

Lori is committed to excellence and assisting healthcare organizations in providing the delivery of safe, quality patient care leading to optimal clinical outcomes and improved patient experience.

Lori Moore, MPH, BSN, RN, MSCE

CLINICAL EDUCATOR, HEALTHCARE

GOJO Industries, Inc., Akron, Ohio

Lori Moore joined GOJO in 2013 as a Clinical Application Specialist. In this position, she provided leadership and support to healthcare organizations as they implemented electronic compliance monitoring. She has been a trusted partner to hospital key stakeholders in the development, design, and implementation of hand hygiene improvement efforts. In January 2017, she transitioned to the role of Clinical Educator. Through this position, Lori provides clinical support and education to assist healthcare professionals on their journey to improve hand hygiene.

Lori's clinical background is in critical care, and she worked in the medical intensive care unit at the Cleveland Clinic Foundation for 10 years. Her passion for patient safety and quality of care sparked her interest in infection prevention, and she worked as an infection preventionist prior to joining GOJO.
