

Jonathan H. Talamo, MD

Dr. Jonathan Talamo is the Chief Medical Officer (CMO) and Worldwide Vice President of Medical and Clinical Affairs for Johnson and Johnson Vision. An internationally-known ophthalmologist with more than 25 years of experience, Dr. Talamo is recognized in the eye health community as a leader who is on the cutting edge of new innovation and someone who embraces technology to better serve patients and professionals.

Dr. Talamo joined Johnson & Johnson Vision from Ocular Therapeutix, Inc., a public bio-pharma company where he served as CMO. Prior to Ocular Therapeutix, Inc., he owned a highly successful private medical practice in the Boston area for almost 20 years, specializing in refractive surgery, cataract surgery, and corneal transplantation.

Active in research, professional societies and peer education, Dr. Talamo has lectured widely and has authored more than 80 original peer-reviewed publications, book chapters and two textbooks. He is a recipient of Honor and Senior Achievement awards from the American Academy of Ophthalmology.

Dr. Talamo received his B.A. and M.D. degrees from Johns Hopkins University followed by an internship in medicine at Children's Hospital/University of California at San Francisco, residency training at the Wilmer Ophthalmological Institute of The Johns Hopkins Hospital and fellowship training in Cornea and External diseases at Massachusetts Eye and Ear Infirmary (MEEI)/Harvard Medical School. He went on to serve as the first Director of Refractive Surgery Service at MEEI and has been a member of the Harvard Medical School faculty since 1990.
