Ambulatory Surgery Centers (ASCs) Provide High-Quality Care

ASCs that serve Medicare patients must meet federal requirements to ensure patient safety and the quality of services.

ASCs Save Medicare Money

ASCs **save Medicare more than \$5 billion a year**, according to a recent analysis by KNG Health Consulting, LLC. If current trends in Medicare outpatient surgery continue, procedures performed in ASCs rather than hospitals could **save Medicare \$84.8 billion** in the next ten years.
