Agenda and minutes

Discussion of role of DPF continues from February 13, 2010 meeting.

1. It was decided to explore organization of a public speakers group of order of 20 people and possibly use professional consultants to help organize the effort

2. It was decided that the DPF should produce a document that is a reflection of the state of the field every two years. The DPF meeting should serve as a forum to come to a consensus. The framework for the document and the organizational questions will be discussed by a smaller subgroup of the Executive committee on Feb. 15.
