

KEEP GUESTS SAFE AND WILD!

Washable and Reusable Double-Layer Cotton Personal Masks with Elastic Ear Loops and Filter Pocket

- Made with high quality water repellent and antimicrobial treated materials to guard against degradation from microorganisms and control bacterial odors
- Researchers pick cotton for best performing non-medical mask material based on particle capture and breathability
- Cotton masks have been shown to reduce the rate of transmission of the virus by 70% if properly used

AVAILABLE IN TWO SIZES

YOUTH

YOUTH
MASK-C-1000s @ \$4.25
 5 1/4" x 3" folded; 5 1/4" x 4 3/4" unfolded
 (same size as youth surgical masks)
 Case Pak: 6

ADULT

ADULT
MASK-C-2000s @ \$4.75
 7 1/4" x 3 3/4" folded; 7 1/4" x 6 3/4" unfolded
 (1/2" wider than surgical masks to fit a wider face)
 Case Pak: 6

Min Order: \$100
 Payment Terms: 2% Net 10 or Net 30
 Availability: Approx Mid-June

FOR EVERY MASK PURCHASED 50¢ WILL BE DONATED TO SUPPORT THESE CONSERVATION GROUPS

Washable and Reusable Double-Layer Personal Masks with Filter Pocket

All New Materials: Outer Layer: Polyester-Cotton Blend, Inner Layer: 100% Cotton

Care Instructions: Always wash your hands first, the folded side of pleats should be down. Don't touch the fabric part of the mask. Use the ear loops or ties to secure your mask and to remove it. The coverage area should go from near the bridge of your nose to down under your chin and stretch about halfway or more toward your ears. Pull the ties and loops so that it fits as snugly as possible against your face.

Safely Sterilize/Clean: As per CDC a washing machine should suffice in properly washing a face covering, you can also go over it with a hot iron to eliminate any germs that might remain.

Washing Instructions: 100°F water machine washable. Dry low heat on short cycle, DO NOT USE chemicals like bleach or hydrogen peroxide (will begin to degrade the fabric fibers, making the mask less effective).

THANK YOU FOR SUPPORTING CONSERVATION
