

How to Find and Connect with Other Members

1. Click [here](#) or hover over the “Member Directory” link found in the main navigation bar and then select “Search the Directory.” A basic search allows you to search for other individual members based on
 - First and/or last name
 - Company/Institution name
2. The “[Advanced Search](#)” lets you search according to other characteristics, including:
 - Name
 - Location
 - Discipline (non-Physician Members only)
 - Primary and Secondary Specialty (Physician Member only)
 - Primary Role
 - Work Environment
3. When you’ve found the person you’re looking for, click their name and you’ll be taken to their profile page. From here, you can send them a message, download a contact card, or add them as a personal contact on MyAGSOnline.

Dr. Steven Counsell, MD, AGSF
