**Conference Highlights**  
The focus of this conference is to create a forum to discuss patient centered approaches as they relate to relationships, technology and value.  
Outcome: To enable the nurse to increase knowledge on the patient experience and interface with HIT across the healthcare continuum.  
Target Audience: All professional nurses, informatics clinicians and students.  
Overall Program Objective: Discuss the patient-centered approach as it applies to informatics.  
Disclosure Statement: All planners and presenters at nursing continuing education activities are required to disclose to the audience any significant financial relationships with the manufacturer[s] of any commercial products, goods or services. Such disclosures will be made in writing in the course presentation materials.

**Accreditation**  
This activity has been submitted to the American Society of PeriAnesthesia Nurses for approval to award contact hours. The American Society of PeriAnesthesia Nurses is accredited as an approver of nursing continuing professional development by the American Nurses Credentialing Center’s Commission on Accreditation.  
  
For more information regarding contact hours, please contact the Nurse Planner: Fran Cornelius, PhD, MSN, RN-BC, CNE at fc28@drexel.edu
