

## **Alaska Chapter of ASA**

The 2012 Annual Meeting of the Alaska Chapter of the American Statistical Association will occur Wednesday-Friday, August 15-17. The meeting will be held at the University of Alaska Anchorage. A two-day short course will be presented by Don Stevens.

### **SHORT COURSE: Probability Sampling for Spatial Domains**

The course is oriented toward sampling environmental populations (lakes, rivers, streams, forests, wetlands, and the associated flora & fauna). It's focused on the approaches developed by Tony Olsen & Don Stevens within USEPA's EMAP program, but it covers spatial sampling in general.
