Infection Control Nurses Chapter Activates

We have continued to develop the major hospitals have an IPC program in place. We have several activities which create forums to share ideas and establish guidelines.

Last year we had a symposium in May that had 121 participants from hospitals within and around the capital city.

Presentaion during may 2018 symposium

ICNC also had a conference in September held in Kisumu city with a total of 163 participants from all counties in the country.

Some of the conference September 2018 participants

Hand hygiene dance during the conference 2018 by Nursing students

This year we had a symposium in May in Machako County it had a total of 144 participants from all counties in the country.

May Symposium 2019

The ICNC conference is scheduled for 12th and 13th September 2019 in Mombasa city.

The theme is **“Innovations and Priorities in Infection Prevention and Control (IPC)”**

Apart from these we have other activities at facility level such as a training on various aspects of IPC, within an increase in the hospitals participating in International Infection Control Week, Hand Hygiene Day

Institutional activities PPE use training February 2019

Your support has gone a long way in facilitating these forums.
