

The Alaska Chapter of the American Statistical Association provides a community for statistically-inclined people working in Alaska. Many of our members belong to the ASA, but chapter membership is not limited to ASA members. This website serves as both a communication tool for our membership and to the general public.

**From:** Bingham, Allen E (DFG)

**To:** <<AK ASA Members, and others>>

**Subject:** 2011 Annual Meeting of the AK Chapter of ASA, August 29-31, Juneau, AK

Dear fellow AK ASA Members, ASA staff, and other ASA contacts,

The dates have been set for 2011 annual meeting for the Alaska Chapter of the American Statistical Association. Our meeting this year will occur Monday-Wednesday, **August 29-31**. As most of you know from previous announcements the meeting will be held in **Juneau** this year.

Dr. Margaret Short, Department of Mathematics and Statistics at the University of Alaska Fairbanks has agreed to be our guest speaker and she will be putting on a short-course of approximately two days on the general topic of *spatial statistics*. The specific timing and topic areas for her course, etc. are still be worked out.

Sometime during the 3-day period for the meeting there will be time for talks by our members as well as anybody else who registers for the meeting, and as usual we'll have our annual business meeting as well.

Sarah Power our Chapter's President for 2011 is organizing this year's meeting. Sarah is currently quite busy serving in her new role as mother after a recent addition to her family in late January ---

--- so I'm serving as the communication point for the meeting for now --- so contact me with any questions, suggestions, etc. you might have about this year's meeting.

So mark your calendars!!!

Please feel free to pass this email along to colleagues that might be interested ... and who may not be members of the chapter.

Thanks-*Allen*
