

Minnesota's Disability Services System is at a Breaking Point

Please remember people with disabilities, their families, and the professionals who support them.

Funding: Disabilities services can't withstand additional cuts to vital services for Minnesota's most vulnerable

Fraud: We support program integrity efforts, but not at the cost of long-standing providers who provide vital services

Workforce: Over 30,000 positions remain unfilled, with a turnover rate of over 50%.

People with disabilities deserve better!

- Stable providers.
- Stable workforce.
- Stable funding.
- Reliable community services.
