards – Dean Miller

- We are still thinking of a field trip to the Reagan Library including Star Wars in the near future.
- We have two new members to the SFP Council, John Venson as membership and Lubos Brieda as Treasure. Melissa Onishi, as Treasure, has stepped down. We would like to thank her for doing a great job since 2019. Melissa prepared and submitted the section report for this year and briefed Lubos on the job required for the treasure. Lubos will open a new bank account for the section.
- We are looking for a speaker with a subject for our next event.
- Oleg Yakimenko, Director, and Jeff Puschell, Deputy Director, and Ken Lui, Chair of LA Section, suggested that it might be a good idea to merge the Los Angeles Section and the San Fernando Pacific Section. They thought it could help with the finances, expand the pool of members, and improve the quality of the sections. They said it's open for discussion. There hasn't been anything new on this effort lately.
- Here are the council members names and e-mails:

Student Branches

- University of California, San Fernando Valley, CSUN
- University Of Hawaii at Manoa

- 80 High School Students
- Total Section Population is 466.

Precollege Outreach/Web Site – Corinne Cho

The AIAA San Fernando Pacific Section, which represents the San Fernando Valley, Ventura County, and Hawaii, sponsors an annual essay scholarship contest for graduating high school seniors who plan on a career in a STEM field. We had eleven entries last year. They all received a certificate, and the top three winners received financial checks. We are working on the subject for next year's essay contest.

Unfinished Business

We're looking for new speakers/subjects and tours. We need to work on getting more members for the meetings and tours. The meetings with ASME and students are helping. The next status report is planned for August 2024.
