

Welcome! Get started with these easy steps.

1. Plug in

Connect one or more access points.

Note: You can power on the access point using a Power over Ethernet (PoE) switch or a power adapter.

2. Stand by

Wait until the light flashes green and amber.

3. Download app

The **Aruba Instant On** app is available on iOS and Android.

4. It's on!

Launch the app and follow the instructions to complete the setup.

0512125-01

Please turn over

5. Connect additional access points

Extend with cable

Better performance

OR

Extend over-the-air

More convenient

Launch the app, select the inventory tile, and click  to add more access points
