LC's BIBFRAME Journey with FOLIO

Agenda

“Thin Thread”

Paul Frank

Cataloging Policy Specialist
Library of Congress

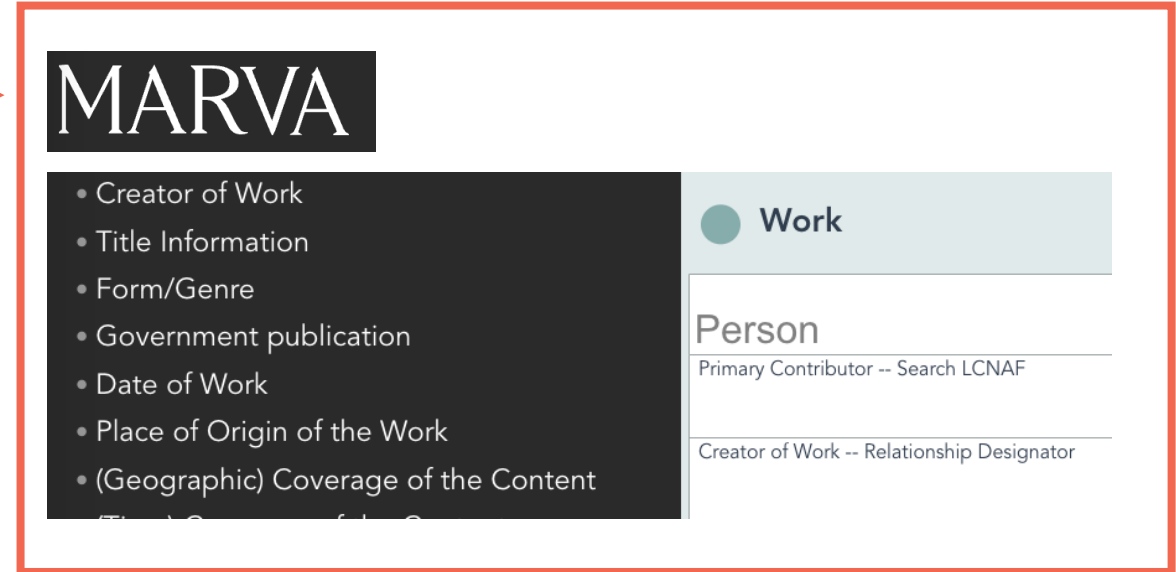

Moving forward

Doug Loynes

FOLIO Product Owner
EBSCO Information Services

Background

- Long history of BIBFRAME Pilot since 2014
- Extensive iterative work done on LC's BIBFRAME Editor, which is now known as **MARVA**
- LC chose EBSCO FOLIO in September 2022 to replace its legacy Voyager system
- The **MARVA** BIBFRAME editor will be built into the FOLIO module
- LC's FOLIO rollout will begin fall 2024 with acq; cataloging to follow in 2025

“Thin Thread”

- The pilot period was referred to as the “Thin Thread”
 - Minimal-level functionality | proof of concept
- Released to pilot libraries December 2023
- Integration of MARC and BIBFRAME descriptions – a new concept for LC and the impetus behind the data governance discussion that will follow

“Thin Thread”

- Paring back functionality in order to rebuild Marva as a FOLIO app
- Incorporating UX design feedback
- Basic level of interaction with Marva app
- Thin Thread [testing](#)
- Marva app

Focus

Building out functionality to support BIBFRAME
cataloging workflows

Moving forward ~ Beta | Sept

Focus

Interoperability with the FOLIO platform

- Dual cataloging workflows for BIBFRAME and MARC
- Data governance principles to enforce data integrity
- Synchronicity → catalogers aware of output of each workflow

Moving forward ~ Beta | Sept

Focus

Interoperability with the FOLIO platform

- Dual cataloging workflows for B3F and M&A and I&A/C
- Data governance principles to enforce data integrity
- Synchronicity → catalogers aware of output of each workflow

→ **“Transition Complications” with Jodi Williamschen & Nate Trail**

Moving forward ~ Production | Nov

Find existing resources through MARVA

- Built from transformation of historical collections

Create new cataloging resources in MARVA

- Copy cataloging workflows
- Original cataloging workflows

Inspect underlying links

- Visual tool integrated into MARVA editor to see more details about library's data graph

Complete last-mile cataloging in FOLIO

- For item- and holdings-level cataloging, catalogers will use FOLIO Inventory

Support patron discovery

- Cataloging done in MARVA will be synched in FOLIO Inventory
