AIAA New England Honors & Awards - Futures in aerospace award

Eligibility Requirements
- Awarded to outstanding high school seniors who intend to pursue a curriculum in engineering or the physical or applied sciences pertinent to aerospace.
- An applicant must be either a dependent of a member of the New England Section of the AIAA or a resident of the counties or cities comprising the New England chapter.
- The Selection Committee will determine the winners of the scholarships on the basis of the following items:
  - An essay, no more than 1 page, 12 size font, double spacing, on the proposed area of study in engineering, physical science, or applied science and its relation to aerospace. The motivation for the choice, any special interests, and expected accomplishments should be stated.
  - Scholastic achievement as determined by high school GPA (converted to a scale 0.0 to 4.0).
  - A letter of recommendation by a high school faculty member with personal classroom knowledge of the applicant's abilities.
  - Potential for leadership as indicated by the applicant's record of extracurricular activities.

Scoring criteria
- Essay 40%
- GPA and scholastic achievements 20%
- Recommendation letter 20%
- Extracurricular activities 20%
