

TB Meningitis:

A Diagnosis Not to Miss!

Presented by
Helene M. Calvet, MD, Medical Director, TB Controller

Description

This presentation will cover the epidemiology of TB in CA and Orange County; the clinical, radiographic and laboratory findings suggestive of TB meningitis, and recommended intensified management of TB meningitis.

Learning Objectives

- Identify patient groups at epidemiologic risk for TB
- Describe the clinical presentation, radiographic and laboratory abnormalities suggestive of TB meningitis
- Discuss the limitations of diagnostic tools used for TB meningitis
- List the medications recommended in the intensified regimen for TB meningitis
