1999 ANNUAL SECTION REPORT

Section: Teaching Statistics in the Health Sciences

Submitted By: Daniel H. Freeman, Jr. Date: February 14, 2000

Number of Meetings held two

Number of Conference Calls None

Date(s) August 10, 1999 and August 11, 1999

Number Participating in Each Meeting: 8 at first meeting of Section Council, 35 at Section Business Meeting and Social Hour

Please summarize, briefly, major issues discussed and/or accomplishments:

We mainly discussed the lack of submissions to the section meetings. The major accomplishment is the reinvigorated newsletter. WE also have put together good sessions for continuing education.

Concerns/Problems:

Low paper submission rates in spite of good attendance.

Plans for Next Year:

More vigorous recruitment of papers.

Other Comments: None.
