IM Division Paper Development Workshop 2017

Felipe Monteiro
IM Division PDW Chair

The International Management Division will offer a **Paper Development Workshop** at the forthcoming Annual Meeting of the Academy of Management in Atlanta, Georgia on **Saturday, August 5, 2017** from **6.00 pm to 8.00 pm**.

The purpose of this PDW is to provide scholars with developmental feedback on their current research papers in the field of international management. The PDW is open to all scholars, but preference will be given to doctoral students and early career academics. While we hope that many of the participating papers will be eventually submitted to top journals that publish work in the field of international management, the purpose of the PDW is broader: to improve the quality of international management research by providing quality feedback, and to bring new scholars into the field.

Participants will have the opportunity to engage in a group discussion facilitated by one or more senior scholars familiar with the topic and/or methods used. Furthermore, senior faculty members will provide detailed feedback to authors, including suggestions on how to improve their papers. Please note that, to ensure a high quality of interaction, space will be limited.
