

EHR Downtime

World Cafe

Let's Do this —>

DISCLOSURES

Author

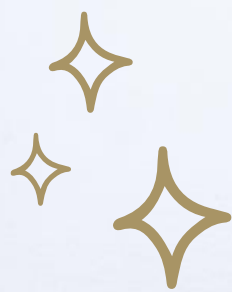

Grace Baldauf, MSN, RN, NI-BC
Medical City Healthcare

Conflict of Interest

None to Disclose

Commercial Interest

None

OBJECTIVES

One

Identify Key Challenges

Participants will be able to identify and articulate the key challenges and risks associated with EHR downtime from multiple perspectives, including clinical, technical and administrative

Two

Analyze the Impact

Participants will analyze the impact of EHR downtime on patient safety, care quality, and healthcare operations, drawing on real-world examples and shared experiences

Three

Generate Innovate Solutions

Participants will collaborate to generate innovate, practical solutions to minimize the impact of EHR downtime and improve the resilience of healthcare systems

WORLD CAFE

01

Come Together

The World cafe consists of several rounds of conversation, each lasting 20 minutes

02

Switch

After each round, rotate to a new table with a new group of attendees

03

Focus

Each table has a specific set of questions, please take notes and solve the problems on the table
