2019 SIE
Speed Mentoring Breakfast

Location: *H-Capitol Ballroom 1*

Colorado Convention Center

Data & Time: *Monday July 29, 2019, 7:00 am – 8:15 am*

Mentors

Joyce Chang
Professor of Biostatistics
University of Pittsburgh

Research interests:
HIV/AIDS; Cognitive decline
among the elderly; Acute
illness; Liver transplantation;
Longitudinal Data Analysis;
Survival Analysis; Causal
Inference; Clinical trials

Yong Chen
Associate Professor of Biostatistics
University of Pennsylvania

Research interests:
Methods for Electronic Health
Records (EHR); Longitudinal Data
Analysis; Data integration;
Statistical Inference;
Pharmacovigilance

Li Chien Cheung
Staff Scientist
Biostatistics Branch, NCI

Research interests:
Quantitative approaches to applied
epidemiology, screening, and cancer
prevention; Methods for risk estimation
and measures for evaluating prediction
performance.

Jing Huang
Assistant Professor of Biostatistics
University of Pennsylvania

Research interests:
Nutrition and inflammatory bowel
disease; Pediatrics;
Pharmacoepidemiology;
Longitudinal Data Analysis;
Measurement Error

Mentors

Rebecca Hubbard
Associate Professor of Biostatistics
University of Pennsylvania

Research interests:
Cancer epidemiology; Aging & dementia;
Pharmacoepidemiology;
Longitudinal Data Analysis

Hormuzd Katki
Senior Investigator
Biostatistics Branch, NCI

Research interests:
Risk-based cancer screening, in particular for lung cancer and cervical cancer; Individualized risk modeling, screening, imaging, evaluating biomarkers for clinical use

Michael Kosorok
Professor and Chair of Biostatistics
University of North Carolina at Chapel Hill

Research interests:
Asthma; Cancer; Cystic fibrosis; Type 1 diabetes; Machine learning; Precision medicine

MinJae Lee
Associate Professor
McGovern Medical School at UTHealth

Research interests:
Quantile regression for handling missing or censored data due to limits of detection; Imputation methods; Interactive modeling; Semi-parametric test methods; Longitudinal Data Analysis

Mentors

Alexander McLain
Associate Professor
University of South Carolina

Research interests:
Maternal and child health;
Nutrition; Neuroimaging;
Longitudinal Data Analysis;
Survival Analysis

Sujata Patil
Associate Attending Biostatistician
MSKCC

Research interests:
Cancer; Quality of life;
Longitudinal Data Analysis;
Survival Analysis; Study
design

Limin Peng
Professor of Biostatistics and Bioinformatics
Emory University

Research interests:
Diabetes research; Cystic Fibrosis;
Cancer; Longitudinal Data
Analysis; Survival Analysis; Causal
Inference

Dylan Small
Professor of Statistics
The Wharton School
University of Pennsylvania

Research interests:
Public health; Malaria; Gun
violence; Effects of youth sports
participation; Causal Inference

Mentors

Sijian Wang
Associate Professor of Statistics
Institute for Quantitative Biomedicine
Rutgers University

Research interests:
Precision medicine; Proteomics;
Cancer genomics; Causal
Inference

Grace Yi
Professor
University of Western Ontario

Research interests:
Image data; Cancer research;
Longitudinal Data Analysis;
Survival Analysis; Measurement
error; Missing data; Machine
learning

Mentees

Tania Alarcon Falconi
Adjunct faculty
Tufts University

Lin-Na Chou
Biostatistician
University of Texas Medical Branch

Ju Ji
PhD student
Iowa State University

Marlena Bannick
Post-Bachelor Fellow
Institute for Health Metrics and Evaluation
MS Student, incoming PhD Candidate
UW Department of Biostatistics

Irina Degtiar
PhD student
Harvard University

Yunyun Jiang
Assistant Research Professor
The George Washington University

Sharon Caslin
Evaluation Fellow
Centers for Disease Control and Prevention

Khadi Diop
Analyst/Grad Student

Wasiur Khuda Bukhsh
Postdoc
Mathematical Biosciences Institute
The Ohio State University

Di Chang
Biostatistician
University of Arkansas for Medical Sciences

Soutik Ghosal
Postdoctoral Fellow
NICHD, NIH

Debamita Kundu
Student
University of Louisville

Mentees

Yang Liu
PhD student
The George Washington University

Subrata Paul
Graduate Assistant
CU Denver

Brian Williamson
PhD Candidate
University of Washington Department of Biostatistics

Cuellar Maria
Assistant Professor
Criminology Department
University of Pennsylvania

Jiayi Tong
PhD Student
University of Pennsylvania

Stella Zhao
University of Colorado Denver

Andy Ni
Assistant Professor
Ohio State University

Diane Uschner
Assistant Research Professor
The George Washington University, School of Public Health

Christina M.M. Nurse
Biostatistician Manager
Shire

Emileigh Willems
PhD Student
University of Colorado Denver
