WHAT IS AN ASC?
Ambulatory Surgery Centers—known as ASCs—are modern health care facilities focused on providing same-day surgical care, including diagnostic and preventive procedures. ASCs have transformed the outpatient experience for millions of Americans by providing a more convenient alternative to hospital-based outpatient procedures—and done so with a strong track record of quality care and positive patient outcomes.

WHAT IS ASCA?
The Ambulatory Surgery Center Association (ASCA) is the national membership association that represents ambulatory surgery centers (ASCs) and provides advocacy and resources to assist ASCs in delivering high quality, cost-effective ambulatory surgery to all of the patients they serve.

ASCA represents ambulatory surgery centers throughout the country. The ASC industry continues to grow with 5,997 Medicare-certified ASC facilities and more than 18,200 ORs across the country. ASCA Affiliates are invited to take advantage of the diverse marketing, advertising, exhibit and sponsorship opportunities ASCA has to offer to stay connected with the ambulatory surgery industry, in front of ASCA’s members and ahead of the competition.
WHY PARTNER WITH ASCA?

According to ASCA’s 2019 Member Survey, one of the top reasons for joining ASCA is for the educational resources and programs that help improve business operations and patient experience.

- Strategically showcase your products and services to the ASC market
- Gain access to the physicians, administrators, owners, materials managers, nursing directors and billing staff at ASCs of all types and sizes
- Reach key decision makers at ASCs across the country
- Stay in front of your current and future customers year-round
