

State of Data Science in Las Vegas

The NV Chapter of the American Statistical Association and the UNLV Dept. of Math. Sciences are proud to present the first ever “State of Data Science in Las Vegas” event. This community event aims to bring together Data Science professionals, students, enthusiasts, and aspirants.

If you’ve ever been curious about:

- Data Science and its business challenges
- Role of Data Science in today and tomorrow
- Related skills or a career in the field
- Functionality and management of teams

then come meet the leaders in the field.

Don’t just get to know about Data Science, learn it! Included in the registration is a hands-on **short course** on **“Databases for Data Scientists.”**
