OUR MISSION

THE MISSION OF GDV-ANIA IS TO SUPPORT AND ENHANCE THE ROLE OF THE NURSES INVOLVED IN PLANNING, IMPLEMENTATION, AND INTEGRATION OF INFORMATION TECHNOLOGY TO IMPROVE HEALTH CARE.

GREATER DELAWARE VALLEY ANIA SPRING NETWORKING EVENT

Our GDV-ANIA Spring Event was a success. The event was held at Abington – Jefferson Health on the evening of May 16th. We had attendees from a variety of companies which allowed for great networking. There was lively discussion throughout the evening.

Dr. Jonathan Sternlieb presented the topic 'What Is and What Isn't Ideal Communication - the Relationship with Change and Adoption'. Dr. Sternlieb is the Associate CMIO for Jefferson Health and is a gastroenterologist at Abington – Jefferson Health. He spoke of the need for there to be a sender and a receiver of a message, but also a channel for the message to be sent. It is important to select the proper channel to allow for the message to be most effective. Communication does not only mean that the message was sent, but that the received message was understood.

Dr. Sternlieb also spoke about how skillful communication can enhance

change by reducing uncertainty and anxiety about the new model. Communication is crucial in times of change. Per Dr. Sternlieb, nurse informaticists are leaders by nature, and our leadership qualities must be woven into our communication skills.

Lastly, Dr. Sternlieb reminded the attendees that listening is part of communication, so we must all improve our listening skills.

It was a wonderful evening spent with colleagues! We look forward to our next GDV-ANIA event.

GDV-ANIA 2018 Election!

Elections for the Treasurer and President positions happened this past Spring. Eileen D'Amico was re-elected and will continue to provide her invaluable leadership as President of GDV-ANIA. Ingrid Hilghman was newly elected to the Treasurer role. Congratulations and welcome to Eileen and Ingrid! Turn the page to learn more about our new Treasurer.

INTRODUCING INGRID HILGHMAN DNP, RN, CPST, CCE

Ingrid Hilghman was recently elected to the treasurer position of GDV-ANIA. Ingrid is on faculty at Jefferson College of Nursing at Thomas Jefferson University. In her role, she is an assistant professor and the program director for the Master's-level Nursing Informatics (NI) track. She has lived in Delaware County since 2012 but still thinks of herself as a Jersey Girl. Ingrid lives with her husband, teenage son and two dogs.

Ingrid has a BS in Nursing from Thomas Jefferson University, a MS in Nursing in Nursing Informatics, also from Thomas Jefferson University. Earlier this year, she earned a Doctorate in Nursing Practice from Quinnipiac University.

Ingrid started her career in the neonatal intensive care nursery before moving into a professional development specialist position as a nurse informaticist. She began as an adjunct for the college before taking on the fulltime faculty role as nursing informatics coordinator.

Ingrid has taught graduate courses to undergraduate and graduate level nursing students including introduction NI, finance management, ethics/issues/trends, project management and the NI practicum clinical courses. Ingrid is looking forward to working with everyone in GDV-ANIA chapter and hopes one day that the term 'informatics' will be a household word! She is very excited to take on this new role!

EXECUTIVE BOARD UPDATE

Hope everyone is having a good summer, even though we've spent a good bit of it dodging the rain drops. The Board has taken on a couple of new projects and revived an old one. As Mary Louise DeMarco leaves the Board, her last gift to GDV-ANIA is completing the 501c3 application which will make us both a charitable and non-profit organization. This will allow donations to be tax deductible.

Another new adventure we've undertaken is the Silent Auction being held at the Fall Conference. We are actively looking for donations of items to be auctioned. Keep an eye out in your email for more information. Last but not least, the Board will be updating our bylaws to keep up with the changes we are making.

I look forward to seeing everyone at the Conference on September 21st!

Eileen D'Amico BSN, RN-BC
