## Call for Applications

### IM Division Junior Faculty Consortium

**Application deadline: Monday, 6<sup>th</sup> June 2022**

**Co-chairs: Elizabeth Rose and Irina Surdu-Nardella**

The International Management (IM) Division will hold its annual Junior Faculty Consortium (JFC), during this year's Academy of Management Meeting in Seattle. This all-day, in-person event will take place on **Sunday, 7<sup>th</sup> August 2022** (specific timing details will be updated as the meeting program is developed). Places in the JFC are limited; the **application deadline is 6<sup>th</sup> June 2022**.

The JFC is designed for junior colleagues who have defended their PhD thesis within the past five years, and are facing the challenges of building a successful academic career in the field of International Management. It will provide a unique opportunity for junior faculty to engage in conversation – regarding key issues such as career progression, research, publishing, teaching, and service – with leaders in our field from around the world. The faculty panel for the JFC includes a mix of distinguished senior and mid-career academics, who will offer their insights and advice on these important issues, reflecting their broad experience as scholars, teachers, editors and editorial board members, and administrators. Through a combination of structured panels, round-table discussions, and informal interactions, we will tackle questions such as the risks and opportunities of choosing a career in IM; obtaining tenure/confirmation; building a scholarly reputation; developing a research/publishing strategy for greater impact on the field; and maintaining a healthy balance among research, teaching, and service. The JFC will conclude with a “Meet-the-Editors” session, which will provide an invaluable opportunity to hear directly from Editors of some of the leading journals in the IM field.

The 2022 IM Division JFC will be chaired by **Elizabeth Rose** (IIM Udaipur, India) and **Irina Surdu-Nardella** (U. of Warwick, UK). The panel is scheduled to include:
