Medicare-Certified ASCs in Texas

Ambulatory Surgery Centers (ASCs) Provide High-Quality Care

ASCs that serve Medicare patients must meet federal requirements to ensure patient safety and the quality of services.

ASCs Save Medicare Money

ASCs **save Medicare approximately \$7 billion a year**, according to a recent analysis by KNG Health Consulting, LLC. If current trends in Medicare outpatient surgery continue, procedures performed in ASCs rather than hospitals could **save Medicare \$73.4 billion** in the next ten years.
