The Section on Statistics in Epidemiology (SIE) of the ASA grants annual Young Investigator Awards to new researchers for the best papers in statistics in epidemiology presented at JSM. Among the Young Investigator Award winners, the Breslow Award further recognizes the top paper.

The section is proud to present the 2020 Young Investigator Awards to the following individuals:

• Jonathan Fintzi, Biostaistics, National Institute of Allergy and Infectious Diseases **(Breslow Award Winner)**
• Xiaoxuan Cai, Biostatistics, Yale University
• Matteo Bonvini, Statistics, Carnegie Mellon University
• Glen McGee, Biostatistics, Harvard University
• Peter Cohen, Operations Research, Massachusetts Institute of Technology
• Ming Tang, Biostatistics, University of Michigan

The section would like to thank all those who participated in the Young Investigator Awards competition for their high-quality contributions. An awards ceremony will be held at this year's JSM in Philadelphia in recognition of the awardees. The location and time of the awards ceremony will be announced on the section's website and in the JSM program.
