

NEWSLETTER OF THE ALASKA CHAPTER OF THE
AMERICAN STATISTICAL ASSOCIATION

October 1, 1984

ANNUAL MEETING

This year's annual chapter meeting will be held on October 5th (that's right, this Friday) in conjunction with the Arctic Science Conference to be held at the Sheraton hotel in Anchorage. I apologize for the lateness of this notice, but I hope that this will reach people in the Anchorage area in time for them to make plans to get to the Sheraton for the day. We have an interesting program planned, including a business meeting, a demonstration and trial of several statistical packages on the IBM Personal Computer, a video taped lecture from ASA, and a paper session. Several chapter members from Fairbanks and Juneau have already made plans to attend, so we should have a good turnout. All activities will take place in room EB 305 of the Sheraton according to the following schedule.

9:00 am	Business Meeting
10:30 am	Statistical Software Workshop
noon	Group Lunch
1:30 pm	Paper Session (Hal Geiger and Steve Thompson)
2:30 pm	ASA Video Tape (An Historical View of non-Parametrics)

Don Marx has invited the group (and spouses) for a get together at his house in Eagle River at 7 pm on Friday evening. Don lives at 112 Sutwick Circle in the Eaglewood subdivision, near mile 2 of Eagle River road. More specific directions may be obtained from Don at the meeting.

BUSINESS MEETING

Several important items will be voted upon at the chapter business meeting. We will be voting on a proposal that the immediate past president of the chapter be an ex officio member of the Executive Board for one year. We will also elect a new president, vice president, and secretary/treasurer, as well as two additional members of the executive board. Membership and meetings coordinators and a newsletter editor will also be appointed. Anyone interested in participating in one of these capacities should make their desires known during the business meeting.

Other topics to be discussed at the meeting include Steve Thompson's draft letter to municipalities and state and federal agencies in the state to let them know of our chapter's existence and a discussion of the Alaska Statistics Conference, which has been proposed to take place early next year. We will also be discussing Bradley Efron's upcoming visit to Alaska.

DUES REMINDER

Annual dues are \$5 (\$1 student), payable at the annual meeting or soon thereafter. If it is impossible for you to attend the meeting in Anchorage, please send your dues to Don Marx.

UPCOMING MEETINGS

In mid-November our chapter will sponsor a session in the annual meeting of the Alaska Chapter of the American Fisheries Society to be held in Juneau. Hal Geiger is coordinating this program. Those interested in finding out more about this can talk to Hal in Anchorage on October 5 or get in touch with him at the Department of Fish and Game in Juneau at 465-4230.

AVAILABILITY OF STATISTICS JOURNALS IN ALASKA

Bob Sutherland provided the following detailed list of statistics journals available in Alaskan libraries. Libraries are abbreviated as ABFL - Auke Bay Fisheries Lab, AAES - Alaska Agricultural Experimental Station, DFGL - Dept. of Fish and Game Library (Juneau), FOR - Institute of Northern Forestry, FSL - Forestry Science Laboratory Library (Juneau), UAF - University of Alaska (Fairbanks) Rasmussen Library, ASL - Alaska State Library, AKAU - Anchorage Consortium Library (UAA, ACC, APU). Under call letters MF indicates microfilm.
