APIC 2025 Recap

From June 15 - 18, 2025, our very own Phoenix, AZ hosted the [2025 APIC national conference](#). The conference welcomed industry professionals from across the globe for four days to expand their knowledge in areas related to infection prevention.

To those who volunteered during the week, the conference planning committee members shared many thanks for taking the time to help other navigate their way around the conference.

As a reminder to those who attended, don't forget to complete session evaluations to receive credit for IPUs needed for recertification. And if there was something you missed, all sessions and other presentations should be available on demand to view.
