

The American Statistical Association

San Francisco Bay Area Chapter

Since 1928

CALENDAR

NOV 28, 1990 WEDNESDAY Dan Weiner
"Practical Experimental Design Considerations for Pharmacokinetics"

DEC 13, 1990 THURSDAY Panel Discussion and Holiday Party
"Bay Area Statistics in the 1990s: How Are We Doing, Where Are We Going?"

JAN 24, 1991 THURSDAY Gordon Newall
"Practical Applications of Queueing Theory"

PRESIDENT'S MESSAGE

The Chapter would like to congratulate one of its members, Professor Jessica Utts, at the University of California at Davis. At the August meeting in Anaheim, she was elected as a Fellow of the American Statistical Association for contributions to research methodology in psychology and in robustness techniques, for excellence in teaching and consulting, and for outstanding service to the profession. Well done!

The ASA Committee on Fellows request the help of all statisticians in the nomination of new Fellows. If you wish to make a nomination, contact me for a nomination packet.

Nominations for national committees -- The national office of the ASA has asked for nominees for committee appointments. A list of committees appears in the January issue of Amstat News. If you are interested in serving on any national committee or on a specific committee, or would like to nominate someone else, please contact me. I will be glad to send the names to the national office, although there is no guarantee of ultimate appointment.

The Chapter officers are heartened by the higher than average turnout at the first three activities of the school year. We would like to continue seeing the "old faces" and hopefully many new ones.

Since this will be the last newsletter in 1990, the Chapter officers would like to take this opportunity to wish you and your loved ones a joyous holiday season and a happy and healthy 1991.

Kelvin K. Lee
Department of Veterans Affairs

JNSEL OF CHAPTERS REP.
Alvin D. Wiggins
(916) 752-7623

PRESIDENT
Kelvin K. Lee

PRESIDENT-ELECT
Dean H. Fearn
(415) 881-3435

VICE PRESIDENT
GENERAL APPLICATIONS PROGRAMS
Dave Kimble
(415) 823-9017

VICE PRESIDENT
BIOSTATISTICAL PROGRAMS
Mike Tarter
(415) 642-4601

TREASURER
Lenny Ayyanger
(415) 852-3080

SECRETARY
Rose Ray
(415) 688-7264

ASQC TASK GROUP REP.
Fred Khaniani
(408) 755

ASQC STATISTICAL TASK GROUP
Curtis Engelhard
(408) 765-9325

BIOSTATISTICS PROGRAM

SPEAKER: Dan Weiner, Ph.D,
Director, Biometry
Syntex Research

TOPIC: "Practical Experimental Design Considerations for
Pharmacokinetics"

This seminar will provide an overview of methods proposed for estimating sampling times for kinetic experiments. "Optimal" methods will be discussed., as well as sensitivity analysis. In addition, a new approach will be presented which is useful for comparing different designs, and for determining the impact of adding or removing collection times. Also discussed will be a strategy for determining sampling times when one is primarily interested in estimation of some function of the model parameters (such as area under the curve) rather than the model parameters themselves.

DATE: Nov 28, 1990 (Wednesday)
3:30 - 4:00 Coffee
4:00 Presentation

PLACE: University of California, San Francisco
Medical Sciences Room 214
513 Parnassus
San Francisco

PARKING: Public parking is available in the Millberry Union 500 Parnassus between Third Avenue and Hillway Avenue. See map below.

JOINT BIOSTATISTICS and GENERAL APPLICATIONS PROGRAM

PANEL DISCUSSION AND HOLIDAY PARTY

TOPIC: "Bay Area Statistics in the 1990s. How Are We Doing and Where Are We Going?"

CHAIRMAN: Professor Terry Speed, Department of Statistics, UCB

PANELISTS: Dr. Abraham Silvers, EPRI
Dr. Sidney J. Yakowitz, Univ. of Arizona
Loren Schoof, Pacific Bell
Dr. Dean Fearn, Cal State Hayward

DATE: December 13, 1990 (Thursday)
3:30 - 4:00 Coffee
4:00 Presentation

PLACE: University of California, Berkeley
Room 1011 Evans Hall

Following the panel discussion, there will be a cocktail party at the home of Professor Michael Tarter, 2717 Benvenue, Berkeley. Directions will be provided at the panel discussion. Please contact Mike Tarter at 642-4601 if you will attend.

=====

APPLICANT: M.Sc. with 6 years experience seeks full or part time employment as statistician or programmer. Experience in Speech recognition, image processing, network management. Familiar with BMDP, SPSS, Unix, C, Pascal, FORTRAN, VMS, TCP/IP. Contact Vivien (415)777-3255.
