

## September 2024 DPF Newsletter

Dear DPF members,

Please find below the monthly DPF newsletter for September 2024. This newsletter will be archived on the [DPF website](#). If you would like an announcement included in the October 2024 newsletter, to be sent out around mid-October, please contact the DPF Secretary/Treasurer. Please keep requests to 300 words and submit them by the **10th of the month** for consideration.

Tulika Bose, DPF Secretary/Treasurer, [tulika@hep.wisc.edu](mailto:tulika@hep.wisc.edu)

## **DPF election starting in October**

Dear DPF Members,

The election for the DPF Executive Committee will be initiated in October. You will, at that time, receive an email message that contains instructions for voting, and has a personalized link that you should follow to find your ballot. The message will be sent from the domain “directvote.net”. Please ensure that your spam filters are set to allow mail from directvote.net to avoid the message being sent to your spam folder.

When you receive the election notice from “directvote.net”, please click on the link provided or cut and paste the link into your browser to log onto the election website.

Voting in the DPF election is an important activity! Your participation in the election is very much appreciated, and we thank you very much for your support.

Sincerely,

Tulika Bose

DPF Secretary/Treasurer

## **Reminder: Mitsuyoshi Tanaka Dissertation Award in Experimental Particle Physics (Deadline: Sep 29, 2024)**

The Mitsuyoshi Tanaka Dissertation Award recognizes exceptional early-career scientists who have performed original doctoral thesis research of outstanding quality and achievement in the area of experimental particle physics. The annual award consists of \$2,500, a certificate, travel reimbursement up to \$1,500, and a registration waiver to receive the award and give an invited talk at the Meeting of the DPF Division of Particles and Fields (DPF), or a DPF session at the APS April Meeting.

Nominations will be accepted for any doctoral student studying at a college or university in the United States including their study-abroad programs, for dissertation research carried out in the field of experimental particle physics. The work to be considered must have been completed as part of the requirements for a doctoral degree. First time nominees for the 2025 award must have passed the Ph.D. thesis defense between September 1, 2023 and August 31, 2024.

A candidate may be renominated once for this award in the year following their original nomination. In this case a new nomination package must be submitted to the Committee, stating that the candidate had been nominated the previous year.

Nominees for and holders of APS Honors (prizes, awards, and fellowship) and official leadership positions are expected to meet standards of professional conduct and integrity as described in the [APS Ethics Guidelines](#). Violations of these standards may disqualify people from consideration or lead to revocation of honors or removal from office.

The membership of APS is diverse and global, and the nominees and recipients of APS Honors should reflect that diversity so that all are recognized for their impact on our community. Nominations of members belonging to groups traditionally underrepresented in physics, such as women, LGBT+ scientists, scientists who are Black, Indigenous, and people of color (BIPOC), disabled scientists, scientists from institutions with limited resources, and scientists from outside the United States, are especially encouraged.

For details on the nomination package and process, please see the award website:

<https://www.aps.org/programs/honors/prizes/tanaka.cfm>

The deadline for nominations is **Sept. 29, 2024**. Contact [honors@aps.org](mailto:honors@aps.org) with any questions.

## **Reminder: HEPAP Meeting Announcement**

The next HEPAP meeting will be held **December 5 and 6, 2024**. HEPAP would like to receive input from community members regarding topics that you would like to hear presented and discussed. Please send your suggestions to any member of the panel. The panel membership can be found at <https://science.osti.gov/hep/hepap/Members>).

## **2025 APS Meeting [Abstract submission deadline: Oct 18, 2024]**

For 2025, the APS “April” meeting will for the first time be held jointly with the APS “March” meeting, **16-21 March 2025**. It should be an exciting opportunity for APS members to both hear talks on the latest results in the areas covered by DPF, as well as the new and exciting results from every area of physics. The conference will be held in Anaheim CA, with separate, adjacent buildings for the “April” meeting and the “March” meeting. More information can be found at <https://www.aps.org/events/2025/joint-meeting>.

Note due to the complexity of the conference, along with the earlier date, the deadlines for submission of contributed abstracts is not far away. **The submission of contributed abstracts for the 12 minute talks starts 9 Sep and the deadline is 18 October.** You may wish to start to think now if you or a member of your group would like to submit an abstract.

Best,

Sarah Eno

Chair, program committee for DPF contributions to APS25

## **DIS2025: Cape Town, South Africa: 24-28 March 2025**

Dear Colleagues

We are happy to announce that the **XXXIII International Workshop on Deep Inelastic Scattering and Related Subjects (DIS2025)** will be organized from March 24th to March 28th 2025 in Cape Town, South Africa.

The conference encompasses a broad range of topics in high-energy physics, with a significant portion of the program dedicated to the latest theoretical developments and findings from major experiments at BNL, CERN, DESY, FNAL, JLab, KEK, and others.

The venue is the Lagoon Beach Hotel, <https://www.lagoonbeachhotel.co.za/>

The registration and abstract submission are now open at: <https://indico.cern.ch/event/1436959/>

Also, please note that the nomination period for the 2025 Guido Altarelli Award is also open: <https://academicjobsonline.org/ajo/jobs/27962>

Looking forward to seeing you in Cape Town,

The Organizing Committee,

Shimaa AbuZeid, Sokhna Bineta, Zinhle Buthelezi, Rajaa Cherkaoui, Hassnae El Jarrari, Latifa Elouadrhiri, William Horowitz, Deepak Kar, Mukesh Kumar, Fairouz Malek, Bruce Mellado (Chair), Benard Mulilo, Fred Olness, Yahya Tayalati, Maxim Titov
