Message from Division Chair

We are all looking forward to seeing you at the AOM meeting to share interesting ideas and catch up with old friends at beautiful Vancouver! This year, we initiated several program changes. The “Meet-the-EC Breakfast” that used to be on Tuesday early morning is now repositioned as “IM Division PDW Welcome Breakfast” on Friday morning since a lot of members arrive early to attend PDW sessions. We also moved the “Thought Leadership Café” from early morning to the afternoon on Monday to attract more participants.

We have an exciting program lined up for the 2015 meeting, thanks to the tremendous efforts of PDW Chair, Aya Chacar and Jay Anand, Program Chair. The PDW program is bustling with developmental sessions related to teaching and scholarship, which are aimed at IM members at all stages of their careers. In terms of the scholarly program, we have lined up paper sessions and symposiums to stimulate intellectual discussion among our division members.

We are particularly grateful for our sponsors’ substantial support. These generous contributions help us encourage high quality IM research via various awards, and also enable the Division to offer an extensive set of networking events to benefit our membership. Our first award session will be on Sunday afternoon. Professor Marjorie Lyles, winner of the “PWC Strategy & Eminent Scholar Award” will speak about her research, followed by commentaries by Laszlo Tihanyi, Elizabeth Rose, and Art Kleiner to put Marjorie’s work into a broader perspective. Come join us at this award session and the reception right after it to congratulate Marjorie.

From Monday onwards, we have paper sessions that feature the Division’s various best paper awards’ finalists. This allows you to see these distinguished papers presented side-by-side. The China Europe International Business School (CEIBS) is the sponsor of our prestigious IM Division Best Paper Award — a “Best of the Best” award given to the strongest paper out of all division award categories. We welcome Northeastern University as our new sponsor for our best dissertation award. The Barry M. Richman Best Dissertation Award is renamed as “IM Division D’Amore -McKim School of Business, Northeastern University Award for the Best Dissertation in International Management”. The best dissertation award finalists will present their research in a session, just before our business meeting (Fairmont Waterfront Hotel, Mackenzie Room 1). Be sure to mark that on your agenda to hear what is sure to be the most cutting-edge research at the conference. After the best dissertation award session, stick around for our Division’s Business Meeting. We will announce all award winners, and update you on other Division business. Following that, you can dance the night away at our famous IM Division Gala at the Vancouver Art Gallery.

Finally, please join me in thanking IM members who have focused their attention and energy to build the IM Division over the past one and many years. Congratulations to Jennifer Spencer for completing five years of remarkable service on the Executive Committee! Welcome to Elizabeth Rose, the newest member of the Executive Committee! Thanks also to our dedicated committee members, and especially committee chairs, who work throughout the year to provide service to the division.

I look forward to seeing you all in August — at a walking tour, PDW breakfast, PDW workshop, scholarly session, business meeting, division gala, or just for a conversation in the hallway!

IM Division Professional Achievement Awards 2015

The IM Division is pleased to recognize two members of our division for their professional accomplishments in education and service to the global community.

The IM Division Outstanding Educator Award recognizes continuous excellence and innovation in teaching international management at all levels and in a global context. This year, the award winner is Professor Steve Weiss, York University.

The IM Division Outstanding Service to the Global Community Award recognizes continuous excellence in serving the international community. While the IM Division provides opportunities to serve the global community, this is not an award for service to our division. Rather, the award scope is sufficiently broad to recognize service made via many organizations including international institutions, governments, and/or Non-Governmental Organizations. The award favors longstanding service, but impactful service in a concentrated period of time will also be considered. This year, the award winner is Professor Sam (Seung Ho) Park, China Europe International Business School (CEIBS).

Both Professor Weiss and Professor Park will be recognized at our Division’s business meeting on Mon 6:15pm - 7:45pm at Fairmont Waterfront Hotel in Mackenzie Room 1. Please come and join us in recognizing them and congratulating them at the business meeting.
AOM 2015 IM Division PDW Program

The PDW program this year includes a range of exciting “tools” and “topical” sessions targeted at the general IM audience and faculty interested in learning about IM or publishing in IM journals. We also have a range of developmental workshops - which are by application only. Last but not least, we have MANY fun social events to keep us all entertained after the hard work.

On the tools side, we have a Teaching Workshop organized by the Teaching Committee on Friday (see pg. 7) for anyone interested in teaching International Management. We also have for the first time this year on Saturday three independent and short PDWs geared towards increasing the odds of succeeding as researchers, learning about cutting edge method techniques, and increasing the likelihood of publication – all manned by top researchers in the field.

On the topical side, we have numerous exciting sessions on a range of cutting edge topics and at the confluence of IM and the various disciplines (BPS, OB, OMT, TIM). The topics covered include Connectivity and Clusters, Cosmopolitanism, Cross Cultural Competence, Global Mindset and Leadership, Scientific Mindfulness, South Asian Leadership Perspectives, and Virtual Organizations.

We also have four PDWs aligned with the All Academy theme or at the confluence of Governance and Distance, Security, Institutions, and Small Family Firms in Asia. The PDW on Governance and Security is organized by the Corporate Outreach Committee (see pg. 7). It seeks to connect scholars and executives in order to improve the understanding of both on this topic.

We have full-day off-site PDW – by registration only on “Unleashing the Potential of Migrants, Diaspora, and the Boundaryless Workforce” organized by Mary-Yoko Brannen; U. of Victoria/ INSEAD; Terry Mughan; U. of Victoria; and Rosalie L. Tung; Simon Fraser U..

We have three consortia - which are by application only:
The Doctoral Student Consortium,
The Junior Faculty Consortium (for faculty without tenure), and
The Mid-Career Faculty Consortium (for faculty with tenure) (see pg. 8).

We also offer a Paper Development Workshop which is by application only.

Last but not least, we have several social events planned. We have a Friday morning Welcome Breakfast where you can come and meet other IM Division members and meet the IM Division Executive Committee Members.

Come join us for a walking tour on Friday afternoon with the best tour guide company in town to take us through the waterfront, Gastown, and the Olympic podium and back. See column on the right of this page for more details.

And to conclude the PDW in style, we have a PDW Reception on Saturday evening.

Make sure to join us! I look forward to seeing you in Vancouver.

Thanks to all who have contributed and helped to organize the PDWs, and especially Elitsa Banalieva and the Social Committee for their help in organizing our social activities.

Aya Chacar, PDW Chair

Opening Governance in an Unstable & Insecure World Governance and Insecurity

Date: Friday, Aug 7
Time: 9:00am - 12:00pm
Venue: Simon Fraser University
Segal Graduate School of Business
500 Granville Street

Global corporations confront multiple, sometimes conflicting, pressures. For instance, they face increasing pressure to be responsive to a broader, and more geographically dispersed, collection of stakeholders demanding greater transparency. At the same time, concerns about information privacy and security are also on the rise. Given numerous data security breaches and a rising number of information leaks, corporations struggle with how to be both open and secure. This dilemma is exacerbated by a rapid rate of technological change that precludes any notion of a steady-state that would allow for a hardening of security.

Meanwhile, approaches to addressing this phenomenon appear to rely heavily on technological solutions, rather than shifts in perspective. This Corporate Outreach PDW will focus on connecting scholars and executives in order to improve the understanding of both.

Greetings IM Division Members!

The IM Division Social Committee was formed in January 2015 with the purpose to assist the IM Division Executive Committee on the social aspects of our division’s AOM meeting program.

For this year’s AOM annual meeting, we planned the IM Division Gala which is quite a big task. We hope that you will love it. We also ordered great food for the PDW Welcome Breakfast; PDW Reception; Mid-Career, Junior Faculty, and Doctoral Student Consortia; and PWC Strategy & Eminent Scholar Award Reception. Vancouver is quite an expensive city and we definitely hope that the great food and drinks will facilitate networking and mentoring activities among our division members at the conference.

Feel free to contact any one of us for questions and suggestions:
