

Updating Your Privacy Settings

You can control who can see any aspect of your Community profile by editing your Privacy Settings page. To access this page and update your settings:

1. **Sign into the ASHA Community (<https://community.asha.org/home>) using your ASHA.org account username and password**
2. **Click your photo/profile icon in the top right corner and select "Profile"**

3. **Select "My Account" and "Privacy Settings" from the dropdown menu**

4. **In the Privacy Settings page, you can use the dropdown fields to select who can view each item, including:**
 - **Members only**
 - **Your contacts**
 - **The public**
 - **Only you**
5. **You can also set your profile to be included in the Community Directory and in Community rosters by using the switch shown in the screenshot below. When set to “No,” you will appear as a “Hidden Member” in Community rosters (i.e., your name and image will not appear in the list of Community members)**

Privacy Settings

Your profile may be accessed through the member directory and community rosters. You have control over the information others see on your profile.

I would like to be included in the member directory and community rosters:

 Yes No
