OFF TO A GREAT START

Wow! What a great beginning to our first and historical NER/SER conference! Our General Session was efficient and informative. The presentation on the LHA (Ladies Hermitage Association) and President Andrew Jackson was truly fascinating. Jason Kajac, CEO and President of the Andrew Jackson Foundation was such an engaging speaker, and I would imagine many of us are now inspired to visit the Hermitage. Following lunch, the learning sessions offered many opportunities for us to pursue multiple interests whether they be Fraternity Ed or travel to Spokane, leadership and membership or officer help/hints. Whatever your need or interest, there was probably a learning session to appeal to you. We all are grateful to sisters who were willing to submit proposals and give of their time and energy to present such worthwhile sessions!
