CALL FOR PAPERS: NEAIS 2025

The 7th Annual Conference of the New England Chapter of AIS

Conference Information:

- **Date**: Saturday, October 25, 2025
- **Location**: University of Massachusetts Boston, Boston, MA
- **Theme**: Grand Scholarly Challenges in the Age of AI
- **Website**: https://communities.aisnet.org/newenglandusachapter/events/neais25

The New England Chapter of the Association for Information Systems (NEAIS) is excited to invite submissions for its annual conference in 2025, to be held at the College of Management, University of Massachusetts Boston. In the past, this conference has attracted wide participation from AIS members both in the Northeastern region of United States and international and domestic scholars from other regions. Ph.D. students and junior faculty members are particularly welcome to join and share their research.

Important Dates:

Submission Deadline: ~~Friday, August 22, 2025~~ **(Extended to Friday, August 29, 2025)**

Decision to Authors: Friday, September 12, 2025

Camera Ready Copy Due: Friday, September 19, 2025

Conference Format and Registration:

The NEAIS 2025 conference format will be in-person only. University of Massachusetts Boston, as the conference site, is very conveniently located near the highway (Interstate 93), Boston's subway and commuter rail systems (the JFK/UMass station on the Red line) and Boston Logan airport (less than 10 miles away). Further transportation information can be found at https://www.umb.edu/admissions/visit/maps/.

Registration is required to attend, but there is no conference fee. The registration link will be available on the conference website at a later date. All conference participants must join the NEAIS chapter before or at the beginning of the conference. The NEAIS membership fee is $10 annually for AIS members but is waived for doctoral students and

Retired/Emeritus faculty. Instructions for NEAIS membership payment can be found at: https://communities.aisnet.org/newenglandusachapter/membershipdue

Submissions:

Please submit your paper via the EasyChair system using the following link: https://easychair.org/conferences?conf=neais2025

All papers must be original and not simultaneously submitted to another conference or journal. Submissions may be in the form of one or more of the following: completed research papers and research-in-progress papers.

Abstracts of accepted papers will appear in the electronic conference proceedings, available from AIS eLibrary. The authors retain the copyright to their work. At least one author must register for and present at the conference. High-quality submissions will be considered for two Best Paper awards, sharing $1,000 in total.

Submission Template:

Submissions should be in MS Word or PDF format. The submission template is linked at https://communities.aisnet.org/newenglandusachapter/events/neais25/call25.

Submission Types:

- Completed Research: Completed research papers should be no more than 2,500 words, including all materials and sections such as figures, tables, and references.
- Research-in-Progress: Research-in-progress proposals (extended abstracts) or a summary of tentative results of the study to date of 500-1000 words.

Potential Topics:

While we encourage paper submissions related to our conference theme, authors are invited to submit their completed research, research-in-progress, and panel proposals in any of the following areas (but not limited to):

* Accounting information systems

* Adoption and diffusion of IS/IT

* Artificial intelligence (AI) artifacts

* AI's business applications and impacts

* AI-generated content (AIGC)

* AI in teaching

* Business process (re)design and management

* Data management and analytics

* Data quality

* Data warehousing and decision support systems

* Design science

* Digital transformation

* E-business, e-commerce, and e-government

* Economics of IS/IT

* Ethical issues in IS

* IS education

* Global IS/IT outsourcing

* Green computing and sustainability

* Health informatics

* Information security, assurance, and privacy

* IT service management

* Knowledge management

* Large language models (LLM) and generative AI

* Research methods in IS/IT

* Sharing economy

* Social media and social commerce

* Socio-technical issues and social inclusion

* Strategic IS/IT management

* Systems development, user experience (UX), and usability

* Virtual communities and collaboration

* Other IS/IT topics of interest to the discipline

We look forward to receiving submissions to NEAIS 2025 and meeting you in Boston in October!

Contact:

Please email all questions about submissions to neaisconf@gmail.com and cc the program committee chair Dr. Kui Du at kui.du@umb.edu.
